Eddit Cantor Program

"Gifts For the Yanks Who Gave" it is called. Here is your opportunity to repay that debt you owe to those boys and girls who made such great sacrifices that you might have more Christmases of Peace on Earth. A little of your money and a little of your time to purchase and wrap a gift will mean so much to some young man or woman who is hospitalized or unable to be home for Christmas. If you have not already donated, BUY a gift TODAY, wrap it (state on outside if for a boy or girl) and leave at Sabins Hdw. Store in Eureka. Gifts will be boxed and mailed to Helena for distribution. This nation-wide program is sponsored by the American Legion and Auxiliaries throughout the states. Let us make a generous contribution from Eureka.

COST 1941 = \$4.01

COST 1946 = \$6.90

INCREASE = \$2.89

or 72%

DOLLARS & SENSE

When a telephone pole cost \$4.01 in 1941 and \$6.90 in 1946, anyone can see the cost has increased \$2.89. When you examine the present cost of telephones, switchboards, cable, etc., and find a similar increase in prices, it becomes very clear that the cost of providing telephone service is increasing to an alarming extent. Knowing how highly this community values telephone service, we feel that you would want to be sure of our difficulties in operating today.
