came prominent late in the day upon the circulation of a rumor that a settlement had been arrived at with Lake shore, the effect of which was also shown in the general market. The general list presents little or no feature of interest, speculation in coal shocks halting in consequence of the strike, and the usual dishness in the remainder in come quence of the waiting policy of operators was undisturbed to-day. Tennessee coal and from stock was notably strong the afternoon, and in the last hour Texas Pacific became specially active and strong. I noton was reported a good buyer to-day, and the general temper of the room favored higher figures. There was very little news of a character to affect values. The opening was garerally strong, recording advances was gained, and prices showed an improvement took place. Richmond and West Point early became stationary, and so remained until the last hour when a general market, after a special leature distinction it became remarkally strong.
