Great Fire in Waldoboro'.

On the 25th inst., about 1 o'clock P. M. Waldoboro was visited by one of the most destructive fires on record, this side of San Francisco. The entire business portion of the village was burnt to ashes. Not a store or workshop is left. Mechanics had no time to save their tools. The Goods IN THE STORES, (thirty-seven in number) were consumed, and consequently no article of provisions, clothing, furniture or medicine can now be purchased. About seventy-five families are destitute of

homes, food and raiment.

The fire spread with such fearful rapidity, that not even the ladies had an opportunity to save a change of clothing for themselves or

We cheerfully give place to the above appeal, and trust that sympathy and "material uid " may be extended to the sufferers. Subscriptions have been started in many of the cities and towns. There is one in circulation in this city. As there are many of our citizens who would like to do something, and may not have an opportunity in this way, we take the liberty to suggest that a collection be taken in all our churches for that purpose.

THE WEATHER has changed. Rain, rain, rain, has come at last, gladdening the face of the thirsty earth, and filling human faces with sunshine. With no premonition on Monday night, the stars being out in all their brightness, Tuesday morning was ushered in with a pattering on the roofs and against the window panes. People jumped up in wonder and gladness and peeped out. Sure enough, there were the glittering rain drops. The fences, the gardens, the trees, the grass-the earth was wet-and ten thousand hearty thanksgivings ascended to the Giver of every good and perfect gift. At the bresent writing, the streets of Bath are rather muddy-decidedly wet-and we notice as a singular fact, the people do not seem to mind the dampness. Without regard to cross-walks, which do not amount to much, however, in this city, the citizens pitch into the mud simultaneously and with no compunction. Polished boots suffer.

Soles are muddy and spring-front pants out Soles are muddy and and particularly of Bath. When we get anything good, we are apt to wear it out, or "run it into the ground," as the saying is. But no matter for that. We have had a refreshing rain and are glad of it.

lows .- The last accounts indicate that the whigs have not made a great haul in Iowa. The Democrats have one majority in the Senate and the fusionists have one in the House. So the Legislature will be tied on the joint ballot, if this is correct, and probably no U.S. Senator will be chosen.

It is also stated that the Democratic candidates for the whole of the state officers, except Governor, are elected, viz : Secetary of State, Attorney General, Treasurer and Auditor.

The next annual meeting of the Amer ican Board of Commissioners for Foreign Missions is to be held in Hartford, Ct., commencing Tuesday, September 12th, at four o'clock, P. The Argus says "we have noticed with extreme regret an ill-natured attack upon Mr. Glazier's Commencement Poem at Brunswick, in the Saco Democrat. Probably the Democrat's correspondent desired to acquire a character for originality, by differing with everybody else in regard to the undeniable merit of the production referred to."

The Belfast Free Press says of George W. White, Esq., a synopsis of whose speech exposing the Rev. Ebenezer Knowlton we published last week, is "a true-hearted democrat, and a more honorable and unselfish man never lived in Waldo county."

A CURIOSITY .- We were shown, a few days since, an egg plant upon which was hanging an egg so nearly like the hen's egg, that separated from it, we could hardly detect the difference. It is sometimes cultivated as a house plant, in this region, but very seldom raised in the garden. The one shown us was raised in the garden of Mr. John Hilling.

FARE RAISED .- The fare to Boston, by steamer Eastern State, is now fixed at \$1. This is a capital sea boat, and her officers are deservedly popular with all who know them.

The Kennebec Journal, a "truck and dicker" whig paper, edited by a fifteenth rate lawyer of the Kennebec bar, don't like the nomination of George Rogers, or the Sagadahoc resolutions. A CONSISTENT PARTY .- The same men, in the same party, that only two years ago at-tempted to rally foreigners to give the "rich Irish brogue " of their voices to Gen. Scott, and invoked the "honest German accent" of another class, and who invoked the Catholics to vote against Gen. Pierce because his State train ran over him. excluded Catholics from office, and to vote for Scott because his daughter was in a nunnery, now leads the proscription against foreigners and Catholics.

The very same men are organized into a coercive temperance party, who a few years ago, in 1840, were organized to music, with choruses like this :-

Cold water may do for the Locos, Or a little vinegar stew; But give us hard cider and Whiskey, To drink to "Old Tippecanoe."
