

# FIRST ON YOUR SHOPPING LIST ..... IT MUST BE ELECTRICITY

IN the All-electric home, tomorrow's housewife will find added hours of golden leisure hers to enjoy . . . days made brighter by electrical appliances designed to take the drudgery out of domestic duties. Naturally, the center of attraction will be the new, streamlined refrigerator, for food storage and fast-freezing . . . then an electric dishwasher, electric garbage disposal unit, home-freezer and many other time-and-work savers will be yours at the flick of a switch! From the laboratories of electricity will come new scientific marvels . . . all built to the highest standards of workmanship and bearing the names of reputable manufacturers. Then, as now, Electricity will continue to prove its advantages by rendering safe, dependable service with 'round-the-clock certainty. !

## CITY ELECTRIC DEPARTMENT

George A. Pierce, Commissioner of Utilities

Utility Building

Foot of Laura Street

JACKSONVILLE, FLORIDA

## Open to Members of the Dade County Medical Society and the Florida Medical Association

Presenting the last word in modern and luxurious appointments for the comfort and convenience of the patient, together with the newest innovations known to medical science. Truly a complete hospital that solicits the inspection of the public. Open to members of the Dade County Medical Society and the Florida Medical Society and the Florida Medical Association. Special attention should be given to our clinic, staffed by specialists. A dental clinic is also maintained.
