**25 to 50% OFF**  
Or Broken Lots and Discontinued Patterns

**We Don't Put on Many Sales but when We do You Know by Our Past Sales that it Means a Big Money Saving Event for You**

**WE** believe the time is here for a pre-war adjustment of our stock and that it is better business policy to take OUR LOSS now at the beginning of the year and start off on a SOUND pre-war business basis. Whereas practically none of our present stock was bought at the high peak of prices which means that the present prices that our goods are marked are at today's market value. Nevertheless, as we have stated above, everything on our three great floors is included in this big sale.

Now let us give you another tip. Practically all manufacturers whom we buy of are guaranteeing prices against a decline for six months; therefore, do not wait for still lower prices, as you will be the loser.
