Give the News a chance to bid on your job work, even against San Francisco prices, is necessary. We really don't want to starve in this land of plenty, even if we have to work for our board.

Mr. C. W. Ashford, the silver tongued home rule candidate for supervisor of Oahu delivered an eloquent address to the Wailuku home rulers on Thursday evening, on Market street, Mr. W. Coelho acting as interpreter.

A large number of invitations have been issued by the Morning Star Club for the concert and ball which will be given at the Knights of Pythias Hall, on next Saturday evening. Trains will run from all points at excursion rates returning after the ball.

The lower road extending from Market street past the Wailuku mill to the depot is beginning to become worn and rocky from constant travel, and should be repaired now rather than waiting till it will become so worn out as to render the job of repairing it an expensive one.

The grand jury committee are reported to have made a quite thorough investigation of the Maui police department, and it is hoped that the guilty ones, if there are any, will realize that the people of Maui do not propose to stand any more foolishness or misconduct in the department.

Circuit Court Notes.

The court, the grand jurors, the petty jurors and the court officers have had a busy week, working overtime during several evenings, and the prospects this morning are that the term will run several days into next week.

Acting Attorney-General Magoon, owing to his ripe experience in such matters, has made a record for himself in the prompt handling of work submitted to the grand and petty juries, and the criminal calendar was cleared on Wednesday. Another case, that of Fugihara was presented to the grand jury on Thursday afternoon, who presented a true bill charging defendant with abduction and tried partly yesterday afternoon.

The fishery cases and several other civil cases have been continued for the term, but efforts are being made to secure a trial of the cases of Ah Mi vs. L. M. Baldwin et al., and of Ah Mi vs. A. V. Marciel et al. at this term.

The grand jury committee selected to investigate the charges against the police have been quite busy this week, and visited Lahaina in the course of their investigations. Their report will probably be embodied in the final report of the grand jury which will probably be handed up some day next week, provided certain much desired testimony can be secured.

In the case of the Porto Rican, Francisco Quirasiquo, charged with burglary of the Hamakua Store the jury returned a verdict of not guilty, as the evidence was purely circumstantial, which gave rise to reasonable doubt in the minds of the jury.

The Silver Sword of Haleakala.

The silver sword of Haleakala is one of the most interesting plants which grow in the craters or around volcanoes. The October issue of Sidelights now in the hands of the printers, will have a very complete descriptive article on Haleakala specially written for Sidelights by D. T. Fleming of Paia. Two full page illustrated groups show views of the bed of the crater, the silver sword, moonlight and cloud effects which still further enhance the article. Another feature will be the story of spear catching as practiced by Kamahameha I, and with the usual articles of interest to agriculturalists make an unusually entertaining number.

Those desiring extra copies will have to place their order at once, as the edition will probably be soon exhausted. Every one on Maui who has friends in the state or "back home" should write for copies, addressing "Sidelights, Hilo, Hawaii." Or what is better, subscribe for "Sidelights" which is only \$1.00 per year, and is an unusually interesting and attractive little monthly.

Mr. J. A. Harris of Wailuku is the local Maui agent for "Sidelights."

The Wailuku Brass Band gave a very creditable concert, under the spreading branches of the great banyan tree in the courthouse park last Sunday afternoon.

Several of the republic candidates gave addresses at the fish market, last Saturday evening.

Mrs. J. W. D. Rose has been unable to attend to her duties at the school for several days, on account of illness.

At an early hour on Saturday morning the entire South Sea Island Colony, with the exception of one man, took passage on the Kinau for Honolulu; there to be transferred to the steamer Isleworth, which will return them to the islands where

they were born. There were about 80 persons in the colony, and they are bound for the Gilbert Islands, except a very few natives of the Tonga group.

Rev. Martin Lutera accompanies his people. He was born on the Island of Lanai, but was taken to Honolulu at an early age, and became a pupil at the Royal School. When about 12 years of age he was accepted as cabin boy on the Rainbow, a British war vessel. While attached to that ship he visited Samoa, Fiji, Tahiti, Tonga, New Zealand, Australia, Japan, China San Francisco and Vancouver. Returning to Honolulu, he received a theological training, and was sent to the Gilbert Islands as a missionary. More than once he has seen frightful cannibal revelries. Since his return to Lahaina, he has served very acceptably as the pastor of the South Sea Islanders; and a considerable portion of their church was built with his own hands.

By application to the Settlement Worker and the payment of a small fee the books and magazines in the library may be taken out for two weeks. At the end of that time they may be renewed for one week. Each book will be charged to the person drawing it, as in all public libraries, and a fee of one cent a day for holding a book longer than two weeks (unless renewed) will be charged to the one who drew out the book. The fee for the privilege of taking books away from the reading room is 75 cts. for the school year, or \$1.00 for the entire year. The latter includes the privilege of keeping one or two during the summer vacation.

People of all nationalities are always welcomed at the Settlement.

WAS IT PELE?

PUNALUU, Oct. 17.—Another wonder has come upon the land and started the old timers to speculate. Last night about midnight the volcano was giving a most brilliant exhibition when all of a sudden an immense smoke cloud began to form. Illumined from below it first took the form of an enormous balloon. Then changing slowly it formed perfectly into the likeness of a gigantic woman. It was so distinct as to be almost startling. The form remained for some minutes, one arm extended over Kau as if in benediction, the other arm extended toward Kona apparently holding a stick or spear.

The form then changed into that of a cat or tiger sitting on its haunches with its tail curved up behind.—Advertiser.
