Cleveland, Oct. 22. (By Associated Press)—For the "big five" railroad transportation chiefs, W. G. Lee, president of the Brotherhood of Railroad Trainmen; Warren S. Stone, president of the Brotherhood of Locomotive Engineers; W. S. Carter, president of the Brotherhood of Firemen and Engineers; and L. E. Shephard, president of the order of railway conductors, were in conference today discussing the citation for them to appear before the railroad labor board at Chicago next Wednesday, and general matters pertaining to the proposed strike.

The executive committee of the firemen and engineers and the advisory board of the engineers also attended the conference. Mr. Stone said that T. C. Cashen, president of the switchmen's union of North America will arrive here tomorrow.

**I. & G. N. Strike On.**  
Cleveland, Oct. 22. (By Associated Press)—Referring to the strike of approximately 600 members of the Brotherhood of Railroad Trainmen, scheduled for noon today on the International and Great Northern railroad of Texas, W. C. Lee, president of the trainmen this morning said: "The men and committees of the Brotherhood of that railroad have voted to withdraw from the service and authority as vested in our constitution, has been given them and the matter is entirely out of my hands."

**Stand of Workers Firm.**  
San Antonio, Tex., Oct. 22.—No change has been made in strike plans and brakemen and switchmen on the International and Great Northern railroad are expected to be out tomorrow. General chairman of the trainmen's Brotherhood committee declared as the hour for the walkout drew near. "I have received no word from W. G. Lee and the strike will begin on schedule time," he added.

**Chicago Optimistic**  
Chicago, Oct. 22.—(By the Associated Press)—Hopes for a peaceful settlement of the national transportation crisis were brighter today with the agreement of rail executives and Brotherhood strike leaders to respond to the summons of the labor board for an open conference here next Wednesday on the wage and working rules dispute.

While Brotherhood chiefs in conference at Cleveland stated their willingness to meet the executives and the board it was indicated they had made no plans for suspending the strike plans pending the negotiations. Reports from San Antonio headquarters of the strike of 600 trainmen on the International and Great Northern, called for noon today, declared it would be "a 100 per cent affair."

**Executives to Attend**  
S. F. Pelton, president of the Chicago Great Western and chairman at the meeting of western executives here yesterday declared the executives would obey not only the order to appear for the conference but also the board's order that the situation remain unchanged pending the conference and the boards decision resulting from it. Measures to combat the strike will be abandoned, he said, until the hearing but advertisements to fill the places of strikers appeared today in St. Louis newspapers.

**Labor Board to Wait**  
Chicago, Oct. 22.—(By the Associated Press)—The U. S. Railroad Labor Board probably will take no immediate action if the trainmen on the International and Great Northern carry out their announced intention of striking at noon today, members of the board stated this morning.

"If they go out today they are in defiance of the board's order yesterday," G. W. W. Hanger, member of the board, said.

It is probable, however, that the board will defer action until after the hearing here next Wednesday, when the big four Brotherhoods of the switchmen's union and class A roads have been cited to appear.

The statement issued by W. G. Lee, president of the Brotherhood of Railroad Trainmen at Cleveland today, follows the same line of argument presented by the Union here last Wednesday. It was learned today.

Regarding Lee's statement of the 3 causes for the proposed strike, it was unofficially pointed out that a strike over the first—The July 1 wage reduction—would constitute a violation of the board's decision but that a strike over the latter two would be a violation of the law itself. Neither the question of proposed further wage reductions or changes in working rules has been submitted to and decided by the board, and the transportation act specifically provides that both sides "shall" refer their disputes to the board for arbitration before taking any other action.

The Tremont and Gulf railroad of Louisiana will obey the board's order to call off its announced return to

**MAYOR CURTIS WANTS  
RICHARDSON REMOVED****Police Board Will Act On  
Suggestion When Court  
Record is Secured.**

Mayor Orson F. Curtis has suggested to Chairman P. F. King of the board of police commissioners that Detective Sergeant A. J. Richardson, now confined to the county jail on charges of concealing a stolen automobile, be dropped from the police department.

The mayor has pointed out that Richardson has entered a plea of guilty and there is, therefore, no occasion for further investigation. In line with the mayor's suggestion, Chairman King has requested Chief of Police William J. Rawlings to secure an abstract of the court record showing Richardson's plea, and the record will be introduced at the next meeting of the police board.

If the detective sergeant has pleaded guilty, the police board chairman anticipates that he will be removed from the force, but he feels that, in justice to Richardson, a certified copy of the court proceedings should first be secured.

Chief Rawlings said this morning that he had received instructions to secure a copy of the record but has not done so as yet.

**REPORTING SLOWLY****Truck Owners Not Co-operating With  
Chamber of Commerce—Meeting  
Probably Next Week.**

No action has been taken by the local chamber of commerce in connection with the threatened railway strike. A meeting will be held some time next week at which the impending crisis probably will be discussed and steps taken to take care of local merchants and industries if necessary.

Secretary Ray L. Makin, on his own responsibility, has issued an appeal for truck owners and drivers to report to the chamber the number and size of trucks available so they can be mobilized in case of an emergency. Up to date there have been very few replies to this appeal and there seems to be "little interest," shown by local draymen. In the event of a strike and it became necessary for the chamber of commerce to call upon trucks for assistance, those which are listed at the Main street headquarters, will be the first to be called.

Mexico City, Oct. 22.—Negotiations looking to refunding of Mexico's foreign debt and establishment of a national credit which have been going on between Thomas W. Lamont and Adolfo de la Huerta, secretary of the treasury for two weeks have apparently failed of practical result.

Mr. Lamont is returning to New York. He left no representatives here, and is expected to be in the Associated Press that Mr. Lamont's report would be made to a group of American and European bankers about October 30. President Oregon declined to comment last night on Mr. Lamont's departure, saying that all statements would be made by Secretary Huerta.

**Capt. Greene, Who Leads Army Attack on Yale****More Than 75,000 People Witness  
Yale-West Point Battle In Bowl**

New Haven, Oct. 22.—The Army came from the banks of the Hudson to the playground of the Yale bulldog today for a football battle, resuming relations in that sport after a lapse of eight years. When the Army came into the city 1,400 strong it was the first time the West Pointers had ever invaded a college stronghold in force or in a football attack and the occasion stood out both as a spectacle and a game.

**Record Attendance.**  
The settings of the Bowl in which at least 75,000 persons were herded, a record for attendance here, were much like those at other big games of Yale at home except that in contrast to the massing of waves of blue banners there was on the east side a great block of cadet gray. The whole color scheme, which had dashes of Harvard crimson, and Princeton orange and black was liberally splashed with soft gray of detached groups of local rooters for the army lads.

**Distinguished Visitors.**  
Several hundred officers of the Army from posts and forts in the eastern section of the country were a part of the great throng. Gen. McArthur, commander at West Point, was the guest of President James Rowland Angell of the university and Mrs. Angell sitting with them in the Yale section. But the Army support included Secretary of War Weeks, Major Gen. Edwards of the first corps area and members of his staff, while Colonels, Majors and Captains flanked the high officers. On the Yale side were Governor Lake, Lieut. Governor Templeton, U. S. Sen-

ator Wadsworth, Jr., of New York, and a cluster of figures well known in political and college life.

**FORMER AUSTRIAN EMPEROR  
GOES TO BURGENLAND; HAS  
BEGUN MARCH ON BUDAPEST****NO FUNDS AVAILABLE;  
CITY DISCHARGES MEN****Street Gangs Complete Work  
Tonight and Will Not  
Be Replaced.**

As a result of the action of the City meeting at last night's session when the issuance of street bonds to the amount of \$50,000 was turned down, a notice was posted today at the Municipal Employment bureau, announcing that no further work can be given out.

The notice reads as follows:  
"No Work Cards Given Out Today. This action is due to the City meeting last night refusing to vote further funds for street works."

In anticipation of favorable action by the meeting, the public works board had requisitioned 40 laborers from the employment bureau and that number of men were notified to call this morning for their cards. An additional 100 men making a total of 140, were given conditional promises, it being felt that further requisitions were probable. When the men called this morning copies of the notice in English, Italian, Spanish and Polish greeted their eyes.

Mayor O. F. Curtis expressed himself as of the opinion that the result of the city meeting's action will be the discontinuance of city work for the remainder of the year. It will not be possible, he feels, to get the suggested tax before a meeting for about a month, and at that time the season will have expired and nothing can be done.

Explaining the course through which the tax must pass, the mayor pointed out that a meeting of the board of finance and taxation would be called for next week. A special common council session would be necessitated, with a five days notice. After that meeting a 15 day notice for City Meeting board members would be required and then an additional five days for amendments.

The mayor was undecided this morning as to whether or not the office of the employment bureau will be closed. He intimated that, since there appears no further need for the service, there is nothing to do but suspend operations.

Chairman Maurice Pease gave a report of the committee doings and lauded the spirit of the public in supporting the Legion and he also stated that the worthy cause was supported beyond his expectation. The meeting adopted, with thanks, the report of Chairman Pease.

James Rogers of the ticket committee, spoke in glowing terms of the local societies and of individual members of the Legion who sold a large number of tickets. Mr. Rogers' report was also accepted with thanks.

**TAXES WORKED OUT****Collector Has Received \$5,500 From  
Taxpayers Who Turned Over Pay

Approximately \$5,500 has been paid into the city treasury through the office of tax collector by persons working out their tax bills in the city employ. A goodly portion of this is money which the city would not receive for several months at least, had it not been possible for the taxpayers to work for the city.

The books in Collector Bernadotte Loomis' office indicate that 30 accounts were cleaned up entirely in this manner. At one time there were 30 persons working for the city who were paying taxes. Sixteen more were slated to go to work Monday morning, but because of the discontinuance of street work they have been notified not to report.

Airship****Provisional Government, Ad-

tablished in Ex-Ruler's  
Interests.**

Berne, Switzerland, Oct. 22.—Former Emperor Charles of Austria has arrived at Odenburg, Burgenland, in an airship from Switzerland, says a Vienna dispatch received here. The former emperor since his attempt to carry out a coup d'etat in Hungary last March, has been at Hertenstein, near Lucerne.

It is learned here that four tickets were purchased Wednesday at the office of the Aerial Transport Co. for a journey to Geneva and return. Airplane CH-50 was prepared for the trip and started Thursday, shortly after midday with four passengers. As the passengers were well wrapped up it was impossible to recognize their faces.

**Disputed Territory.**

The district of Burgenland is disputed territory between Austria and Hungary. It was awarded to Austria but was occupied some months ago by Hungarian irregular troops. At a conference in Venice last week, it was decided that Burgenland should be turned over to Austria, but that Odenburg and its surrounding district should hold a plebiscite which would decide the future status of that immediate territory. Hungarian leaders, particularly former Premier Friedrich, declared they would not withdraw the Hungarian troops in the district.

Behind the attempt of the Hungarians to regain possession of Burgenland there has been the threat of a return to west Hungary of former Emperor Charles.

**Vienna Gets Report.**

Vienna, Oct. 22. (By Associated Press).—Former Emperor Charles of Austria Hungary arrived at Odenburg, Burgenland Friday afternoon in an airship from Switzerland, according to an Odenburg message today and is reported to be proceeding towards Budapest, escorted by troops.

**Provisional Government.**

A provisional government, the advices state, has been formed in Burgenland in the ex-emperor's interest under Count Jules Andrássy, former Austro-Hungarian foreign minister. A message which reached the Entente mission here this forenoon confirmed the advices that former Emperor Charles had arrived at Odenburg in an airship. This message places the time of his arrival at Thursday afternoon.

**Will Oust Charles**

Paris, Oct. 22.—The Hungarian government will act as it did on the occasion of the previous attempt of former Emperor Charles to resume the throne in Hungary, according to information obtained here today, and will take measures to expel the former monarch from Hungarian territory, it is declared. Railways and telephone and telegraph lines have been cut at the Hungarian frontier.

The situation in Vienna is tense. It is rumored here that the Czechs are mobilizing.

The Austrian government announced this forenoon that all precautions had been taken to deal with the situation. The entire police force and the city guards, including the reserves, were called out, and extra ammunition was dispatched to the frontier forces.

Political observers believe that the Austrian supporters of the ex-emperor will support any action in his behalf on Hungarian territory pending a decisive outcome of his venture into Hungary.

The Oostenburg forces immediately went over to Charles upon his arrival at Odenburg and he was proclaimed king according to the message.

While it was generally believed that Charles, accompanied by troops, was on his way to Budapest this was not actually known to be a fact. Later it was learned that in addition to Count Andrássy the provisional government includes Stephan Rakovsky, former vice-president of the lower house of the Hungarian parliament; Count Albert Apponyi, former Hungarian premier, and Gustave Gratz, former Hungarian foreign minister.

All telegraphic and telephonic communications with west Hungary have been interrupted since ten o'clock last evening. British Minister Lindley received late yesterday evening the first news of Charles' arrival in west Hungary. He immediately notified Chancellor Schober who summoned a midnight conference of political leaders.
