FORT SHAFTER MADE MUCH OF THANKSGIVING

Chaplain Scott Arranged Program Which Was Rendered in Impressive Style

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Nov. 27.—In accordance with the proclamation of the President of the United States, Thanksgiving day services were held at Fort Shafter yesterday and Chaplain Scott of the 2d Infantry had arranged a very elaborate program of appropriate services which were carried out in impressive style. The 2d Infantry was formed by Sgt. Maj. Mullins in masses on the main parade, while the Engineers and Signal Corps were given a convenient place nearby. Officers, their families and friends were seated on the tiers of seats used for baseball crowds.

A very neat folder was issued to everyone, which contained the order of services, as follows:
Church Call Musicians
Columbia 2d Infantry Band
I Love to Tell the Story Everyone Present
The 23d Psalm Everyone Present
Invocation and Thanksgiving Chaplain Scott
Stand Up For Jesus Chaplain Scott
The Address Chaplain Scott
The Benediction Everyone Present
America Everyone Present
The Star Spangled Banner 2d Infantry Band
The 23d Psalm and songs were printed on the folder and the President's proclamation neatly printed on the back. In his address the chaplain explained the origin of Thanksgiving and the many reasons why our people should be thankful. His address was splendid and was very interesting.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Nov. 28.—There is a feeling of sadness pervading the air. Vacation is almost over and the troops at Shafter, like those of Schofield, will have to buckle down to that strenuous life of an hour's drill and "bunk fatigue." Applications for an extension are not in order but it is understood that time not needed for "bunk fatigue" may be spent among the "glue bush and boulders."

From the beginning of the month when the troops started out to Shafter, a little jealous competition has been apparent between battalions, as to who could cut the most "glue bush," make the loveliest lawn, or clear the largest space of stones. Each battalion adopted a "slogan" appropriate to its particular work, as for instance the 3rd were moving stones from the new parade and their cry was "Durn, boys, durn, we'll break our backs." The 1st battalion were in the "glue bush" somewhere near the foothills of the Koolau, but you could hear the "battle-cry" of their chief, "You stick to the glue bush, boys; I'll catch a ship." The 2nd were busy with the little 10-ton boulders in the gulch and on their new parade, but great were the words of encouragement in their original slogan, "A rolling stone gathers no moss—that boulder's forgotten how to blow rock."

The work has not been entirely completed, but with very little work the prisoners will be able to keep the post clean and gradually make further clearings.

Orders were issued recently relieving First Lieut. Clement Wright from duty in charge of the 2d Infantry post exchange and detaching First Lieut. Fred A. Cook to take over the duties.

Lieut. Wright has been in charge of the exchange for nearly two years and has done very efficient work under adverse circumstances. The duties of an exchange officer are arduous under the very best conditions, but when the quarters are limited as they are at Shafter, the departments of the exchange scattered and the troops garrisoned in separate posts, it requires a great amount of work.

The ground at Shafter has been wiped clean from the road back of the headquarters building to the target butts and the ravine between the main post and the cantonment. A large drill ground has been leveled where the old 2d battalion camp stood in rear of officers' quarters. The target ranges have been cleared of brush, cactus and stones and a large parade ground opened in the cantonment. The troops have worked hard and seemed to enjoy being out of harness.

Upon the recommendation of their respective company commanders the following appointments and promotions are made:

Company B, Corp. William J. Sullivan to be made sergeant, Lance Corp. William Wells to be corporal.
Company F, Lance Corp. Harry H. Hellman and John J. Smith to be corporals.

Irritable Old Man—Say, does this car always make this racket? Chauffeur—No, sir; only when it's running—Buffalo Express.

"You are not the boy who usually caddies for me?" "No, sir. I tossed up wif 'im for yer." "And you won?" "No! I lost!"—London Mail.

THANKSGIVING IS OBSERVED AT BIG ARMY POST

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Nov. 28.—The Thanksgiving services at Schofield attended by the officers and men of all four regiments and many of the ladies of the post, was held in the open air on the site of the new baseball field, and proved to be a very impressive ceremony.

Each regiment, headed by its band and with colors and guidons flying in the breeze, marched to the appointed place and closed in mass formation in front of a stand decorated with American flags which served as a platform for the chaplains and speakers. The cavalry on the right, the field artillery on the left and the two infantry regiments in the center. Even the prisoners were brought to the service from the stockade at Castner.

The program commenced with music by the 1st Field Artillery and 1st Infantry bands. Following this more than 5000 voices joined in singing "Onward Christian Soldiers," and in the responsive reading that followed. The four chaplains conducted the service, each one superintending a certain part—Chaplain S. M. Lutz, the prayers and benediction; Chaplain O. J. W. Scott, the reading of the Scripture lesson; Chaplain W. A. Aiken, the responsive reading, and Chaplain Ignatius Fealy, the music.

The speakers were introduced by Brig.-gen. Clarence R. Edwards, who took this occasion to express his regret at leaving Schofield Barracks, and expressing his appreciation of the assistance and cooperation he had received from both officers and men. Col. L. W. V. Kennon, 25th Infantry, read the President's proclamation, following which Dr. W. P. Ferguson, president of Mills Institute, Honolulu, delivered a most pleasing and interesting address.

The singing of "America" by the entire congregation, the benediction and music by the cavalry and 25th Infantry bands closed the services.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups, plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt—advertisement.

Bookkeeper—Mr. Slicer, I have written out my resignation, to take effect Saturday! Here it is!
Slicer—Do you think I'm paying you to write out and present resignations? Get out at once.

WERE SIGNALS FLASHED TO WAR SHIP AT SEA?

Hilo Report Raises a Further Question of Violation of Neutrality Laws

(Special Star-Bulletin Correspondence)
HILO, Hawaii, Nov. 27.—Was here a breach of neutrality law committed Monday evening last in Hilo bay? That is the question that is agitating the public of the island just at present. Were signals exchanged between the Seiyu Maru, the Kiyo Maru and a Japanese warship lying off port, and well out to sea?

The grounds for the story are the facts that signal lights were flashed by both the Japanese liners for some time Monday evening. The lights would flicker in and out and people who have a working knowledge of Morse and Continental wireless codes declare that the flashes took the place of dots and dashes. The messages were evidently sent in private code as well as they could not be interpreted by those who for an hour or so watched the flickerings of the lights on the two steamers.

The news that the two Japanese vessels were sending out some kind of messages soon went the rounds of the town, and a curious crowd gathered on the waterfront to watch the performance.

There was no sign of a warship or any other kind of a vessel out at sea, but it was pointed out that a cruiser could easily remain close enough to catch signals and not be seen from shore, especially if she had all her lights extinguished. That this may have been the case is the claim of those who believe the Japanese liners were in communication with a warship of their own nationality.

AUSTRALASIAN ANNUAL TO HAVE STORY ON HAWAII

"Australia Today," which is the great annual of the "Australasian Traveler," will publish in its forthcoming big edition an article on Hawaii and the Hands-Around-the-Pacific Movement, by Alexander Hume Ford. The government and the people of Australia send abroad about 100,000 copies of this magnificent annual publication, which deals almost exclusively with the progress, told mostly in pictures, of Australia during the year. The one article not pertaining entirely to Australia will be that on Hawaii and the Hands-Around-the-Pacific Movement.

While the editor of the Mid-Pacific Magazine was in Australia in the interests of the Hands-Around-the-Pacific Movement, which has the largest circulation of any publication in the commonwealth, gave considerable space and support to this movement, and has been its friend from the start. The New South Wales government tourist bureau will send at Christmas time 100 copies of this illustrated publication to the Hands-Around-the-Pacific Club here for distribution among its members.

A young surgeon received late one evening a note from three of his fellow practitioners:—"Please come over to the club and join us at a game of bridge." "Emilie, dear," he said to his wife, "here I am called away again. It is an important case—there are three other doctors on the spot already."—Pearson's Weekly.

JAMAICA NEGRO TOO LITERAL IN HIS COOKERY

The negroes of Jamaica are a most credulous race of people and inclined to believe literally all that they hear.

said Frederick Stubbs in his lecture on Jamaica at the Y. M. C. A. Friday evening. "I once knew of a negro cook who heard his master, a missionary, pray frequently and earnestly that he might be relieved of the cares of this life and take up his abode in the world beyond. Thinking this was the literal desire of the missionary, the cook filled his food with poison in an attempt to help him realize the desire of his prayer. It was with much effort that the poor man, after his recovery from the poison, convinced the old negro that he didn't care to be translated by the poison method."

With a fine collection of lantern slides the speaker showed much of the scenery and life of the island. He compared the tourist possibilities on Jamaica with those of Hawaii, claiming that it stood in the same relation to the east coast of United States as Hawaii did to the west coast.

It was announced that on next Thursday evening R. C. Lydecker, historian in charge of the territorial archives, would speak on "The Story of the Archives," telling of much of the interesting history concerned with the documents under his care.

Charles Leone, a New York barber, was sentenced to 30 days imprisonment for using wood alcohol on the heads and faces of his customers instead of the real goods.
