

The Time
is Here.....

To select the base burner you count on buying. It is not a small investment you will be making and it behooves therefore, that care should be taken in your selection and get the best possible value for your money. Economy in fuel and great heating capacity are two strong points you should keep in mind. You will find this combination in The Favorite; a base burner of known worth that we will guarantee to give you more than full value for the money invested.

We invite you to call and examine these splendid heaters and let us demonstrate their worth to you.

Woodward
& Searles

You Cannot Run Away from the coal question much longer. In fact if you are wise, you will settle it this very day. The weather is mighty "unsartin" at this season.

Shall We Fill Your
Coal Bin

with our nice, clean black diamonds? Better say "yes" so that we can commence delivering at once. You are bound to need it some time and that time may be very soon. Better be sure than sorry. Order to-day.

Kampeska Milling Co.

Blood Poison

Is prevented by applying Dr. Bell's Anti Pain to cuts scratches and bruises. It destroys all septic matter enables the wound to heal without soreness. Be sure to get Dr. Bell's.

For Sale—3 nice lots no the north side. Will sell at a bargain if taken soon. Inquire of owner. 801 4th st. n. e. 14tf

IN SOUTH DAKOTA

Happenings of a Week Throughout the State.

LIFE SENTENCE FOR INDIAN

Murder of Policeman Will Be Sent to the Federal Penitentiary at Leavenworth.

Coyote Belly, the Sioux Indian who pleaded guilty at Deadwood to murder in the second degree for killing Horn Cloud, an Indian policeman, last spring on the Rosebud reservation, was sentenced by Judge Carland in the United States circuit court to life imprisonment in the federal penitentiary at Leavenworth. His attorney made a strong plea for leniency, declaring that Coyote Belly was now nearly sixty years old, and that he had rendered the government great assistance in the early days of settlement. The court held the murder to be cold blooded.

GAVE LIQUOR TO INDIANS

Charge Made Against a South Dakota Sheriff.

Sheriff G. P. Perry of Corson county was charged before William Wallace, federal commissioner at Aberdeen, by United States Indian Officer T. E. Brents with furnishing liquor to two Indians, Martin Red Bird and Frank Sees Bear of the Standing Rock reservation, and was held to await the action of the federal court. His bail was fixed at \$1,000, which he was unable to furnish. He was committed to the Brown county jail.

As told by Red Bird and Sees Bear, Perry arrested them for intoxication and then supplied them with a pint of whisky, one of beer and one of gin and five of other intoxicants. He held them before a mock court at Mobridge and "fined" them \$300, which they paid. Major Belden, Indian agent, learning of the matter, notified the Indian bureau. Special Agent Brents was put on the case.

He arrested Perry between McIntosh and Morristown as the latter was attempting to escape and took him to Aberdeen.

HORSE THIEVES GROW BOLD

Run Away With a Herd Belonging to a Woman.

Horse thieves, who are believed to be mixed blood Sioux Indians from the Pine Ridge reservation, are becoming very bold of late. Mrs. Charles Smalley, a woman homesteader living near Interior, had an exciting experience with the thieves.

They raided her place and drove away all of her horses, thirty in number, which were in a pasture on the south side of White river. The loss of the horses soon was detected and ranchers started in pursuit. They traced the thieves toward the interior of the reservation. The pursuers gained on the thieves to such an extent that the latter were compelled to abandon the stolen horses, which were recovered, but thus far the thieves have not been run down.

The ranchers along the river are keeping a close watch on their horses and are prepared to give the thieves a warm reception should they again make a raid in this part of the state.

VESSEY NAMES DELEGATES

South Dakotans Will Attend Dry Farming Congress at Spokane.

Governor Vessey has appointed the following delegates from this state to the Fifth National Dry Farming congress, to be held at Spokane, Wash., next month.

A. E. Chamberlain, Brookings; Albert Bates, Creston; Mrs. M. Rose, Sioux Falls; W. T. Purdy, Willow Lakes; A. W. Kreuger, Groton; Hans Nelson, Box Elder; J. C. Barnard, Oral; E. P. Ashford, Stratford; L. S. Coburn, Meola; William Wood, Custer; J. R. White, Faith; W. F. Michel, Willow Lakes; James Patterson, Rapid City; Lewis Larson, Mobridge; Fort Donaldson, Olamham; John Kammerer, Piedmont; J. L. Parrott, Mobridge; G. A. Malone, Draper; Archie McKinnon, Putney; John Fritz, Bath; William Barkley, Garden City; E. W. Day, Clark; I. L. Jones, Raymond; H. R. Gale, Clark; H. C. Backhoven, Clark; M. J. Scanlon, Hermosa; Fred Myerfeldt, Bad River; John Ekke, Mobridge; B. J. Olsen, Mobridge; Fred Anderson, Tabor; Robert O'Neill, Isaac McKinzie, William Box, Andrew Simpson, Yankton.

FISH LAKE WILL BE SAVED

People Raise Funds for Artesian Well Feeder.

Through the efforts of Thomas W. Taubman and other residents of Plankinton and Aurora county, funds necessary to sink an artesian well on the shore of Fish lake, a fine body of water some miles from Plankinton, have been raised by voluntary subscription.

The lake is well stocked with fish, but the dry season has caused the water to fall to such an extent that if something is not done the water will freeze to the bottom and all the fish will be killed. It was decided that an artesian well would not only increase the supply of water, but would keep the lake from freezing solid.

MAY LOSE PLACE ON TICKET

Candidate Said Not to Be Qualified for Superintendent.

Mr. H. H. Potter of Webster has secured from the supreme court of the state an order to show cause, returnable Sept. 27, to prevent the county auditor of Day county from placing the name of J. H. Hetley on the ballot as the Republican nominee of that county for superintendent of schools.

It is asserted that Hetley has no certificate as teacher, as required by law as one of the qualifications for holding the office of superintendent of schools. It appears that Hetley held the office two terms. He was popular and his successor apparently did not measure up to the desires of the people. Hetley was a candidate again this year and defeated his opponent by a large majority at the primaries, becoming the Republican nominee. Since he was superintendent of the legislature has passed a law making the holding of a teachers' certificate one of the qualifications of a county superintendent and it now appears that Hetley has not this qualification.

The case will test the right of a voter to stop the election of a primary nominee to the office for which he has been selected by the people at a primary election.

TWICE IN THE SAME PLACE

Lightning Hits Farmer's Barn and Stuns Owner.

To be twice stunned by strokes of lightning within the space of a few minutes, and escape with his life, was the experience of Emil Eberhardt, a Hutchinson county farmer.

His experience proves the fallacy of the old saying that lightning never strikes twice in the same place. In this case it did and within a brief space.

Eberhardt was in his barn unharnessing his horses when the building was struck by lightning and set on fire. Eberhardt was knocked down and momentarily stunned by the concussion, the bolt having struck very near him. Upon recovering he turned his attention to getting the horses out of the barn so they would not be burned.

He had them all out but a mare and colt, which he was leading to safety outside the building, when the barn for the second time was struck by lightning. This bolt struck close beside Eberhardt, knocking him down and killing the mare and the colt which he was leading.

That he himself was not killed is considered miraculous.

GIRL ATTACKED BY A BULL

Young Woman Owes Life to Her Presence of Mind.

Lena Glos, a nineteen-year-old Clark county girl, had a narrow escape from being gored to death by an infuriated bull.

Miss Glos went to the pasture to drive home the cows, when she was attacked by the bull, a two-year-old animal. The girl carried a heavy blacksnake whip and when the bull charged her she struck him across the nose with the whip and managed to keep him at bay. When she attempted to leave the bull again charged her and she was forced to walk slowly backward, continually slashing the animal with the whip to keep him from killing her. Finally, as she was nearly exhausted from the long battle with the brute, a neighboring farmer drove by and hurried to the rescue.

BIG CORN CROP ON ROSEBUD

Farmers Assured of the Largest Ever Produced There.

Another week without frost and the Rosebud farmers will be assured of the largest crop of corn that fertile stretch of country has ever produced. In the spring and early summer showers fell over the Rosebud country sufficient to keep the young corn growing. During part of July and August, the rains were very frequent. These came at a season with favorable weather for corn and as a result the crop is the heaviest the Rosebud country has ever grown.

Ordinarily, most of the corn in this country is past the stage where the frost will do it damage at this time. This year, however, the showers had a tendency to keep it green and growing later than usual and but little of the crop is safe.

BIG PARK FOR BLACK HILLS

Plan to Set Aside One Hundred Thousand Acres.

A movement is on foot to have the 100,000 acres of land which the state will receive from the government in exchange for land taken as part of the forest reserve, turned into a state public park, with possibly a game preserve. This land will be chosen in the Black Hills and is now being surveyed and estimated as to values. Commissioner of State School and Public Lands Dokken favors the state forest plan and as he is a member of the committee, that includes United States Marshal Seth Bullock and Forest Supervisor Kelleter, to select this land, it is probable that this scheme will be carried out.

Octogenarian Probably Fatally Hurt

John Frost, aged eighty-four, was caught at the railroad station at Vermillion between a baggage truck and an incoming passenger train and thrown under the wheels. His left leg was severed between the ankle and knee, and his skull fractured. There is little hope of his recovery.

THE UNITED DOCTORS COMING TO WATERTOWN.

Will Be At The Kampeska Hotel Wednesday and Thursday, October 5 and 6.

TWO DAYS ONLY.

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases.

These doctors are considered as America's leading stomach and nerve specialists and experts in the treatment of all chronic diseases and so great and wonderful have been their cures that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bedwetting, leg ulcers, epilepsy, weak lungs and those afflicted with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

Many Wonderful Cures.

No more operations for appendicitis, gall stones, tumors, goitre or cancer. They were the first in America to earn the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment and cure of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Deafness often cured in sixty days.

No matter what your ailment may be, no matter what experience you may have had with other physicians, if you want to get well again it will be to your advantage to see them. Go. Have it settled forever in your mind. If your disease is curable they will give you such advice as may prolong your life. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit this time costs you nothing and may save your life.

By Their Work Ye Shall Know Them.

Vermillion, S.D., July 8, 1910. United Doctors, Minneapolis, Minn.

Dear Doctors: Will write you a line to say that I am getting along fine, have taken two months of the five month treatment I got of you for catarrh of the stomach on May 3rd. I was stopping in Groton then. I can not tell how much better I feel. I just feel as though I am about thirty years younger than I was when I began taking your medicine. Now I want to help you all I can and help others. I have two friends troubled with the piles and I will refer them to you for treatment. If it will not be too much trouble to you, would you send me a statement of my case, how bad I was and if it affected my stomach, lungs and bowels and if I was able to work or not, etc.

Yours respectfully, W. A. MORGART.

(Exact duplicate of letter). Mrs. A. G. Olson, Clark, S.D., writes the United Doctors are curing her.

Martin Lynstad of Volin, S. D. says he is entirely cured of Stomach and kidney trouble.

Eddie McMahon, Florence, S.D., sends word he has not had an epileptic spell since he commenced treating with the United Doctors.

Wm. Parsons, Estelline, S.D., nearly cured of bladder trouble that has both red him for years.

Mrs. Kate McCabe, Florence, S.D., sends her sister for treatment, saying she is cured of chronic kidney trouble.

J. H. Holen, Veblen, S. D., cured of chronic catarrh of the stomach in three months.

E. S. Zimmerman, Montrose, S. D., says the United Doctors cured him of piles with one treatment.

Miss Lottie Taylor, Egan, S.D., says she never expected to get such quick relief in so short a time. Miss Taylor's father is also doing well under the United Doctor's treatment.

Married ladies must come with their husbands and minors with their fathers.

Office at Kampeska Hotel, Watertown, S.D. Hours 10 a. m. to 8 p. m. Wednesday and Thursday October 5 and 6. 18-15

Dr. Bell's Pine-Tar-Honey For Coughs and Colds.

\$1 A Week

It is a shame the way women have been obliged to use sewing machines that cause aching backs, tired limbs, annoyances with broken threads, broken needles, uneven stitches, ugly dust, etc., etc.

It is because we know that in The FREE all of these faults have been overcome, that we offer this marvelous machine at our customers' own terms, even as low as \$1.00, and at a price so low that we do not dare to tell you what it is in this advertisement, because then you would not be able to appreciate what a perfect machine it really is. And it is for the same reason that we want you to take The FREE on

30 Days Trial In your Home

We believe that The FREE Sewing Machine with its score of thoroughly up-to-date improvements will revolutionize the sewing machine business just as soon as the women of this country can find out first hand just how light running, how fast sewing, how beautiful, how perfect stitching "The FREE" is. That's why we want you to test

The FREE Sewing Machine

for 30 days, sew on it for 30 days. Try this machine—test it—sew with it on all kinds of material—if you then are not entirely satisfied—if you are not convinced that it is the best machine you have ever sewed on—the most improved, the most up-to-date—if the low price does not convince you that this is the biggest bargain you have ever bought, return the machine to us and we will refund your deposit so that the trial will not cost you one cent.

You may have been getting along up to the present time with a machine that hasn't been improved upon for 30 years. But after you have tested "The FREE" with its light running 5000 ft. Ball Bearings, its fast sewing "Rotocut" movement, its beautiful Franching design and durable japanning, its convenient Automatic Locking

Drawers, Rotary Spool Pin, its Automatic Tension Release, its clever Shuttle Reverser, its Automatic Thread Cutter, its Improved Foot, Lock, its Self Guards, its Square Feed and its 8 year Insurance Policy against all accidents—after that your desire to own "The FREE" will be irresistible.

Come and see The FREE tomorrow and take it home with you for a month's trial

The Cozy Home

How The Gas Traction Engine Won The Gold Medal

THE 30 H. P. Gas Traction Engine won The Gold Medal at the Agricultural Motor Competition held in Winnipeg, Manitoba, July 11th to 23d, 1910. It won because it "made good" the very claims that you from time to time have seen or heard made for it. But in figures—those things by which the impartial judges made their awards—The Gas Traction Engine delivered in the belt brake-test, 48 horse-power for two hours, using but .95 pints per horse-power per hour. In the half-hour maximum belt brake-test, the engine developed 57 horse-power—fully six horse-power more than another machine which had a tractive rating of 45 horse-power. In the breaking contest, The Gas Traction Engine pulled seven 14-inch breaker bottoms in real tough gumbo ground, breaking 12 1/2 acres 4 inches deep, on 2 1/2 gallons of gasoline per acre in a 6 hours' non-stop run. The instrument used to register the power delivered on the draw-bar more than once showed a power delivery of ten thousand pounds; in fact, The Gas Traction Engine's average drawbar pull was seven thousand pounds. Neither in the brake-test or the breaking demonstration was the engine charged with using one drop of water. Every other engine was penalized for using from ten to one hundred gallons of water. After making a record of this kind do you wonder that the judges unanimously awarded The Gold Medal to The Gas Traction Engine?

Gas Traction Engine running alone pulling seven 14-inch Breaker Bottoms in very tough gumbo ground

YOU CAN BUY ON APPROVAL EXACT DUPLICATES OF THIS GOLD MEDAL WINNER FIND OUT ABOUT THE GOLD MEDAL WINNER TODAY

The engine that won the Gold Medal was a stock machine. You can buy exact duplicates of it absolutely on approval. That means, nothing to pay until you have thoroughly tried out the engine in your own field on your own farm. And every move the engine makes on your farm is fully guaranteed—be it breaking, plowing or threshing. If the engine doesn't fill the bill—no pay, and the machine is returned not only at our expense, but we'll send you a check to cover the freight you've paid to bring the engine to your farm. Ever hear of anyone offering anything nearly as fair? We can do it—because The Gas Traction Engine is the proven best all purpose farm power in the world. You may be a busy man, but you'd better take a minute's time to put your name on a postcard or slip of paper and ask us to send you a free copy of "A Book of Gas Traction Engines." You'll learn more about the Gas Traction Engine—how you can buy by using it dispose of ninety per cent of your horse, reduce your hired help force to a minimum, and turn into cash every bushel of grain that you raise. Send for your free copy of this book TODAY. DO IT NOW.
