—Mr. G. L. Taber, one of the best known nursery men in the State commences an adv. with us this week. He has had great success in this line during the past few years and we commend him to the favorable attention of our readers.

—Dr. J. N. Smith, Superintendent of the Florida Insane Asylum, was a welcome caller at the FLORIDIAN sanctum Thursday. The doctor requests us to say to the press throughout the State that he will highly appreciate contributions of old exchanges for the use of inmates of the asylum. There are now about three hundred patients and it is quite a treat for them to get papers to read, no matter if they are of old dates.

—"I had 'em all," said a rubicund, happy-faced gentleman. "All what?" asked his friend. Why all the symptoms of malaria, viz: lame back, aching joints, sleeplessness, indigestion, dizzy fits, cold extremities, rush of blood to the head, constant fatigue, no appetite, pains in the breast after eating, night sweats, alternate chills and fevers, etc. but Brown's Iron Bitters cured me and I recommend it as being the best tonic made.

This should be a warning to those among us who do not own homes. If they do not purchase soon it will really be beyond their reach, for Tallahassee is rapidly growing, and prices will soon go up as quickly and freely as did the dust the past week. Buy now.

—If Mr. Fisher, of Toledo, Ohio, is as successful in catching fish as he is in catching musical ideas—as he has led us to believe—he must certainly be an A. No. One Fisherman. His "Robin's Farewell," Caprice for Piano is a new piece that you ought to catch on. Ign. Fisher, Author and Publisher, Toledo, Ohio. Price of same, 50 cents.

—The farmers of Leon county are progressive. One of them was detected last week mounted on horseback to break corn, and another hitches his horse to the buggy and drives out to the beggar weed field, remaining comfortably seated in the buggy while the annual makes his dinner off this excellent and popular green forage.

—The FLORIDIAN was a little behind hand this week, but it needs only a glance at its columns to learn the cause. It is now of standard measure, six columns, eight pages, and is as full of entertaining news as an egg is of meat. Keep up with the procession or fall out, is the motto of wide awake Tallahassee.—Tallahasseean, 11th.

—Mr. W. J. Townsend, of Tustin, Mich., father of our enterprising bottling workman, Mr. L. D. Townsend, has arrived, and brought with him a lot of cows, horses, sheep, poultry, etc. His family will be here Thursday. It will be remembered that Mr. Townsend was here the past summer and bought a farm north of the city and a city lot in Wilson's grove. He will erect a handsome residence on the latter and thoroughly cultivate the former. We welcome Mr. Townsend and family to the Capital City.

—The merchant who keeps his name and business constantly before the public is bound to realize the beneficial effects of so doing. People will feel, in one sense, acquainted with him, and his name will naturally occur to them when they need his wares. In these busy times people do not care to hunt up the man who has goods for sale; they prefer, rather, to go where their attention is called, and then if they find the goods as represented the foundation of their future patronage is laid.—Printers Ink.

—An alarm of fire was sounded a little after seven o'clock Saturday night, and the boys trotted out in force. It was only a lot of brush and trash in the big ditch down by the cascade, which had become ignited by a cart load of ashes containing live coals having been thrown therein during the afternoon, but it made a big blaze.

—Col. C. N. Hallemann, of Tallahassee, was a passenger on the Inman liner City of New York, whose race across the ocean with the White Star steamer Teutonic ended ingloriously upon a bank of mud in Gedyney's channel last Wednesday night. The steamer stuck hard and fast and the united effort of eight powerful sea tugs failed to yank her out of her sticky treble. The passengers were transferred. Wilson Barrett, the English tragedian, was among the passengers. No doubt Colonel Hallemann will be glad to gain feel beneath his feet the solid clay soil of Tallahassee, though notwithstanding bad weather, head seas and winds and a delay of an hour and a quarter, caused by the port engine getting out of order, his trip across the ocean was made in six days, ten hours and twenty minutes.

—Mrs. Talulah H. Weller, widow of the late Frank Weller, was last week paid \$2,000, the amount of Mr. Weller's insurance as a member of Tallahassee Lodge No. 3226, Knights of Honor. Up to the time of his death he had only paid in \$32. There is no better or cheaper insurance in the world than that secured by becoming a member of the Knights of Honor.

—Mr. J. S. Coles, of the Tallahassee Cotton Compress, last Saturday made his initial shipment of one hundred bales of cotton to Jacksonville, to go thence to New York by Clyde Line steamers. Mr. Coles says he will have more cotton to ship over the same route.

—Are you going to St. Augustine on the \$3.35 excursion? Train leaves Tallahassee depot at 9 o'clock to-morrow morning.

—Don't forget that to-morrow is the day for the cheap excursion to St. Augustine.

—Mr. J. E. Morgan, wife and two daughters have arrived from Onward, Ind.; have rented the pretty cottage belonging to Mr. A. J. Fish, located near his lumber yard, and are now citizens of Tallahassee. Mr. Morgan has long been a reader of the FLORIDIAN, and he and his two charming little daughters were welcome callers at our sanctum yesterday.

—One William H. Stewart, who has been conducting an illicit distillery in Leon county, finding that Deputy Sheriff Arva Hopkins had spotted him, cleared out, still and all; but Mr. Hopkins was on the alert, followed him about one hundred miles, captured him and the still at Bristol and brought him back to Tallahassee, where he is now confined in jail.

—Mr. Charles G. Wicker and his son-in-law, Mr. W. H. Briggs, arrived last week from Chicago and Messrs. E. I. Lewis and W. T. Davis accompanied them to Newport to inspect the work on Mr. Wicker's new residence and the improvements on the hotel. While there they killed three wild turkeys in an hour's hunt.

—Mr. Frank Hernandez, of the Tallahassee shops of the F. C. & P. Company, went to Jacksonville last week to take charge of the shops in that city while the foreman is absent attending the mechanic's convention in Denver, Col.

—Hon. E. B. Bailey, State Senator for Jefferson, was at the Capital a few days since.

—Mr. E. Burton, the efficient foreman of the F. C. & P. shops at Tallahassee, has every building and the yard full of men all busy at work painting cars, repairing cars and engines, building new ones, &c.

—Thomas A. Janvier believes in the Mexican constitutional Republic as a working success. He will contribute to Harper's Magazine for November an article in which the assistance of fourteen illustrations drawn from life by Frederick Remington, he describes the Mexican Army, and explains how President Diaz has created "and orderly, well disciplined, trustworthy" military force, loyal to the nation and to the idea of national unity, out of a mass of scattered commands faithful only to their respective generals. Mr. Janvier considers this development as full of political significance for the future of Mexico and as the surest guarantee that the days of revolution are ended.
