### Free Trade

Is the Great Question before the American People to-day.

There is another Very Important Question before the people of this vicinity. It is this:

Where is the BEST Place to Trade?

Where can I get the Greatest Value for my Money?

With us business is a matter of Conscience. We have a Platform which reads:

**'Good Goods, Honest Treatment and Low Prices.'**

On this Platform we stand squarely and invite you to meet us there.

Having had thirteen years experience in selling goods to the people of this locality, enables us to know the demands of the people and we are prepared to meet them.

## DRY GOODS.

Our Dry Goods Department is full of goods that will please the people such as Dress Goods, Flannels, Cloths, Shirting, Gingham, Notions of all kinds, and a Large Stock of

UNDERWEAR, Etc.

## Boots and Shoes.

Our Stock of Men's and Boys' Boots and Shoes is Large and at Prices to suit everybody. Ladies' and Gents' Fine Shoes. A Full Stock of

CANDEE RUBBERS.

## GROCERIES.

You will always find a good Fresh Stock in this line at Prices as Low as Possible. Bear in mind our 40c, 30c and 25c Tea; has no equal in the village.

Thanking all our old friends and customers for past favors, we remain, Yours Truly,

Trains West-Depart..... 10:00

## YALE'S INDUSTRIES.

THE YALE WOOLEN MILLS.

When the census enumerator gives the official count of the people of our village, the figures will probably show something near 1000 inhabitants, and for a village of this size, it would not be easy to find a more enterprising place in Michigan or elsewhere. Our village is the centre of a rich agricultural country, and its advantages as a business place have attracted to it good business men and enterprising manufacturers, among the latter is the firm of

C. ANDREAE & SONS.  
This firm located here in 1881 and is composed of Chas. Andrae and his two sons Rudolph and Wm. V. Andrae. They built at once a substantial woolen mill, and since have done a prosperous business both for the community and for themselves. They purchase from the farmers of the surrounding country an average of 45,000 pounds of wool per year, nearly all of which they manufacture. At the end of the wool-buying season this year the Detroit papers stated that Yale buyers had paid better prices than had been paid in any other place in Mich. Besides manufacturing the wool they buy, this firm do a large amount of custom spinning and wool-carding.

THE MILL.  
The mill contains five looms and is well supplied with all the machinery required for a successful business. The amount of floor space occupied is 11,264 square feet, besides a dye house twenty feet square. The proprietors are now building a brick store room eighteen by forty feet in size. This building is to be furnished with an iron roof and is to be made perfectly fire proof.

THE OUTPUT.  
Many of the inhabitants of this village and township will be surprised to learn fully, the extent of the business of this mill. An examination of the books in which are recorded the sales of the past few weeks, shows large orders shipped to many parts of Michigan. The cities and villages along the lakes seem to be excellent customers of this firm, and large bills have recently been sent to Mason, Oshtemo, Manistee, Emmet, Cheboygan, Alpena, and Iosco counties, as well as to many other counties in every part of this State. The orders thus shipped during the month of September of this year amounted to \$6,200.

GOODS MANUFACTURED.  
This firm manufactures several grades of cashmeres, flannels, blankets, yarns, etc. A large custom trade, undoubtedly the largest done by any similar mill in Michigan, is done here. The custom not only consists of the work done for the surrounding farmers, but wool is sent from other parts of the State to be here manufactured and the product returned. 600 orders for custom spinning alone are received per year. Over 300 dozen pair of socks and mittens are knit every year by women of the surrounding country, the yarn being furnished from this mill, and the labor paid by this firm at a fair price per pair. Thirteen persons are employed to run the mill.

THE PROPRIETORS.  
In a business like this the keys to success are honesty, reliability, special adaptation to the work, and industry and strict attention to business. That these qualities are possessed by the proprietors of this mill will be attested by all who have dealt with them, and who know what they are doing; moreover they are kind, genial men who make friends wherever they are known. They illustrate the principle that the enterprise of this kind can be conducted so as to benefit the proprietors and be of the highest importance to the community in which they are located.

GENERAL NEWS.  
The managers of the telephone company of West Bay City object to having the electric light and street-car wires fastened to their poles, as the proximity of highly charged wires to the telephone wires interferes with their working.

Thomas Murphy, of West Bay City, was thought by his father to be a very disorderly boy; so was sent to the state reform school for six years.

Together with the present of the Sage library to West Bay City there is to be \$2,000 spent yearly for new books.

The Lapeer Democrat will print the tax-rolls this year for the first time in 20 years.

Samuel Lettie, of West Bay City, had a watch and a sum of money stolen from his barber-shop some time ago. Young Charles Duggan has been apprehended for the theft and arrested.

Stephen B. Russel, formerly of Saginaw, was caught in a railroad wreck in Missouri and seriously injured.

been hitherto a daily, will henceforth continue as a semi-weekly.

The merchants of West Bay City have petitioned the Michigan Central for a new depot.

Duke Snell, of Speaker, recently lost a pocketbook containing \$50, and it caused him a great deal of worry. One morning when he went to feed his horses he noticed that one of them seemed to have a pain in his foot. On lifting up the foot he found the pocketbook imbedded in the horse shoe. Another case where a horse shoe brought good luck.—*Evening News.*

In spite of the general Democratic gains, in Huron county the Republicans awoke this year to secure for themselves a victory such as they had not dreamed of. The candidates for Prosecuting Attorney, Chipman; Circuit Court Commissioners, Thompson and McLean, and Coroner, Henderson were all elected. This is a decided success, and proves that where the Republicans turn out they are sure to make a good showing. This also speaks well for 1892. Huron county will then doubtless thoroughly relieve its name under the Republican standard.

### COUNTY COLUMN.

St. Clair county has 465 pensioners. The recent election by the booth system cost Port Huron \$792.

James Morden slipped on a Port Huron sidewalk and fell down a flight of stairs. He sued the city for \$20,000 and has just been defeated.

Mrs. Frank Kilsch, of Port Huron, undertook to make a plaster of gunpowder and lard. It is thought she may live.

Raymond Dopp stole about \$300 worth of type from the office of the Port Huron Zeitung and went to Saginaw. There he found a call awaiting him to go to Port Huron.

Mrs. Honora Gilmartin, of Port Huron, died last Monday morning at the age of 63 years.

Major N. S. Boynton returned last Saturday to his home in Port Huron after an extended trip in the East among Maccabee conventions.

Susie F. Dwyer, for nearly four years money-order clerk in the Port Huron post office, received notice of dismissal last Sunday.

Last week when the belfry of the German Evangelical church, of Port Huron, was inspected, almost half a ton of hay is said to have been found, carried there by sparrows.

Wm. P. Edison of Port Huron, the brother of Thos. A. the electrician, has been very sick.

T. Tobin, Eugene Sullivan and D. Moonan, cattle drovers, were arrested at the Port Huron depot for disorderly conduct last week.

A 15-year-old girl of Marine City is suing for a divorce. She was married in Canada two years ago.

A new insurance company has been organized in Port Huron, named the American Home Protectors. W. C. Anderson is president.

One of the engines used in the excavation at the mouth of the tunnel was badly smashed last Wednesday owing to the carelessness of the engineer.

Wm. A. Mallory, a well known citizen of Port Huron aged 75 years, met some friends on the street and was telling them how well he felt when he fell dead.

Angus King, of Port Huron, used to call himself a slizzer, and one of the best in the state. Last Saturday he slipped Peter Pound's face. No Peter retaliated; and when Angus came to himself he had much superfluous nose, his eyes were closed and altogether he looked as if he had been in a fight.

The band and those who accompanied it from Rome to St. Clair at the time of the grand Democratic celebration there, had a sad experience. They evidently arrived a little late at the station; for they were favored with seeing the rear end of the last car silently disappear as they arrived. It being the last train on Saturday night their experience in St. Clair over Sunday was varied to say the least.

We learn the following facts from a report of the last inspecting party. It is thought that, from the magnitude of the work to be done on the approaches the tunnel will not be ready for use before next May or June. It required six months to dig the pit from whence the tunneling began; so that a fair estimate may be made of the length of time necessary to grade this back so that the slope shall not exceed 80 feet to the mile. This means that the approaches will have to be about a mile long on the American side and even longer on the Canadian side. The big tube itself is made up of segments of iron one foot thick, 4 feet 6 inches long and 18 inches wide. Thirteen of these are necessary to make one ring of the tube. There are 3,852 of these rings in the tunnel, which make in all 52,428 pieces of steel in the lining.

WOOD FOR SALE.—I have for sale any quantity of dry wood at from \$1.25 to \$1.40 per cord. J. B. PAISLEY. 23

### For Sale or Exchange.

6. Why do we celebrate Thanksgiving?

We will publish the best list of answers with the sender's name.

Lewis Bow has a full laundry outfit which he will sell cheap. He wishes any who would purchase to call first and see him. 18 w 4

Last Friday evening a most enjoyable time was had at the residence of James Hisey. The occasion, as was announced, was a "chicken-pie social." Well; there was a great plenty of "pie" and, despite the threatening weather, as many as the house would hold, to eat it. In addition to the supper there were many other pleasant things. There were tableaux, which were not only original in themselves, but most amusing, and very creditable to those who labored to produce them. Then there were innumerable games which afforded immense amusement. Altogether the affair was a grand success; not merely socially, however, but financially also. The proceeds amounted to about \$40. The society may heartily congratulate itself.

We are bound to make a success of the EXPOSITOR. And, if we may judge from our past success, we will succeed. Our circulation has had a wonderful increase during the past few months. Exclusive of a large campaign circulation, we have increased our list of subscribers by over 200 in that time. Now that the paper may be placed within the reach of every body, we will send it to any new address for five weeks on trial for only 10 cents. We calculate that this alone will bring in about 200 more new subscribers. For to have the paper for a month will convince you that you can not do without it. So send in your addresses and those of your friends with the ten cents enclosed; and you will do them all a great favor. Or show this notice to a friend who does not take the paper.

NOTICE.—A meeting of the teachers of St. Clair county will be held at the school building in the city of Fort Gratiot, on Saturday forenoon, Nov. 29, for the purpose of forming a teachers' association, such association to be a corporation, as provided by Act no. 117, Session laws of 1855.  
By order of Committee.

A Tremendous Offer.

We have made arrangements for giving to the public the Detroit Echo with the EXPOSITOR. For \$1.50 we will send you the Expositor for one year and the Detroit Echo, the Evening News Weekly, an eight page paper of solid reading, full of news and stories. Send for a copy.
