

LABOR MEETING SET FOR ATLANTA

ATLANTA, March 13.—(AP)—Maj. Gen. Frederick E. Uhl, commanding general of the Fourth Service Command, said today that representatives of governors of seven Southeastern states would meet here Wednesday to seek remedies for delayed war production in this region caused, he said, by labor problems.

The major purpose of the conference is to present to the governors, through their representatives, the facts surrounding delay in production of war goods as a result of absenteeism, labor turnover, slow-downs, lockouts, and strikes, to urge the governors to encourage labor to stay on the job," said an announcement from Fourth Service Command public relations office.

Army officials said that within the next six months industries in the Fourth Service Command area would need at least 125,000 more workers, not including replacements for men taken from industry by the draft.

The public relations office said that "recently Army, Navy and maritime officials charged with production have been harassed with disputes between management and labor such as a strike in a North Carolina tobacco factory, decreasing the number of cigarettes going overseas to the armed forces, and another delaying production of double-sole socks, sorely needed by American troops in Italy."

Army officials said the Army refrained from taking sides in labor disputes, but was seeking to prevent them and thus assure an unbroken chain of supplies to the fighting fronts.

J. H. KING NAMED FISHER CHAPLAIN

FORT FISHER, March 13.—Chaplain Julian Holt King has been named station complement chaplain for the Fort Fisher area, succeeding Chaplain Norman P. Dare.

A native of Gainesville, Fla., Chaplain King was commissioned June 25, 1943, and has served with the 226th Ordnance Base Group, Santa Anita, Calif.; the O.W.T.C. Ordnance Training Center, Texas; Sprada, Calif.; Station Hospital, San Francisco; P. E. Fort Mason, Calif., and for a short time at Camp Davis before coming to Fisher.

Before entering the service, Chaplain King, who is a graduate of North Carolina's Wake Forest college, and Crozier Theological Seminary, Chester, Pa., had held parishes in Flemington, N. J., New Britain, Pa., and McKenney, Va.

Chaplain Dare, who came to Fisher last summer, is a veteran of the South Pacific campaign and a survivor of the Coolidge, sunk in the South Pacific during the early days of the war.

A chaplain in the Vermont National Guard, Captain Dare entered active service with the Guard and served at Camp Blanding, Fla., prior to his overseas duty. Chaplain Dare was returned to the States in the early part of 1943 and spent several months in

army hospitals before coming here.

CHECKUP CONTINUES

ABLE TO WALK ANYWHERE NOW MRS. RICHARDS THANKS RETONGA

She Sometimes Felt Like She Had Reached The End Of Her Row, States Well Known Resident. Tells About Her Case.

Thanks to Retonga, I feel better and stronger than in years, and I am glad to pass the word on to my neighbors that Retonga is the best medicine I ever saw," declares Mrs. S. E. Richards, highly respected resident of 1322 No. 20th St., Birmingham, Ala., in discussing this noted medicine at Walgreen's Drug Store. Mrs. Richards has lived in Birmingham for twenty-five years, is an active church member and has hundreds of friends throughout the city. Telling of her happy relief through Retonga, Mrs. Richards continued:

"I felt so weak, rundown, and nervous that I could hardly go. My appetite was practically gone, and I felt so nervous and wakeful that it seemed to me I heard the clock strike every hour during the night. Mornings I would get up feeling so tired out I could hardly drag myself into my clothes. I suffered badly from sluggish elimination and nothing I tried for this trouble gave me more than little temporary relief. I felt so badly rundown it sometimes seemed like I had about reached the end of my row."

"Retonga gave me the most wonderful relief of any medicine I ever tried. My appetite is splendid, my food seems to give me plenty of strength, and I sleep like a top, as the saying is. I hardly know that I have any nerves now."

MRS. S. E. RICHARDS

and the constipation is relieved too. I feel so much stronger and better that I walk anywhere I want to go. It is a pleasure to tell others about a medicine that brings the grand relief that Retonga brought to me."

Retonga is a purely herbal gastric tonic combined with liberal quantities of Vitamin B-1 and is intended to relieve distress due to Vitamin B-1 deficiency, constipation, insufficient flow of digestive juices in the stomach, and loss of appetite. Accept no substitute. Retonga may be obtained at the Tom Drug Company.—Adv.

BARKLEY VISITS WITH ROOSEVELT

WASHINGTON, March 13.—(AP)—Senator Barkley, Democratic leader of the Senate, called on President Roosevelt today for the first time since his break with the White House over the President's tax veto, and reported a most agreeable session.

Then he went up Pennsylvania Avenue to the Senate and blocked—for the time at least—consideration of a resolution which would have given the judiciary committee the right to survey all Presidential executive orders "with particular regard to the source of constitutional or executive authority."

Barkley said he wanted to study it some more.

The Democratic leader joined other Congressional chiefs in the regular Monday legislative conference with the President. It was the first White House visit since he arose in the Senate, accused the President of a "calculated assault on the legislative integrity" of Congress and cast off the leadership to oppose the tax veto.

Next day he was unanimously re-elected.

"You wouldn't have known anything had ever happened—if it did," Barkley told reporters after his visit with the President today.

The tax veto wasn't mentioned at the conference.

The Senate resolution Barkley blocked temporarily would have given them judiciary committee

the right to inquire into "directives, rules and regulations issued by or under authority of any department or independent agency"—a definition broad enough to catch all executive orders. It was proposed by Senator Mc Caran (D-Nev.), chairman of the committee.

The President's action creating some war-emergency agencies by executive order and financing them through fund transfers rather than Congressional appropriations has been attacked recently by the Senate Appropriations Committee.

□ Fresh oil—that's most important right now to save your engine from excessive, life-shortening wear.

□ Verified Lubrication for your chassis is a must, too. Every moving part, every place where metal rubs against metal, needs the right lubrication to keep it from wearing out!

□ Tires should be checked right away... maybe switched for longer life.

□ The battery needs looking over, perhaps given a full charge.

□ The radiator ought to be drained, all the sediment flushed out.

□ Transmission and differential need checking, too.

"TRANSPORTATION's getting tougher every day. If you've got a car that runs, you've got part of the nation's vital transportation right in your hands. It's your duty to make it last. Yours and mine.

"Come on in... today. This is Spring check-up time. Remember, keeping your car going is a job for both of us that's got to be done. And I can't help unless you let me!"
