Grand Anniversary Opening SALE.

One year ago to-day we opened to the public our present store (in Arcade Building). An event which marked one of the most important merchandise changes in the history of Waterbury.

We intended celebrating that grand opening in a substantial and beneficial way to our customers, to whose patronage and generosity is due the credit of a most successful year's business and we trust that any unavoidable shortcoming on our part for the past year, will kindly be overlooked.

With reliable advertising, honest business methods and courteous attention, we hope to merit a continuance as well as increase of the public patronage for the future.

Owing to the many departments throughout our store for the want of newspaper space, we find it impossible to advertise all departments in this issue, we would consequently request our customers to watch this space for a daily change of ad.

CONFERENCE CLOSED.

Conflicting Opinions Regarding the Law
and Order League.

At the afternoon session of the con-
ference of the Congregational church,
yesterday afternoon, it was voted that
the next annual conference be held at
the First Congregational church, Win-
sted.

The following were elected as mem-
bers of the standing committee: The
Rev James W. Bixler of New London,
the Rev Frank Russell of Bridgeport, the
Rev George F. Prentiss of Winsted, the
Rev W. H. Moore of Hartford, Wallace
H. Camp of Waterbury, Albert B. Field of
New Haven.

Refuting committee: The Rev W. H.
Moore, Silas W. Robbins of Hartford
and H. Gardner Talcott of Talcottville.
Candidates for corporate members of
the American board of commissioners for
foreign missions were nominated as fol-
lows: The Rev Joseph Anderson, D. D.
of Waterbury, the Rev John De Pen
of Norfolk, George M. Woodruff of Litch-
field, James B. Williams of Glastonbury,
ex-Mayor George F. Tinker of New Lon-
don, L. D. Warner of Naugatuck.

The matter of representatives at the
conference was referred to the follow-
ing committee: The Rev Dr. Joseph H.
Twitcheil of Hartford, the Rev Dr. Joseph
Ande son of Waterbury and Thomas
W. Russell of Hartford.

The following were appointed as a
committee on finance: The Rev W. De
L. Love of Hartford, the Rev John De
Pen of Norfolk, the Rev S. Leroy Blake
of New London, Deacon David N. Camp
of New Britain and W. H. Catlin of Mer-
iden.

Rev Judson Smith of Boston delivered
an interesting address on the need of aid
for the foreign missions.

At the evening session addresses were
delivered by Rev Frank D. Sargent of
Putnam, Dr. Blake of New London, Dr.
Joseph W. Backus and Rev Austin Gar-
ner Warren. The closing exercises were
led by Rev H. W. Pope of New Haven.
Rev Dr. Davenport pronounced the ben-
ediction.

During the afternoon there was con-
siderable excitement over a resolution
introduced by the Rev W. H. Murkwick
of Ansonia endorsing the aims and mo-
tives of the State Law and Order League
and Secretary S. P. Thrasher. All were
willing to approve of the motives of the
league, but when it got down to the
means many wanted to call a halt. Rev
Dr. G. P. Parker of Hartford and Rev
Dr. W. W. McLean of New Haven op-
posed it. The latter moved that the
matter be indefinitely postponed. This
was lost.

Rev Dr. Anderson offered an amend-
ment to the effect that the endorsement
of the league as originally proposed
should not be taken as an endorsement
of certain methods which are reported
to have been used by the detectives.
This motion was also lost.

Rev J. A. Hoyt of Cheshire, Deacon
Smith of Bridgeport, Rev Asher Ander-
son of Meriden and others favored the
passage of the resolution and made good
speeches in favor of the league and its
methods. Finally the meeting got the
resolution toned down to the following,
in which shape it was passed:

"Resolved, that the general conference
of Connecticut has heard with pleasure
of the efficient enforcement of the law
of the state through the efforts of the
Law and Order league of Connecticut
and that we rejoice in the fearless and
efficient service of the league."

American Plays in Europe.

The fact that Europe is taking kindly
all of a sudden to producing plays from
this country received its latest indication
in several transatlantic accomplishments
of Elizabeth Marbury, the well known
dramatist's agent of New York city. She
has arranged for a production in London
of "The Great Diamond Robbery," the
melodrama which Palmer and Knowles
have staged here. She has brought it to
pass that Emile Moreau, the French dram-
atist, is to make a French adaptation for
Rejane of Clyde Fitch's "Mistress Betty,"
produced here by Modjeska, and she has
secured the continental right to "Trilby,"
which is to be made into French, German
and goodness knows how many other lan-
guages.

Lucky Joe Jefferson.

Joseph Jefferson has amassed a fortune
as an actor, but he is about to make prob-
ably a very much larger fortune in quite
another direction. Jefferson owns a plan-
tation in Louisiana. A friend of his said
to him a few months ago, "I believe there
is oil on your plantation, and I will pay
to have the matter investigated by an ex-
pert." Jefferson gave an absconding
consent. The expert made the examina-
tion and discovered a big oil well. A com-
pany has been formed to work it, and Jeffer-
son is to have a half interest in it. It
is said he will become a millionaire be-
cause of the find.

Melba's Tenor Brother.

Mr. Ernest Mitchell, the brother of
Mme. Melba (nee Nellie Mitchell), who
means to have him trained as a vocalist,
is quite a lad, being still only 18. His sis-
ter entertains high hopes of his future,
and, to use her own words, declares that
"he has got the sweetest, most divine ten-
or voice that ever came from mortal lips." Such
approbation from a female Sir Hu-
bert Stanley is praise indeed, and we shall
all be wondering whether Ernest Mitchell
will ever take audiences by storm as Mme.
Melba does.

FACTORY INSPECTION.

SPECIAL FAVORABLE MENTION OF NEW
BUILDINGS IN WATERBURY.

There Were 1,285 Inspections by State
Officers Last Year—Only One Prosecution
Since the Office Was Created.

The report which Factory Inspector
McLean is preparing will show that dur-
ing the past year, 1,285 inspections of
factories were made by his department.
During the previous year there were
1,154 inspections. The agents of the de-
partment were received with a great deal
courtesy by the owners of factories and
were given every facility to inspect the
machinery and plants.

The new buildings are being erected
with due regard to sanitary and other re-
quirements to insure the safety of the
health and the lives of the employees.
The factory inspector particularly refers
to buildings in Waterbury, Winsted and
Meriden, which are in course of erec-
tion.

It is quite possible that the factory in-
spector will be obliged to bring suit
against Bridgeport people to compel a
compliance with his order. There is a
floor in a building in Bridgeport that is
a source of danger to the employees
owing to some holes in it. The building is
used as a dye house. The lessee of the
building wants the proprietor to put a
new floor into it, and the proprietor dis-
claims responsibility for keeping the
floor in a safe condition. The factory
inspector will be obliged to bring suit
against both the proprietor and the les-
see. There has been only one prosecu-
tion under the law creating the office of
factory inspector since it was enacted.

SUED FOR \$5,000.

National Granite Company Sues Philip
Conrad and August J. Langefeld.

Philip Conrad and August J. Lange-
feld of Hartford were yesterday made
defendants in a civil suit for damages
brought by the National Granite com-
pany of New York to recover \$5,000. All
the property of Mr Conrad was placed
under attachment by Deputy Sheriff
George Seuk. Mr Conrad and Mr Lange-
feld were summoned to answer to the
complaint in the superior court of Hart-
ford county on the first Tuesday of De-
cember. Mr Seuk could find no prop-
erty of Mr Langefeld's to attach, although
the complaint calls for an attachment of
\$5,000 against each of the defendants.

The plaintiff alleges as the ground
for action that on May 9, 1895, the de-
fendants were peculiarly interested in
a contract for paving certain streets in
the city of Waterbury, and that they
entered into a contract with the plaintiff
to furnish them with granite blocks.
The plaintiff claims to have furnished
4,656 569-1,000 square yards of granite
blocks and crosswalks at an agreed price
of \$1.60 per square yard and that the de-
fendants became indebted to the plain-
tiff to the amount of \$7,450.51. The
complaint says that the defendant, Lange-
feld, paid the plaintiff \$3,676.36, but
has neglected and refused to pay any part
of the balance due, and that the defendant,
Conrad, has been notified of the refusal
of the defendant, Langefeld, and that he
has also neglected and refused to pay
the balance due.

The plaintiff claims that the sum of
\$3,808.15 is now due and claim \$5,000
damages, with interest, from Novem-
ber 1.

Judge A. C. Bill is counsel for Mr
Conrad and when he makes answer to
the complaint he will make claim for an
allowance of about \$1,000 on the bill. It
is this claim that has prevented a settle-
ment of the account. Mr Langefeld, for
whom Mr Conrad is bondsman, claims
an allowance of about \$1,000 for poor
stone and stone of improper size, causing
a waste in cutting.

NEW ENGLAND EARNINGS.

Statement of Accounts for July, August
and September.

BOSTON, Mass., Nov. 21.—The New
York & New England railroad company
filed two statements with the railroad
commissioners yesterday. The first state-
ment is for July and August of this year,
when the road was in the hands of re-
ceivers, and shows totals as follows:
Gross earnings, \$1,096,595; total net,
\$107,671. The balance sheet from the
combined accounts of receivers of the
company shows a profit and loss deficit
of \$1,725,804.

The second statement refers to the op-
eration of the road during September as
reorganized or in the hands of stock-
holders; Gross earnings for September,
1895, \$544,575; deficit, \$38,275.

In deductions there are included inter-
est on the first mortgage bonds and the
Boston terminal first mortgage bonds
of the New York & New England rail-
road, as well as three months' interest
on \$5,000,000 consolidated mortgage
bonds of the New England Consolidated
company.

ULTIMATUMS.

try to paint a big black and blue ulti-
