Semi-Weckly. (Published three times a week during the session.)

## Particular Notice.

From particular information received at this office, we owe it to our selves and the public to withdraw all our travelling agencies, excepting was concerned. With the new conductors of the paper, no arrange ments have been made.

## The State Convention.

The question has been raised as to whether, under the vote given at the late election, as prescribed by the law of last winter, a convention for the amend-

have not been governed by our own judgment alone, shows them to be obnoxious to. but have been sustained by able lawyers whom we have consulted on the subject. Thus fortified, we sions and the reasons for them.

The law of last winter, in relation to the sulject, was intended to afford to the electors of the State an bas not long since publicly branded the nose-pulling and opportunity to determine in respect to holding a Con-

This portion of the Constitution does not confer, amending the constitution.

Under this provision of the constitution, what ma- "Since we must have some Locofocos elected to editor of the Wabash Express is excepted.

upon the question of the convention. It appears to be plain, that this provision of the constitution has no reference to a majority of all the votes given at the August election, for there is no such expression in the language used. It must be such expression in the language used in the which prove to be a curse to the possesses to the most important subject in the which gives and expression in the language used in the which prove to be a curse to the possesses the most important subject in the which gives and expression in the language in the language in the language used. It must be such expression in the language used in the which prove to be a curse to the possesses the matter and enact laws which the case who distract our Legislature and enact laws which the case which the case which the case which the case which the possesses in the language the constitution,-that is, the election for governor,

fer to the election held for governor.

there shall be a majority of all the votes given at positions." such election, in favor of a convention, the governor or they make nonsense.

tion speaks of "a majority of the votes given," &c. very best, we can only say for him, that if not corvision in our constitution or laws that a majority of ness and independence. Those who act from merce- curred in the communication of E. N. Shimer on of votes given upon that measure. So for the elec. are governed by their convictions of what is RIGHT. A sentence in the ninth paragraph of Mr. Shimer's tion of officers. We have no quorum of electors at elections.

It may be said, that by this construction of the constitution, a less number than a majority of all the electors may call a convention. So a less number than such a majority may do so by the construction number of votes for Governor is elected, although not one tenth the number of votes should be given for Governor which are given for Lt. Governor. A case may happen in which the number of votes given for a convention shall be equal to a majority of all the votes given in the election for governor, and vet, not convention. What construction should be given to State, conclusively proves the truth of these axioms. penitentiary. Brusman, the P. M. at Little York,

the Constitution in such a case? of the people, under the 2d section of the 1st article of the Constitution, still remains unimpaired. The of protection, as they call it.

exigency may call for.

as decided and peremptory by the vote at the late Indiana State Sentinel. election, as if every elector in the State had voted any interest in the matter have said that there are abuses in our Constitution which they wish to reform. Those who voted have considered the subject, and The following will hereafter be the permanent terms expressed the will of the people throughout the State.

Captain Tipton of the Mounted Dra-

Pulling." We introduce the following extract from the Lo-Twenty copies, one year, directed to one person, 20.00 gansport "Democratic Pharos," of August 26, under the attention to the statements here made, not only One copy, ..... \$1.00 | Three copies, .... \$10.00 of our own citizens, but of those also who may come into official and personal contact with Captain Tirron elsewhere. We know not how he may interpret the obligations which the laws of personal honor and that of E. S. Truen; and also, all arrangements heretofore made with gentlemanly feeling should impose upon every man the "Western Cultivator," and "Spectator," so far as its old proprietor under such circumstances, but it seems to us that no consideration-not even party success-should induce a gentleman to suffer his name to be used to give force and effect to a base and infamous falsehood. It may strike Captain Tipton's mind differently. At any rate, the Whig party had the benefit of the lie, so far as their own party was concerned,-for of course no Democrat ever for a moment believed it: ment of the Constitution of the State can be legally and now let their editors and politicians who fabricated it and a ded in giving it currency, take the In reply to the objections which have been made, stigma which the tacit admission of Captain Tipton and in making up our conclusions on the subject, we himself, of the untruth of the charge, unquestionably
