They know how to cure rheumatism

in Pennsylvania Mr. J. F. Meigan,

a Pittsburg cigar dealer, awoke one

morning with an attack of rheumatism

in his right arm. Working around the

store during the forenoon made it

worse. By noon the pain was so severe

that he could not raise his hand to his

head and had to carry his arm in a

slings. One of his customers, on learn-

ing the facts, went across the street to

E. E. Heck's drug store, and at his own

expense procured a bottle of Cham-

berlain's Pain Balm and persuaded the

cigar dealer to try it. It ceased the

pain and reduced the swelling so that

by the next morning he could use his

arm, and by the second morning was

entirely well. This is only one of the

many severe cases of rheumatism that

have been cured by this valuable rem-

edy. 50 cent bottles for sale by Emiel

Brauch.

We are sorry to learn that E. J. Jenks

is not gaining strength very rapidly.

It threatened and threatened Mon-

day, but the rain failed to materialize.

For Sale, "cheap as dirt," an im-

proved farm near Hurley—Allen's

Agency.

Anton Rasmussen has built a picket

fence around his garden or chickens,

which is it?

Come and see the largest stock of 10

cent articles ever brought to Hurley,

at J. C. Murphy's.

Don't forget that we keep a few

watches at Pioneer drug store that we

are not afraid to warrant.

Harry Sanborn has been under the

doctor's care for the past two weeks

from the effects of the grip.

Now is the best time to insure

against Lightning, Windstorms and

Tornadoes. Allen's Agency.

A carload of the best brick ever

brought to Hurley just received at J.

H. Quail & Co.'s lumber yard.

Turner county's commissioner dis-

tricts are to be changed at the next

meeting of the county board.

Geo. Palmer's new store building has

been undergoing a brushing at the

hands of Painter Davy this week.

H. H. Rundell went to Chicago Sat-

urday with two cars of hogs and one of

steers. Sam. White accompanied him

to assist in "taking in the city."

God wasted mud when He made a

man so mean as to tell the postmaster

to return his paper marked "refused"

when he owes two or three years sub-

scription—Bob Burdette.

The Sioux City Journal now issues a

Monday edition, which makes it a daily

in every sense of the word, and to ap-

preciate this valuable newspaper we

need to miss only one issue.

A number of the pupils of the Hur-

ley high school will, by invitation of

Ole Shager, visit Parker Friday eve-

ning and attend the closing exercises

of the graduating class of the Parker high

school.

At the July meeting the county com-

done.

The annual picnic of the Turner Co.

Old settlers' association will be held in

D. C. Smith's grove, four miles north

of Hurley, June 18. An interesting

program has been arranged and exer-

cises will begin at ten o'clock a. m. A

general invitation is extended.

There is a law in force which requires

the county commissioners to fix a date

for the destruction of noxious weeds.

Would it not be well for the Turner

county commissioners to make a move

in this matter? The date in Yankton

county has been fixed for July 1st.

H. C. Green is not a prohibitionist.

The other day he asked where to find

an o. p. "Drink water," said a friend.

"Drink water!" exclaimed H. C. "I am

a Virginian, sir, and they never drink

water, sir. I have read the bible from

beginning to end, sir, and I only found

one account of a man asking for a

drink of water, and he was in hell, sir,

and they wouldn't let him have it."

Mitchell Mail.

Mr. C. H. Botkin, deputy grand mas-

ter of the Dakota lodge of the Ancient

Order of United Workmen has been

rustling with the boys around town

this week, and the prospects now are

that a lodge of this order will be in-

stituted at Hurley in a short time. The

order is one of the best, and besides the

fraternal features each member re-

ceives a life insurance policy for \$2,000,

which is paid by assessment upon the

members of the order when a death

occurs. The Dakota lodge is a jurisdic-

tion by themselves the cost is very low.

We hope that all our readers, espe-

cially the farmers, will read carefully

the article in this issue of the Herald

taken from the Sioux City Journal, under the

caption "To Western Farmers." There

is much food for thought in this article,

and a careful consideration, we believe,

will open the eyes of the farmers and

alliance men of South Dakota as to the

true inwardness of the work being

done by Farmer (?) Harden and others

to gain control of the congressmen

from this section of the country. South

Dakota farmers have no use for Messrs.

Loucks, Harden, and their lieutenants.

Hackett thinks the editor of this

paper is apt to blow after the show is

over. He knows very well that we

warned the voters of Turner county

not to place any confidence in his

"bogus bonus," that it was a "string

bonus and would never be paid; and

that we printed and circulated among

the voters a notice signed by Mr.

Haines, manager of the Citizens bank

in Parker, that the bank would not pay

the \$5,000 claimed to be deposited in

that institution. Hackett followed

this circular with one saying the money

would be paid. Has it been? Voters

of Turner county, who lied? If that

\$10,000 had been paid as agreed, Turner

county would have had her records in

a vault and her offices in a county

building and there would have been no

loss of records by fire. Place the blame

where it belongs—with Hackett, Houts,

Stone, Thielman & Co.
