### Alaska Day Program

The program for the next meeting of the Aurora Borealis Literary society will be an Alaska day program and will be announced later.

### Locker Gets Cleaned Up

The lockers in the school building have had a much needed cleaning up. Acting under the direction of Miss Wilson, assisted by Mrs. Bunting, all condemned books have been removed by Mr. Johnson to the furnace room where after proper inspection and condemnation by the Board of Education, a disposal of them will be made.

The locker was so filled up with utterly useless things that it was impossible to find anything that could be used to advantage in the school.

The space left vacated by the removal of the books has been utilized in the filing of back numbers of magazines so that the students doing literary and historic work may use them for reference.

### Second Meeting Aurora Borealis

The second meeting of the Aurora Borealis Literary Society was held yesterday afternoon. The minutes of the last meeting were read and the Sentimental roll was called. That is when the members' names are called they answer with a quotation. The next on the program was a discussion of current events by Andrew Stevenson, Jr., Lola Malan and Edward McKay. The club sang the song "Tramp, Tramp, Tramp," and Floris Clark and Ruth Achison gave recitations. Ellen Rogers discussed the subject, "The Russian Revolution to Date." The next was a well rendered solo by Birdie Selmer. Gertrud Liddicott and Joseph Pedersen debated the question, "Was Antony a Villain." The negative was upheld by Joseph and the affirmative by Gertrude. Good points were given on both sides and the judges could reach no decision. The critic then gave her report of the program. Miss Wilson made several remarks on the manner of conducting a meeting. The society adjourned with the singing of America.

### Baskets Nearly Finished

The baskets started two or three weeks ago by the 2nd room are nearing completion. Some have been finished.

### First Room Makes Raffle Hanging Baskets

This week the first room has been making raffle hanging baskets. First the loom has to be made and then the raffle must be tied to it. When the basket is finished a glass is to be placed inside to hold plants or water. The second grade is starting their baskets first so that they will understand it when the first grade begins and can help them if necessary.

### Knit For The Red Cross

The 9th grade girls have taken up knitting for the Red Cross. Under Mrs. L. Talbot's instruction the class is learning to knit wash rags. The knitting will be followed for some time in place of sewing.
