I wished to avoid the use of Mr. Blair's name in any connexion so unpleasant as in this letter. He has compelled me to use it.

The publications of the Messrs. F. P. Blair are plainly enough parts of a preconcerted plan to take possession for party and private interests—the abolition party in general, and Mr. F. P. Blair, junior, in particular—of the name and fame of the deceased statesman. His life and acts are before the world. Whatever aid any party can get from them, very good. It is not my province nor disposition to interfere. But no party and no person, with whatever relations, antecedents or position, shall with impunity falsity his last days, and cite me and mine for witnesses to the falsification. Hence these remarks.

REPORTED DEATH OF THE EMPEROR OF CHINA. The New York Christian Advocate of the 16th publishes the following intelligence from a gentleman whon we suppose to be an American missionary in China:

we suppose to be an American missionary in China:

Fun Chau, China, March 22, 1858.

It is currently reported that the Emperor is dead. The Russian embassy received letters from Pekin, dated on last Christmas day, stating that the Emperor then was very sick; that his lower limbs were entirely paralyzed, and that he could not live much longer. The English embassy received news via Canton from Pekin, dated in February, 1858, to the effect that the Emperor is dead. This report, however, is not credited here. The report of the Emperor's dangerous illness seems to be well authenticated; and it is highly probable his death may soon add a fresh complication to the present negotiations, and furnish smother link to the chain of great events by which God is opening up this mighty empire to the Gospel of his Son.

SALE OF THE SOUTHERN PACIFIC RAIL

From the Marshall (Fexas) Flag of the 5th instant we glean the particulars of the sale of the Southera Pacific railroad, consisting of the twenty miles in running order, iron, cars, track, appurtenances, and all other property belonging thereunto, together with the rights and franchifes appertaining to the old company. The sale took place on Tnesday, 2d instant, under the deed of trust executed sometime last summer; and after some little bidding, the whole of this vast property, estimated by hundreds of intelligent men to be worth fally one hundred millions of dollars, was knocked off to Dr. J. M. F anders, of Harrison county, for the sum of forty thousand dollars!

At a meeting of the purchasers, the following resolu-tion was passed:

Resolved, That the purchasers of the Southern Pacific Railroad from Dr. J. M. Sanders now organize themselves into a stock company, under the law of the State ap-proved 29th of December, 1857.

The following effects were then chosen:

Mr. Wheeler was the first Philadelphian that graduated at Yale College, and, after taking his degrees in 1808, he studied law under the late Charles Channesy, esq., and was admitted to our courts in 1812. During a long professional life, passed with unblemished honor and integrity, Mr. Wheeler was also distinguished for his many social and domestic virtues. THE NEW POLICE ORGANIZATION.

THE NEW POLICE ORGANIZATION.

Roans or Aldermans.—The Board of Alderman assembled yesterday afternoon, at their chamber in the City Hall, for the purpose of considering the bill corganize a police system for the city of Washington, and to reduce the several acts in relation thereto into one. There were twelve incomes the relation thereto into one. There were twelve incomes that these gentlemen have the real good of the city at heart, and have determined that law and order shall preveil in the future.

Considerable discussion ensued in relation to the second section, which provides for the appointment of the police, particularly to the following proviso:

Ind provided farcher. That no police officer shall be allowed to be or comain a member of any live, hook and ladder, or hose company, or of any political city, association, or enganization, and that said police officers shall not be ramoved from office except for cause, and upon charge preferred against than in writing, to the Mayor.

Mr. Roman moved that the words "or of any political city, association, or organization" be stricken out.

Mr. Misons moved to amend by inserting the words "after he shall have been appointed."

Mr. Moons did not believe the clause restrained the powers of the Mayor. It merely provided that the policemen should not remain or become members of these organizations.

The Presumer held a different position.

Mr. Savrni expressed the opinion that the Mayor, in making his appointments under the bill, could not, with the aid of a "line-tooth comb," find fifteen men of no collidar party.

Several hours were then passed perfecting the bill. But little discussion ensued, and the amendments that prevailed related principally to the government of the police when on duty. These regulations are wise, and will, no doubt, make the police efficient and trustworthy. After passing through the bill in this manner, it was read the third time and passed.

And then the board adjourned till Monday next.
