A NORTHERN DARKEY AT He Creates a Disturbance and Defie

Every effort was made Ocean House, at Tybee, and acted in such a manner that he was ordered from the premto discover the cow, but without avail. manner that he was ordered from the prem shortly after, Mr. John Ryan lost a fine ises by the barkeeper. The fellow became cow and calf which had been gobbled very insulting and abusive, and, it is stated, made a lick at the barkeeper, who jerked

man, and defied the authority of the Magfetrate. It was found necessary to handcuff him, and he was threatened with the gag unless he ceased his abuse. Peyton, finding that his bravado would not do, changed his tactics and made apology for his disgraceful conduct, expressing a desire to secure a bondsman. He was informed that such proceedings as he had been guilty of were not permitted in this section, and that only good and sufficient bond would relieve him of a forced residence at the jail for an indefinite time.

Peyton will undoubtedly keep away from Tybee during this season at least, and the lesson that he has received will probably benefit him. The intention is to preserve order on the island, and while Deputy Sheriff Mulligan is on duty there the turbulent and wickedly inclined had better restrain their evil passions and endeavor to behave themselves.
