

LOST STEAMER FREDDIE M.

Six Passengers Were Drowned, and the Survivors Arrive at New Orleans.

NEW ORLEANS, Oct. 16.—The City of Dallas, which arrived here from Belize, brought the surviving passengers of the lost steamer Freddie M. and full particulars of the accident.

The Freddie M., an American vessel, and the mail steamer for the northern district of British Honduras, capsized Thursday in Chetumal, or Esperito, Santo Bay, near the coast of Yucatan and about 12 miles from Corozal. She had 47 passengers and a crew of 11 aboard, when a heavy squall struck her and whirled her around and capsized her in about 15 feet of water. Part of the boat became detached by the accident, forming rafts on which the surviving passengers found safety.

The passengers and crew spent the night and all next day on these rafts, undergoing great suffering, and were rescued the next night, some of them in a thoroughly exhausted condition. It was then found that Mr. G. Bennefic of New Orleans, W. R. McDonald, N. Hudson, I. McCoy, Mrs. M. Rabeo of Belize, Mrs. Wordsworth of Orange Walk, son and daughter, and one of the crew named Toby had been drowned. The survivors were well cared for at Corozal. A large number who are Americans came to New Orleans on the City of Dallas.

CORPUS CHRISTI, Tex., Oct. 16.—County Attorney Givens decided there would be nothing illegal in the proposed entertainment to be given at Market Hall by Fitzsimmons and his party, so the house was packed by a large audience of ladies and gentlemen to witness the physical culture exhibitions. There was some good sparring between Fitzsimmons and Duncan Ross, after which other members of the company gave several rounds with the gloves, and while they finished blowing like porpoises, Fitzsimmons was breathing as easy as ever.

CHALICE AND CARRIAGE.

PRESENTATION TO THE REV WILLIAM J. SLOCUM.

Wanted Upon by Father McMahon and a Committee of His Former Parishioners at South Norwalk.

A committee consisting of the Rev. Father McMahon and the Messrs P. H. Dwyer and John Henry, representing the parishioners of St. Mary's parish, Norwalk, called at the parochial residence of the immaculate Conception church yesterday and presented to the Rev. William J. Slocum a beautiful gold chalice and carriage as a token of love and esteem from the members of St. Mary's parish.

The chalice is a handsome specimen of the goldsmith's art. The base is chased and engraved, and on the octagonal edges, at the bottom is the inscription: "Rev. William J. Slocum, from St. Mary's parish, Norwalk, Conn., Sept. 12, 1895." The chalice is in three parts, the cup being solid gold.

The carriage is the best the market affords and came to Waterbury on the cars late yesterday afternoon. The presentation speech was made by Rev. Father McMahon. The recipient was visibly affected. Father Slocum suitably responded and concluded by stating that he was much pleased with this manifestation of good will on the part of the people of Norwalk and expressed the hope that, though separated from the parishioners of St. Mary's, among whom he had labored for so many years and where he was willing to die, the place and its people should ever be held in grateful remembrance by him. The committee were royally entertained by Father Slocum and left for home on an evening train.

It was originally intended that the testimonial should come in the form of a well filled purse, but Father Slocum heard what was about to take place and declined to accept a purse. He finally consented that in case a testimonial should be gotten up to which all the members of his former parish should contribute a few cents he would accept it. It is safe to say that the committee did not have much trouble in making up the sum necessary to purchase the chalice and carriage. The people gave without solicitation and the testimonial represents the whole people of St. Mary's, rich and poor alike, and that's what renders it all the more acceptable to the recipient.

HEALTH OF THE STATE.

Over 1,300 Deaths Reported During the Month of September.

The mortality report for September has been received from 166 towns in the state. There were 1,233 deaths reported in the state during the month. This was 129 less than in August, and 139 more than the average number of deaths in September for the five years preceding the present.

The death rate was 18.3 for the large towns; for the small towns 17.2, and 18.0 for the whole state. Waterbury's rate was 18.9, and Naugatuck's 12.9.

The deaths from zymotic diseases were 383, being 31.3 per cent of the total mortality.

Of the 163 town health officers in the state 111 returned reports regarding the sickness in their respective towns.

There were no returns from eight town health officers in Hartford county, from seven in New Haven county, from nine in New London county, from two in Fairfield county, from eight in Windham county, from thirteen in Litchfield county, from eight in Middlesex county and from two in Tolland county.

This health office has been notified of several outbreaks of typhoid fever; one in Bridgeport, limited to the members of Co. K of the Fourth regiment. There were six cases taken down within the town between August 15 and September 12. Upon inquiry it is found that an unusual amount of moderate diarrhea prevailed in the same company during the encampment. That eight or ten members of Company I, Fourth regiment, were ill shortly after camp, for two or three weeks—thought to be mild typhoid. The inquiry is being pursued.

Another is at the city of Danbury, twenty-three cases among the operators of one hat factory. This epidemic is being investigated. Still another in town of Danbury; five cases in one family, originating from a case contracted in New Bedford, and taken sick in Danbury. Also three cases of typhoid in one family, attributed to sewage pollution of well. They had disregarded advice of health officer to cease using the well. It should be filled up.
