

SCHEIB ACCUSED OF HIS MURDER

Police Act Quickly in Bathtub Mystery in Order to Hold the Suspect

CASE NOT THOROUGHLY WORKED UP

Police Were Not Prepared to Make Extreme Charge at This Time, But Were Unable to Hold Him on Other Complaints—Twice Arrested for Minor Offences—O'Grady Identifies Schieb as Sherman.

New York, June 1.—The cautious steps which the police have taken in solving the bathtub mystery in the investigation of the mysterious death of his wife, Lillian Schieb, whose decomposed body was found in the bathtub of a vacant flat three days ago, led tonight to the third arrest of the man.

This time he is formally charged with murder, on an affidavit sworn to by a police inspector, based on "information and belief."

Schieb looked up. Schieb was locked up at police headquarters tonight pending completion of a hearing which was begun directly after his arrest, but was adjourned until the district attorney's office could call other witnesses.

Supposed Father of Girl Arrives. Connor O'Grady of Springfield, Mass., arrived here tonight to try to learn if the dead woman was his daughter. Lillian, from whom he had not heard since last November, O'Grady understood his daughter married a man named Hugh Sherman here and up to last November he wrote letters addressed to her under that name.

O'Grady identified Schieb, the prisoner tonight as the man he knew as Hugh Sherman, his daughter's husband. When asked about the baby, he said without hesitation that it was "Sherman," and later when taken before the prisoner at the police headquarters he positively identified him.

Schieb Refuses to Answer Questions. Mr. O'Grady put several questions to the prisoner, but on the advice of counsel Schieb refused to answer. He was taken to the city hall with a detective O'Grady left police headquarters on what was understood to be the advice of his friends of the dead woman, to learn whether she was seen at any time during the time she was missing.

Admitted Till Saturday. The hearing was adjourned until Saturday. It was then that the authorities decided to go so far as to charge him with homicide.

Brief Hearing Held. At the hearing, which was hurriedly arranged in the police court tonight, Inspector Russell's affidavit on which the man was arrested was read and the case was continued by Coroner's Physician Leane.

Evidence Not Strong. It was declared that the strongest of the known facts in the case were that the woman found in the bathtub had been dead at least four months and that, according to an admission by the prisoner, she had been missing since April 25 and at other times during the past four months.

Believes "Mrs. Sherman" Is "Mrs. Schieb." The fact that these letters were found in Schieb's home convinces the police that "Mrs. Sherman" is "Mrs. Schieb," the victim of the alleged murder. O'Grady will try to identify the body as that of his daughter, but in its state of decomposition it is presumed this will be impossible.

Fired for Violating Auto Law. The efforts of the authorities today to keep their hands on Schieb were vigorously opposed by his counsel. When detained today on the charge of running an automobile without a license, Schieb pleaded guilty and paid a \$10 fine.

Held as Suspicious Person. He was still held as a "suspicious person," but his counsel finally obtained his release on a writ of habeas corpus.

Charged with Grand Larceny. Then he was again arrested, charged with grand larceny in the alleged theft of an automobile from the garage where he was employed. No complaint appeared and the case was dismissed.

Homicide Then Charged. It was then that the authorities decided to go so far as to charge him with homicide.

Crisis in Fight

For Reciprocity

WHEN FREE LIST AMENDMENT IS OFFERED.

WILL EMBARRASS DEMOCRATS

President Taft Tries to Smooth the Way for Them and Presents a Plan Which Meets With Favor.

Washington, June 1.—The crisis in the fight in the senate on Canadian reciprocity is expected when the democratic armory free list bill is offered as an amendment to the bill carrying the agreement into effect. That such an amendment will be offered for the purpose of embarrassing the democratic supporters of reciprocity seems certain.

President Holding Daily Conferences. It is toward this critical contingency that President Taft just now is devoting his attention. He is holding daily conferences at the White House in an effort to keep republican and democratic senators alike in line for the pact.

Believes It Will Pass Senate. President Taft is certain that the reciprocity bill will pass the senate by a comfortable majority if it can be brought to a final vote without amendment. He feels that the test for the true friends of reciprocity will come with the proposed amendments to be offered from the floor.

Will Be Reported by Finance Committee. Mr. Taft has recently had assurances that the bill will be reported by the finance committee without amendment and without recommendation. This is what he greatly desires.

Amendment Would Kill Bill. The president feels that any amendment in the senate will defeat the bill and he believes that to be the purpose of some senators who have proposed amendments. The proposed Root, Lodge and Nelson amendments have been introduced with these senators, but he has not hesitated to express his views regarding them.

Taft Trying to Help Democrats. Fully cognizant of the fact that he must depend upon the almost solid vote of the democrats in the senate to carry the bill, President Taft has been endeavoring to devise a means to help them out of the dilemma that will be presented when they are asked to vote for or against the free list bill as a rider to the reciprocity bill.

Don't Want Free List Bill Stuffed. Some democratic senators have told the president frankly they would vote against the free list amendment if they could. The president has been endeavoring to devise a means to help them out of the dilemma that will be presented when they are asked to vote for or against the free list bill as a rider to the reciprocity bill.

An Indian Tonic

Given Mrs. Bull

ADMINISTERED AGAINST ORDERS OF PHYSICIANS.

TESTIMONY IN WILL CASE

Brother of Dead Woman Said He Noticed a Depression in Her Spirits While She Was Taking It.

Alfred, Me., June 1.—An Indian tonic was administered to Mrs. Ole Bull, widow of the great chief, during her last sickness by a member of her household in violation of the orders of the attending physicians, according to testimony given today by Joseph G. Thorp, brother of Mrs. Bull and executor of her will, who was a witness in the proceedings brought by Mrs. Bull's daughter, Mrs. Ole Bull Vaughn, to set aside the will.

Condition Changed While Using It. Mr. Thorp testified that he had heard complaints about the giving of the tonic and that he had noticed that his sister's condition changed suddenly during the time that she was taking it.

He had noticed for some time, immediately after the tonic was given, what he thought was a quick depression in her spirits, but it was not until the tonic was given that he learned of the administering of the tonic.

Against Wishes of Physicians. When he died, he left through his receipt of a bottle of the medicine postmarked in India and addressed to Mrs. Bull, he inquired and found the tonic had been given to his sister during her last and preceding illness by a member of Mrs. Bull's household and he was greatly disappointed in the attending physicians.

Has a Bottle of the Tonic. He said he has in his possession the bottle of tonic which he received at his home in Cambridge. A physician who is to appear in the case later will be able to explain more fully its effects.

Mrs. Bull's Feelings Toward Mrs. Shapleigh. The witness also testified regarding the personal feelings of Mrs. Bull toward Mrs. Shapleigh, who was formerly a nurse in the Bull family, and who was a member of the Harriet Tubman memorial fund.
