Rev. F. M. Shroud, Pastor United
Brethren Church, Blue Mound, Kan.,
says: "I feel it my duty to tell what
wonders Dr. King's New Discovery has
done for me. My lungs were badly
diseased, and my parishes thought I
could only live a few weeks. I took
five bottles of Dr. King's New Dis-
covery and am sound and well, gaining
30 pounds in weight."

Arthur Love, a member of the
Folk's Combination, writes: "After a
thorough trial and convincing evi-
dence, I am confident Dr. King's New
Discovery for consumption, coughs, etc.,
will cure every case of lung trouble,
and cures when everything else fails.
The greatest kindness I can do
my many thousands of friends is to
urge them to try it. Free trial bottle at
Pioneer Drug Store. Regular size, 50c.
and \$1."

THE FIGURE "9."

The figure "9" in our date will make a long stay.

No man or woman now living will ever date a
document without using the figure 9. It stands
in the third place in 1890, where it will remain ten
years and then move up to second place in 1900,
where it will rest for one hundred years.

There is another "9" which has also come to stay.

It is unlike the figure 9 in our dates in the respect
that it has already moved up to first place in 1890,
where it will permanently remain. It is called the "No.
9" High Arm Wheeler & Wilson Sewing Machine.

The "No. 9" was endorsed for first place by the
experts of Europe at the Paris Exposition of 1889,
where, after a severe contest with the leading ma-
chines of the world, it was awarded the only
Grand Prize given to family sewing machines, all
others on exhibit having received lower awards
of gold medals, etc. The French Government
also recognized its superiority by the decoration of
Mr. Nathaniel Wheeler, President of the company,
with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved
upon, but is an entirely new machine, and the
Grand Prize at Paris was awarded it as the great-
est advance in sewing machine mechanism of the
age. Those who buy it can rest assured, there-
fore, of having the very latest and best.

A very interesting game of base ball
was played in Hurley last Thursday
between the Parker second nine and
the Hurley kids, in which the Parker
boys won by a score of 4-0. We do not
just remember the exact number of
tallies but it was a close game.

Burlington Reporter: The following
"notis" is posted on a fence in Morris
county: "If any man's or woman's
cows or oxen gets in these oats, his or
her tail will be cut off as the case may
be. I am a Christian man and pay my
taxes, but I am a man who lets his
critters loose say I."

Mrs. Chas. Pier had a very fine night

five years old and very large.

Since the last visit of Edward May

must be something wrong about it, for
he didn't know that Ed had ever gotten
a divorce from Farnsworth.

MRS. JENSEN.

Parker Postponement.

Parker, July 28, 1890.

With that delicate consideration for
the feelings of others that has char-
acterized the New Era for the past
eight months, the gentlemanly ad-
interim editor of that paper speaks of
your correspondent as "the poor, old
palsied tool. It is the way the New
Era has of answering either charges
against its purity, or answering argu-
ment, and is expected.

The misfit editor of the above (I
came near saying journal)—with a fine
conceit says, "He thinks the New Era
has called a halt in the interest of
peace; do you imagine the New Era is
the boss?"

Oh, no! not by any means. Do you
recollect, Mr. ad interim, in one of your
seasons of relaxation, or of telling con-
fidentially, all whom you could get to
listen, who the boss really was? It
was the boss who called the halt in the
interest of success.

The New Era, with remarkable
perceptibility, discovers a "muses nest,"
located on the court house ground in
the street.

If the New Era is no nearer correct
in its conclusions as to forfeiture, etc.,
than is its copy of the conveyance of
block 3, Kimball's 3d addition, with its
conditions, the public as well as the
vault will remain undisturbed by this
bug-a-boo of the New Era.

The county officials with the excep-
tion of clerk of the court, are occupying
their new quarters on the hill.

It is rumored that an o. p. shop will
be opened here soon in order that Hur-
ley may not get too many votes fixed
for the next contest on the

"COUNTY SEAT."
