THE HINZ MILL STARTED

ALL MACHINERY WORKING
ADIRABLY.

WILL MILL 2000 SACKS PER DAY

Has Enough Rough Rice Now on
Hand to Last Until
June 1901.

After many days of construction
and numerous delays, the Hinze mill
opened the throttle of their power
engine this morning at 11 o'clock
and the net work of pulleys, elevators
and belting over the five stories of
mill room glided off on their day and
might run for many months to come.

The two large ware houses, 130x208
and 50x208, are filled to the ceiling
with rice and about fifty cars scatter
ed around in the different railroad
yards. A sufficient quantity is now on
hands to keep the mill running night
and day until June, 1901, and a great
deal of rice yet to be put on the mar
ket.

To one not familiar with the mil
ling of rice the mysterious elevators
and chutes that the cereal passes
through before finally reaching the
automatic scales that dump out ex
actly 100 pounds—no more; no less;
of the polished article into bags, tech
nically known as pockets.

The rice is dumped into a large hop
per and from there it is automatical
ly carried by means of elevators
through four distinct processes and
sacked without further attention than
rolling the machinery.

The polishing machinery is the pri
vate patent of Mr. A. F. Hinz, the in
ventor, and owned exclusively by the
mill and is said to have many advan
tages over the old processes.

The Hinz Rice Milling company has
a capital stock of \$300,000. Mr. A. F.
Hinz, being the principal stockholder
and manager. The company's affairs
are ably managed by Mr. W. H. Hinz,
who is well versed in handling rice and
its machinery.

The mill covers a square feet
of ground and is one of the largest
in the state.

DELEGATES APPOINTED.

At a meeting of the Chamber of
Commerce yesterday afternoon at 5
o'clock the following delegates were
selected to attend the Industrial con
vention which convenes in New Or
leans, December 4 to 9:

Gustave A. Jahn of the Atlantic
Rice Milling company; H. Hinz of the
Hinz Rice Milling company; W. S.
Davidson, president of the First Nat
ional bank; J. E. Keith of the J. E.
Keith Lumber company; T. W. Shep
herd, secretary of the Chamber of
Commerce; T. H. Langham, county
tax collector; W. R. Blain, city attor
ney; W. F. Treadaway, attorney-at
law; and Captain E. I. Keefe of Jas
per; W. B. Dunlap, druggist; George
C. Greer, attorney; C. L. Nash and C.
T. Heisig, real estate dealers; Hal Al
drige and Mr. Long.

In the selection of delegates the
Chamber of Commerce were careful to
appoint only those that would attend
and it is confidently expected that
Beaumont and Jefferson county will
be well represented. Mayor Wheat
has also appointed a list as pub
lished in The Daily Enterprise a few days
ago, and possibly county Judge Geo. C.
O'Brien will appoint a few more from
different parts of the county. There
is yet good material in Beaumont and
some representative men should be
selected from Port Arthur, Sabine
Pass and other precincts, as we are all
alike interested in the development of
Southeast Texas.

The diversification of industries in
Jefferson county and the importance
of taking advantage of every oppor
tunity at this stage of their develop
ment makes it important that we con
sider the Industrial convention as
much our own as if it convened in
Beaumont.

NOTICE TO U. C. V'S.

All members of A. S. Johnston
camp No. 75 are requested to attend
the funeral of our late comrade, Cap
tain J. J. Wheat, tomorrow (Sunday)
morning at 10 o'clock.

W. E. Rogers,
Commander.
