THE WILD CHERRY AND SARSAPARILLA, which, on the basis of this preparation, have long been celebrated in Consumption and Scrofula, Diseases of the skin, Coughs, Colds, Spitting of Blood, Asthma, &c. Though this remedy has been but a short time before the public, yet it has gained perhaps more character and reputation as a curative in those diseases than any remedy of the day. The Bishop of the Protestant Episcopal church, (the Right Rev. W. R. Whittingham,) authorized us to say he has used it in his own person with decided benefit—Dr. S. Harper, of Kent Island, has written to us, he has used it with great success in his practice [see his letter in the pamphlet.] And in a letter from a lady on the Eastern Shore of this State, she says: "I had a letter from Miss Eon Tuesday; she says mother has requested her to say, Isabel derived almost instantaneous relief from DR. MATTIN'S SYRUP OF WILD CHERRY.

MARTIN'S COMPOUND SYRUP OF WILD CHERRY has done, we feel bound to make it knewn. There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalited for the cure of Coughs, Colds, and diseases of this kind."

Mr. Henry Beverson, of the same place, says in his certificate dated 22d March, 1849: "I applied to a number of physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect, no permanent cure having been effected. I was at length induced, at the recommendation of your worthy agent at this place, to try a bottle of your NATIONAL. TONIC, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles." In a joint certificate from Mesers. Miles Kaho, William Blackson, and James D.
