The Contract Ordinance.

HOW IT IS OBSERVED BY OUR COUNCIL

Just now some of our Coucilmen are laboring under a severe spell of official virtue and are holding each other up to a strict observance of the City Ordi-nances

laboring under a severe spell of official virtue and are holding each other up to a strict observance of the City Ordinances.

Among other municipal Ordinances is one which requires that all work for the city amounting in cost to over \$50, shall be given out by contract to the lowest bidder. This Ordinance in particular, it seems, is not always closely adhered to.

At the adjourned meeting of Council last evening, an interesting little discussion ensued over the payment of ex-Councilman Wm. H. Poulk's bill for work upon the Surveyor's office, at Tenth and King streets. The bill amounted to \$111.87.

Mr. Melluire explained that when the work was about to be commenced, the Committee on Public Buildings had agreed to let Mr. Foulk (who was then the work was about to be commenced, the Committee on Public Buildings had agreed to let Mr. Foulk (who was then chairman of the committee) do it. The amount charged by Mr. Foulk for his labor he said did not amount to \$40, the greater portion of the bull being charges for material required for the work.

A visable smile stole over several at this explanation, but nothing more was said until the reading of Quinby & Co. so bill, \$31.04. Some one asked what it was for; furnishing lumber for building at Tenth and King street."

Adding these bills together and we find the total cost of the work to be \$210.89, more than four times the amount to which the committee is limited in awarding work without adopting the contract system.

Tous.—The large flag in front of the Democratic Headquarters was not taken in last night, the hurry and excitement of the meeting probably causing those who have charge of it to neglect hauling it in. The severe storm of wind and rain which prevailed during the night was too much for the bunting, and this morning the flag was minus two-thirds of its length. This mishap will be promptly repaired, with a new flag, and precautions taken to prevent such an accident happening again.

again.

The Gio Race.—The gig race on the Christiana will come off this afternoon, between three and four o'clock, between the Undine, Pioneer and Bachelor Clubs. The crews will be the same as on last Saturday, with the exception of the Bachelor crew, in which Edward Challenger will take the second oar, in place of Wm H. Bowers, who has left the city. The united weight of the Bachelor crew is 689 pounds.

THE "SHINNER" TROUBLES.—A man named Edward McCarty, was before "Squire Publ this morning, on a charge of violating the "Shinner" Ordinance, by selling meat in our market which he did not kill himself. The hearing was postponed until next Wednesday morning.

The Fruit Growers.—The Peninsular Fruit Growers' Association will meet in the State House, at Dover, Tuesday, Oct. 20, 1874, at two o'clock, afternoon.

The meeting will doubtless be an interesting and important one.

733,

making the majority in Susser County 443, and the majority in the whole State 773.

There exists quite a difference between the returns from the State published in the tairette, and those published in other papers. But all our State returns are strictly official, being received from the Judges of Election, and not from unrolly able persons.

We have also compiled our majorities from the vote for Inspector, throughout, and not taken the majorities from the votes of such asran ahead of their tickets. By this means the Democratic majority would be greatly increased, as here in Wilmington, to commence with the majority of thirty is cut down to just nothing by taking the vote for Assessors. The vote for Inspectors is, in the main, a surer indication of real party strength.

Taking the result on the Inspectors, we find that in this County the Democratic elected 16 out of the 25, in Kent County 6 out of the 9, and in Sussex County 8 out of the 13; making a total of 30 Democratic Inspectors, out of the 47 elected throughout the State.

In this connection we will take occasion to return our thanks to the gentlement who so promptly furnished us with correct returns from the County and State The Street Market.

Another Poor Dupe.—Yesterday afternoon, a colored man, by the high-sounding name of Wm. Henry Augustus Eldridge, was tried before Esquire Frazer, for attempting to vote illegally in the Second Ward, on a tax receipt made out to Henry Eldridge and signed by John McKee, Collector for Christiana Hundred Eldridge admitted that he had never lived in Christiana Hundred but had lived in the Second Ward for the past four years. The poor dupe said the receipt was given to him near Eleventh and Orange streets by a white man who he did not know, and who told him it would do for him to vote on. He was held to bail in the sum of \$300, for appearance at Court, H. F. Pickels, becoming his bondsman. It would be a fine thing if the negro would find the man who gave him the receipt.
