REMEMBER The Sunlight "OMEGA" and Forget the Rest

REMEMBER that the FEEDING or DROPPING DEVICE is the most IMPORTANT part of a generator and yet it is the part in which most generators are defective.

The **INDIRECT FEED**, with which the OMEGA is equipped, is recognized as THE perfected feed and the greatest improvement made in generators since the carbide feed replaced the old fashioned water-feed. It places the **Sunlight OMEGA in a class by itself.**

There is no other "just as good."

Before Buying "post" yourself thoroughly on generators. Get an education on the subject. Our new catalogue gives it to you. **GET IT. READ IT.**

Ask anyone or all of the many satisfied owners of an OMEGA.

Globe-Wernicke Office Safeguards

The impression created upon a customer's mind when entering any Office or Store where clerical work is being conducted in a quiet, orderly manner, inspires far greater confidence, than where there is evidence of rush and worry because of unfiled papers, neglected correspondence, unsightly books, etc.

Wherever G-W Filing and Book Cases are used, be it in the Office, Store or Home, one will find that regulations are cheerfully observed, that every book is in its proper place, because of the greater convenience due to mechanical devices and safeguards.

Your inquiry for any particular outfit, **NO MATTER HOW SMALL,** will be given careful and individual attention.
