## BRITISH SUPERDREADNOUGHT NOW CLAIMED TO HAVE MET DISASTER

### Early Rumors Confirmed; Allies' Scouts Now Close To Ostend

#### AUDACIOUS SOMEHOW STRUCK

LETTERS FROM IRELAND CONFIRM RUMORS THAT ONE OF BRITAIN'S GREAT-EST WARSHIPS HAS BEEN PUT OUT OF BUSINESS—LINER OLYMPIC RESCUED CREW—MAY HAVE BEEN COLLISION

[Special Star-Bulletin Correspondence]  
NEW YORK, N. Y., Nov. 14.—Letters received from Ireland confirm the rumors that reached the United States by cable that the great British superdreadnought Audacious has met disaster. The rumor first arose when the White Star liner Olympic put into the Lough of Swilly on October 29. The disaster is supposed to have been due to a torpedo or mine, and to have occurred on October 27. The Olympic rescued the whole crew.

On October 29 the following Associated Press despatch was received here:

"The great White Star liner Olympic, bound from New York for Glasgow, was warned of the presence of German mines off Torry island and put into Lough Swilly. Her passengers were sent to Londonderry by special train."

The Audacious was completed in 1913, with a normal displacement of 25,000 tons and a full load capacity of 27,000 tons. She is 596 feet long over all, with a speed of 21 knots and carries a formidable array of guns, including ten 13.5 inch and 20 4-inch or 6-inch. She is one of the greatest ships in the British navy, being one of the "King George" class.

E. D. Tenney, president of Castle & Cooke, spent one day on his recent visit to the coast at the Crockett sugar refinery, which is largely owned in Hawaii, and found the plant in excellent condition for the large business in prospect for 1915.

F. A. Clowes, director of the substitution of the Hawaii experiment station at Glenwood, Hawaii, has written an article showing the great benefits the institution has conferred on small farmers in that part of the Big Island.

#### KAWAIAHAO SEMINARY WILL SOON CELEBRATE 50TH ANNIVERSARY

A notable celebration among the institutions of Hawaii will take place on Saturday, November 28, when Kawaiahao Seminary commemorates its fiftieth anniversary.

The seminary, now situated on Armstrong street, was started in the home of Mrs. Gulick for the purpose of educating and properly taking care of Hawaiian girls. For the fiftieth anniversary program a pageant is planned, depicting the history and life of the school during its existence. The pageant is to be held on the three fine playgrounds on the mauka side of the seminary, overlooking the mountains and Diamond Head, and will begin at 3 o'clock.

#### PATROLS OF ALLIES NEAR OSTEND NOW

Amsterdam Despatch Indicates Advance Made Upon City Germans Captured

[Special Star-Bulletin Correspondence]  
AMSTERDAM, Netherlands, Nov. 14.—The patrols of the Allies are now reconnoitering within a few miles of Ostend.

#### LONDON REPORT APPARENTLY SAYS ALLIES WEAKEN

[Associated Press by Fed. Wireless]  
LONDON, Eng., Nov. 14.—Official—Unofficial reports agree that the assault of the Allies is weakening.

(Note.—The tenor of the above despatch is so apparently illogical that a mistake has probably been made, though up to the time of going to press no correction had been received. The Allies report that their patrols are nearing Ostend, which does not coincide with the alleged "official" admission that the assault of the Allies is weakening. It is believed the London report is that the assault of the enemy is weakening.)

#### BOTH TURKS AND RUSSIANS CLAIM ADVANCES MADE

[Associated Press by Fed. Wireless]  
LONDON, Eng., Nov. 14.—The Turks and the Russians both claim advances in the fighting on the Caucasian border.

[Associated Press by Fed. Wireless]  
LONDON, Eng., Nov. 14.—The Turks renew claims to victory over the Russians. They assert that the Russians have lost 4000 dead and wounded and 500 prisoners in recent fighting.

#### CONFERENCE ON MEXICAN PLANS TAKES RECESS

[Associated Press by Fed. Wireless]  
AGUAS CALIENTES, Mex., Nov. 14.—The Mexican convention which chose a new provisional president, Gutierrez, has adjourned for 10 days.

The annual meeting and election of officers of the Honolulu Yacht and Boat Club will be held at the clubhouse next Wednesday evening, November 18, at 7:30 o'clock.

#### MARU BOATS ARE PREPARING FOR A LONG HILO VISIT

Seiyo and Kiyo May Remain in Neutral Waters Until the Ocean Is Clear

Two big Japanese steamers, the Seiyo and Kiyo, now at Hilo, may be elected to remain in neutral waters for an extended period unless there is a speedy disposal of a fleet of German cruisers now reported in the south Pacific.

The Seiyo and Kiyo, with about 900 passengers destined for Mexico, Central and South America, continue an object of interest to Japanese residents on the big island, at the same time the vessels are a matter of grave concern to the owners at Tokyo.

The Seiyo Maru is the latest addition to the fleet at Hilo and she put in an appearance on Tuesday and at first it was thought that she was a Japanese warship.

The Seiyo wasted no time coming into the harbor, and when she was boarded by the harbor master many questions were asked as to which were the best anchorage. This led to the belief that the Seiyo would remain some time in the harbor. The captain stated that he would have to await orders from Yokohama, and he also said that prior to reaching Honolulu he did not know the Kiyo Maru was detained here.

The Kiyo's list had been added to by the birth of a baby boy, who arrived on Tuesday morning. The youngster is to be named Kiyo Hilo, and there is much discussion now as to his nationality. Born on a Japanese steamer, in American waters during a state of war, and on his road to Peru, is the present status of the youngster.

#### REPUBLICANS TO HOLD BIG RALLY AT AALA PARK

Tonight's Eloquence Free To G. O. P., Democrats and The Progressives

Flags, torches and speeches will illuminate and make picturesque Aala park tonight when the Oahu Republicans get together in a grand rally and ratification meeting to congratulate each other and the city and county on the sweeping G. O. P. victory on election day and to promise the electorate again to live up to campaign pledges.

Walter Coombs, the youthful county chairman, who led his forces to a sweeping political victory on a small campaign fund, will preside and may tell how it was done.

Robert W. Shingle, former territorial chairman; W. T. Rawlins, representative; Senator-elect Charles F. Child; George J. K. Kahanalohe, elected delegate to Congress; Robert W. Breckinridge, war hero and successful political speaker; Eli J. Crawford, named representative from the fifth district; Charles E. Arnold, supervisor-elect, and John E. Lane, who will succeed Joe Fern as mayor, are the speakers in about the order named.

The band will play from 7 to 8 o'clock and from 8 until an indefinite hour the Regis orchestra will play. A general invitation is issued, the outpouring of eloquence being free to Republicans, Democrats and the local Progressives.

Material for local fertilizer companies is reported to make up the bulk of the cargo on board the British steamship Glenroy, which, according to report brought to Honolulu today, left London on October 10 for Victoria, B. C., Honolulu and Yokohama via Panama canal. In addition to 1500 tons of fertilizer the vessel is understood will bring about 2200 cases of liquor.

The governor today granted the Oahu Railway and Land Company an extension of its Kula branch line, extending up to the pineapple lands this side of Waihola, on the acreage known as the Honolulu lands.

#### M'CARN WILL CONTINUE ON THE BIG JOB

Cablegram Intimates Department of Justice Refuses to Accept Resignation

That Jeff McCarn will continue in office as district attorney for Hawaii is the announcement which has been given out by the department of justice in Washington, D. C., and cabled to Honolulu this morning by the Star-Bulletin's correspondent in the national capital.

The text of the cablegram follows:

"McCarn continues in office, department says."

When shown the cablegram, Mr. McCarn remarked that he "was glad to hear of it." Asked for his version of the despatch, he said:

"If the department of justice says that a man continues in office, I take it that it means his resignation has not been accepted."

Mr. McCarn stated to the Star-Bulletin a few days ago that he had tendered his resignation to the attorney-general.

"Has your resignation been accepted or not?" was the query then.

"I have no statement to make concerning that," replied the district attorney.

The silence which Mr. McCarn has maintained since his acquittal of an alleged assault charge in the territorial court has explained as follows:

"I still uphold my original belief that matters regarding the official business of this office shall not be given out for publication in the newspapers. I have been cussed and discussed, but I maintain that the department of justice would not approve of my making public the matters which pass between myself and the attorney-general. I would as soon give out what is in my mail as to give out what is contained in the cablegrams which I have received from Washington."

Mr. McCarn says that the cable message which he opened and read in court yesterday morning was not addressed to him but to M. A. Thomas, formerly special assistant to the attorney-general, who was in charge of the local district attorney's office prior to the disposition of Mr. McCarn's case.

"I knew that the cablegram contained matter of an official nature, so I opened it and answered it," said the district attorney.

The interview was closed by Mr. McCarn with the following terse statement:

"I have no explanations or apologies to make for anything I have said or done since coming to Honolulu. The policy under which I announced I would conduct my office has not changed in the least."

#### TAX-PAYERS TO BE GIVEN ONE DAY OF GRACE

Fifteenth Falls on Sunday and Proves Lucky For Those Who Are Delinquent

Tax Assessor Charles T. Whider announces that taxpayers will be given a day of grace before their assessments become delinquent. The law fixes November 15 as the final day on which payments to the tax office can be made before the taxes become delinquent, but since the 15th of the month falls on Sunday this year the property-owners will be permitted to make their payments next Monday.

The office's semi-annual receipts are averaging as good as usual, he says. About \$250,000 had been received at the Honolulu office before noon today. A total of \$375,000 should come in direct to the assessor's office from firms and individuals in Honolulu, while a total of \$750,000 should be derived from the entire island of Oahu. Many of the big firms have not paid yet, these usually holding it until the last day, and their checks will be received Monday.

#### NEWLANDS WINS IN NEVADA BY ONLY 38 VOTES

Democrat Returned to U. S. Senate By Narrow Margin On Later Returns

[Associated Press by Fed. Wireless]  
CARSON CITY, Nev., Nov. 14.—Francis G. Newlands, Democrat, has been reelected to the United States senate by just 38 votes, according to the official count.

#### SCHOONER MAY HAVE LENT AID TO THE GERMANS

Captain Frair of Jessie Fremont Unable to Attend to Port Entry, Sends Wife

That the little schooner Jessie Fremont, an arrival at this port yesterday, may have lent aid to the German cruisers believed to have been hovering off the coast of Lower California is a belief somewhat held in local maritime circles today. Captain George R. Frair maintains that the decrepit schooner sailed from San Diego and is en route to an exploration of the pearl fisheries of the South seas. However, the federal officials of this port are not yet satisfied with the report made by the master of this vessel and a further investigation is probable.

Captain Frair sent word that he was unable to attend to the entry of his vessel, through his wife, who attended to that matter at the customhouse this morning.

C. H. Jones, listed as a member of the crew, claims that he worked as a foreman hand on the trip from San Diego and at the same time asserts that he is the representative of a Los Angeles banker, who is backing the "pearling" expedition.

Jones was taken ill today and removed to a local hospital for treatment. The Jessie Fremont is still moored at quarantine wharf.

#### LURLINE TO BRING FEW PASSENGERS TO HONOLULU

While possessing accommodations for more than 60 travelers, the Matson Navigation steamer Lurline now nearing the port from San Francisco is predicted will arrive at Honolulu at an early hour on Tuesday morning with 18 passengers.

Passenger traffic between the mainland and the islands is at a very low ebb according to reports received at the agencies of the several steamship lines represented at Honolulu. The Oceanic liner Sierra will reach this port Monday morning with 44 passengers, more than one-half of this list being made up of members of a Pacific Coast baseball team.

What the Lurline lacks in travelers is made up by the large amount of freight supplied the steamer before it left the mainland. In addition to six automobiles, the Lurline is reported through wireless message as bringing 2657 tons of freight for discharge at Honolulu. The vessel also carries 1077 tons for Kahului, 185 tons for Hilo and 21 tons for Port Allen.

The big British steamship Indradaco with a large Oriental cargo from China and Japan ports is due daily at this port. The vessel will be supplied with bunker coal before steaming for Panama canal and the east coast of the United States.

Tickets for the benefit concert which will be held at the Pentecosts this evening under the auspices of the Christian Endeavor Society of the city church, may be secured aboard the special train which leaves Honolulu at 6:30 o'clock.

#### TIGERS LOSE BUT HUSTLE YALE AT END

Gridiron Battle Hard-Fought With Princeton Scoring In Last Period

[Special Star-Bulletin Correspondence]  
NEW YORK, N. Y., Nov. 14.—Yale's defeat of Princeton with the Tigers making a wonderful effort for victory in the last period, little Brown's tying of Harvard, and Michigan's defeat of Cornell were the features of today's battling on eastern gridirons.

Princeton played a great uphill game but lost by a score of 19 to 14. Entering the last period, the score stood 10 to 0 in Yale's favor. Then the Tigers opened up with brilliant plays, including some effective forward passing and were trying for another touchdown by long forward passes when the whistle sounded and the game was over.

Other scores of the day: Harvard 6, Brown 0. Harvard played principally substitutes, Michigan 13, Cornell 6. Dartmouth 41, Pennsylvania 0.

#### STANFORD LEADS FIRST HALF OF GAME WITH CAL.

[Special Star-Bulletin Correspondence]  
SAN FRANCISCO, Cal., Nov. 14.—At the end of the first half of the championship Rugby football game today between the Stanford and California fifteen, the score stands Stanford 10, California 5.

#### RELIEF FUND NOW REACHES A TOTAL OF \$32,000.00

Chamber of Commerce Campaign Nets Large Sum For the Belgian Sufferers

At noon today the fund which the Chamber of Commerce now is raising for the relief of the widows and orphans in Belgium, had reached \$32,000. This is the result to date of the campaign which the chamber commenced one week ago last Thursday at the request of the Chamber of Commerce of San Francisco. No intimation has been given out as to when the campaign will come to a close. The circulars sent out by the finance committee of the chamber on the day the campaign was begun set the date at November 15.

The War Relief Committee now has \$1500 in hand, and it is expected that this amount will be added to New York City this afternoon. The committee also has received a considerable amount of clothing, the first shipment to be made on the steamer Matsonia, which will sail next Tuesday. Mrs. Walter Dillingham is heading a committee of local women now busy with needle and thread in the making of hospital necessities. At 3:15 o'clock this evening Mrs. J. S. Emerson will lecture on "Bruges" at the Normal School, the proceeds to be devoted to the Belgian relief fund.

#### CHRISTMAS SHIP OFF TO WAR

UNITED STATES NAVAL COLLIER JASON SAILS FOR EUROPE, CARRYING 1200 TONS OF GIFTS FOR DESITUTE AND HOMELESS LITTLE CHILDREN TO WHOM SANTA CLAUS WOULD NOT OTHERWISE COME

[Special Star-Bulletin Correspondence]  
NEW YORK, N. Y., Nov. 14.—The "Santa Claus" ship, sent by the children of the United States to carry Christmas cheer to the children in the war-stricken countries of Europe, sailed today. The ship is the U. S. naval collier Jason, and it carries 1200 tons of gifts.

The children of Hawaii raised \$1593.50 for this "Christmas Ship," according to the figures this afternoon furnished the Star-Bulletin by Mrs. W. L. Emory, chairman of the Christmas cheer fund committee. In addition to this, since the Christmas fund closed, \$400 more has come in. This cannot be sent by the Christmas ship, owing to its being received late, but will be forwarded to relieve the suffering in Belgium.

#### JAPANESE DIDN'T HEAR EVIDENCE, SO DIDN'T KNOW HIS OWN STATUS

"Are you guilty or not guilty?" asked Circuit Judge Ashford yesterday of Nakamura, a Japanese held on a charge of being present at a gambling game. Through the court interpreter the defendant replied:

"I haven't heard the evidence. I don't know whether I am or not."

Deputy City and County Attorney A. M. Brown informed the court that Nakamura was an old offender, who apparently was unable to resist the lure of Dame Chance. Asked how many times he had been arrested, the prisoner frankly answered:

"I don't know. I've been arrested so many times I don't like to keep count of them."

To further questioning he said that up to a short time ago he had owned a billiard parlor; he had sold it at a good profit however and had done no work since, and that now he was "broke."

He had appealed from the district to the circuit court, he asserted, because his lawyer had told him he stood a better chance of getting a light sentence in the higher jurisdiction, and was out on \$1000 bail.
