The Oliver is the machine with the type bars that strike downward—the principle that has made the "Write-in-sight" principle mechanically practical. It is so simple that children learn to operate it in ten minutes. It is faster than the fastest expert. It possesses phenomenal strength and durability. It has a wonderful record. It has the features that you will want in a typewriter, visible writing, universal keyboard, automatic line spacing, double type bar, down stroke, feed escapement, light, elastic key touch, perfect paper feed, left hand carriage return, convenient release key, type facing upward for cleaning, light running carriage, great manifolding power, writing in colors, and above all, it is simple in construction, having about one-third the usual number of parts. It is strong, sturdy, trouble proof. The kind of typewriter that will last you without repairs for a lifetime. The model we sell is of standard size, taking a paper nine inches wide.

In learning typesetting as an occupation, the Oliver should be chosen because Oliver operators are in greatest demand, and demand the highest wages.

If you want a typewriter for your own use exclusively, the Oliver No. 3 will prove the best, because it is the most easily learned, and the easiest to take care of.

It is a wonderfully efficient machine for making out bills, statements, writing on labels or cards, and it is not so

heavy but it can be moved about easily.

Our inviting methods and wonderful offer have been taken advantage of by over six thousand people during the last few months.

Coupon Price \$55.00.

The coupon makes the \$55.00 price possible. If we had to sell this same typewriter through salesmen we would have to charge \$100.00.

YOU PAY NO CASH UNTIL YOU SEE IT—until you try it in your home or office, then you make your decision. No salesman to influence or hurry you. If you decide to keep it, you pay only one month's rent down. It will earn its own way thereafter. You make the test yourself. You are your own salesman, and the saving of the usual selling expenses is yours, and it amounts to \$45.00.

YOU STOP PAYING IN TEN MONTHS—then the typewriter is yours. We charge no interest, take no chattel mortgage, employ no collectors, there is no publicity, no delay.

Positively the best typewriter value that has ever been given, the best typewriter selling plan ever devised.

Doing business on this plan not only saves you almost half of the regular purchase price, but the trial offer protects you absolutely.

You try it for five-days before you pay us any money, then at the end of any rental period if the machine is not entirely satisfactory, or if you find any make or model that you like better, or if for any reason you do not wish to keep up the contract, you can return the typewriter, and you will be under no further obligation.

There will be no delay, no formality. The typewriter will be shipped promptly.

There is no use in sending for catalog or further information, the typewriter is its own best argument. If it don't satisfy you, send it back at our expense. You will be under no obligation. Cut the coupon on the dotted line, fill it in (a lead pencil will do) and be sure to mail it today.
