

Planking Is Attractive in Cookery

BY SISTER MARY
NEA Service Writer

Plank cookery always is interesting. The effect on serving is decidedly sumptuous, although there is no great amount of work involved.

In fact, a plank really is a labor-saving device, because it saves so many serving dishes and simplifies serving.

Fish is particularly attractive served "planked" during the summer months. Salmon steaks with spinach timbales makes an appetizing picture.

Delightful color contrasts can be worked out with other varieties of fish, and spinach alone has been regarded with high favor, the food value of the combination is unusually great.

The foods are both seasonal during the early summer and are inexpensive and nourishing.

Keeps Food Hot
While the use of a plank is not imperative, it is a convenience and tends to keep foods hot.

If a plank is not used, the fish can be broiled and served on a platter surrounded with the vegetables. Crisp parsley and lemon wedges add an extra touch of color when the dish is served.

Use care not to overcrowd a plank. The temptation to use a variety of vegetables is apt to befall one, but a too copious arrangement makes serving difficult at the table.

The following recipe is for salmon, but any variety of fish can be used—small boned fresh water and deep-sea fish, as well as deep-sea fish cut in steaks and fillets.

PLANKED SALMON

Two slices salmon, 3 hard cooked eggs, 1 cup white sauce, 1 lemon.

Brush both sides of salmon with olive oil and brown evenly on both sides. Then remove to hot oiled plank, placing one steak on plank.

Sprinkle with lemon juice and cover with a layer of eggs cut in slices and moistened with white sauce. Cover with second slice of salmon and sprinkle with lemon juice. Surround with vegetables and put into a hot oven for five or ten minutes to make very hot. Garnish with sprigs of parsley and wedges of lemon and serve.

SPINACH TIMBALES

Spinach timbales will be good with a planked steak, planked ham, and broiled chicken, as well as fish.

Two pounds spinach, 1 teaspoon salt, 2 teaspoons sugar, 1 teaspoon pepper, 2 tablespoons lemon juice, yolks 3 eggs.

Wash spinach through many waters and remove coarse stalks and stems. Cook in water which clings to leaves. Let water cook away as much as possible without burning.

Drain and chop very fine. Season with lemon juice, sugar, salt and pepper and add egg yolks well beaten. Turn into buttered individual molds. Place on several thicknesses of paper in a pan of hot water and bake in oven for twenty minutes. Unmold and serve.

Border planks with a piping of mashed potatoes or alternate the timbales with mounds of potato marbles.

Serve Hollandaise sauce in a separate dish for the timbales.

Buttered baby beets may be included with the vegetables on the plank if a salad is not wanted.

Serve a fruit dessert such as an ice or sherbet or a compote.

NAVES ENTERTAIN AT SUMMER HOME

Mr. and Mrs. C. C. Nave, 5401 Central avenue, are entertaining with a house party at their summer home at Lake Manitowish. Their Indianapolis guests are:

Messrs. and Mesdames R. C. Arnold, R. Kennedy, Robert Dwyer, Mori Martin, Abe Greenwald, T. J. Kelly, and Misses Gladys Bohannon, Whitestown; and Mrs. L. Nave and Mrs. Harry Miller, Rochester.

VICTORY CLUB IS TO HOLD OUTING

Members of the Victory Club, W. B. A., who will leave Sunday to spend a week at Lake Manitowish, include Mesdames Marge Drexler, Mayme Lott, Lena Wood, Myra Ashton, Lulu Burges, Bertha Dunlap, Mildred Parsons, Mary McGary, Alice Whitshire, Nettie Lotz and Hannah Hiatt.

MRS. ROY SMITH IS HOSTESS AT FETE

Mrs. Roy Smith, 1405 North La Salle street, was hostess Friday afternoon at a luncheon bridge in honor of her house guest, Miss Arline Poling of Connersville.

Covers were laid for Mesdames C. F. Dennis, H. G. English and the Misses Louise Dennis, Dorothy Esamann, Evelyn Greene, Elizabeth Koch and Jeanne Riddle.

SOON TO MARRY

Miss Mary Louise Minnick

The engagement of Miss Mary Louise Minnick to John Bertermann II, son of Mr. and Mrs. Irwin Bertermann, 5881 Washington boulevard, has been announced by her parents, Mr. and Mrs. Irwin Minnick, 7701 North Pennsylvania street. The wedding will take place in the fall.

Miss Minnick is a graduate of Tudor Hall, the Knox school and Butler university. She is a member of the Junior League and Civic theater.

Mr. Bertermann was graduated from Culver Military academy and attended the school of commerce at Indiana university.

MARY SMITH WILL ENTERTAIN GUEST

Miss Mary Frances Smith will entertain tonight at her home, 1438 Brookside avenue, with a bridge party and midnight lunch in honor of Miss Eva Lambdin, Cincinnati, who is the house guest of Miss Phyllis Thorpe. Guests with Miss Lambdin and Miss Thorpe will be: Miss Juanita Carmichael, Miss Mary Charles, James Phearis, Charles Rogers, Charles P. Stanley Tuttle, Frances Key-walter.

Florence Fisse Names Her Attendants for Wedding

Attendants for the wedding of Miss Florence Ann Fisse, daughter of Mrs. Josephine Fisse, and Albert S. Wehrel, which will take place at 9 Tuesday at St. Philip Neri church, have been announced by the bride-elect.

Miss Anne Healy will be maid of honor and Miss Esther Doty, bridesmaid. Frank Wehrel, brother of the bridegroom-elect, will be best man. Howard Birch and Leonard Wehrel, brothers of the bridegroom-elect, will be ushers.

The Rev. Raymond R. Noll will say mass and read the wedding ceremony. The bride will be given in marriage by her brother, Anthony Fisse.

Delta Zeta Alumnae to Honor New Hoosier College Co-Eds

Girls entering Indiana and De Pauw universities and Franklin college this fall will be honored at a garden tea to be given by the Indianapolis alumnae of Delta Zeta from 3 to 5 Sunday afternoon at the home of Mrs. W. C. Smuck. Members of the active chapters from the three schools will also be guests.

Miss Helen Kingham, chairman of the alumnae rushing in Indianapolis, is in charge of the party. She is being assisted by members of her rush committee, Mrs. Stanley Strohl, Misses Betty Sharp, Isabel Early and Helen Dirks.

Contract Bridge

BY W. E. M'KENNEY
Secretary American Bridge League

I BELIEVE that one of the most common faults of even the best contract bridge player is that he does not know when to sacrifice a trick. Quite often it is necessary to give up one or even two tricks to make a trick for yourself.

In the following hand the declarer should not try to take the finesse, as it will do him no good—still he must lose a trick in the club suit, therefore he should lose it immediately and not sacrifice an entry.

The Bidding
The contract bidding would be South one club, West pass, North one heart. South then would bid

10-4-2
9-A-Q-J-5
10-7-6-2
J-8

9-Q-J-9
7
10-9-3
A-9-3

NORTH
WEST
EAST
SOUTH

8-5
8-7-4
2
Q-8-5
4

A-K-6-3
K-6
K-J
A-Q-7-6-5 77

one spade. Here we have two one-over one bids—each forcing. North then should bid two no

trump, because he has the diamond suit stopped. South then would take the contract to three no trump.

The Play
It would be East's opening lead and his proper play would be the four of diamonds, as it is his longest and strongest suit, and in addition it is the only suit that was not bid by the opposition.

The jack should be played from dummy, West winning with the ace.

West should not make the mistake of returning a small diamond but should return the nine of diamonds so as not to block the hand off—the three spot will allow him to go through the North hand.

The nine of diamonds will be won with dummy's king.

Some players now would make the mistake of leading a heart to declarer's ace to take the club finesse, but you can see that, regardless of the distribution, a club trick must be lost, therefore the proper play is to lose it immediately and the five of clubs should be played from dummy.

West should go up with the nine in an endeavor to hold the trick, so he can come through the diamonds, but North would play the jack and East would win the trick with the king.

East now would better cash his queen of diamonds, or he will lose it, and the declarer wins the remaining tricks, making four no trump.

(Copyright, 1932, NEA Service, Inc.)

Wedding of Girl Sports Star Today

In a quiet ceremony at 4 today Miss Louise Adams will become the bride of Carl H. Donner of Summit, N. J., at the home of the bride's parents, Mr. and Mrs. C. Willis Adams, 7753 North Pennsylvania street.

Only members of the immediate families, and a few friends will witness the ceremony, to be read by the Rt. Rev. Bishop Joseph Francis.

The bride's only attendant will be Miss Elizabeth Howe of Nashville, Tenn. Frederick Leuders of Summit will be the best man.

Ushers will be James C. Adams and C. Willis Adams Jr., brothers of the bride, Nelson Alexander and Alfred Benziger, of New York.

Mr. and Mrs. Adams entertained with a birthday dinner Friday night for their daughter. The guests besides the bridal party included the Misses Sybil Stratford, Phoebe Emerson and Margaret Denny.

Miss Adams attended Wellesley college where she was prominent in sport activities, particularly skiing and golf. She is well known in Indianapolis and Indiana golfing circles, having been runner-up in the city tournaments, and placing in championship flights of state meets.

The couple will live in their new home at Summit.

Girl Scouts

Girl Scouts who lost personal belongings while at Camp Delwood may find them in the lost and found collection being held at the scout headquarters, 512 Board of Trade building, and are asked to call at once to claim them, property.

The Girl Scout headquarters will be open after Monday, Aug. 22. Hours at the local office are from 9 to 5, and from 9 to 1 on Saturdays.

Plans are under way for the annual Scout day at the football game. This year the game is between Butler and James Milligan and is scheduled for Oct. 15. Girl Scouts who wish to go to the game should look for further announcements and keep in touch with their captains.

Individual locker service, a moth-proof vault provided with ample burglary protection in valuable articles, a lockbox vault for smaller articles, a burglar proof vault for oriental rugs and a vault for drapes which are kept in a hanging position, the doors of both vaults having the added tear gas burglary protection, are among the provisions.

Special storage rooms, kept at an even heat all the time, protect pianos and other articles affected by changes of temperature.

In the forwarding department the company has the services of many trucks, through their agency, the Allied Van Lines, Inc., for very long hauls, shorter hauls being taken care of by their own trucks.

Goods are shipped to any part of the United States, even being sent by airplane when necessary.

A branch office is maintained at 104 Rue Champlone, Paris, for the accommodation of Americans traveling in Europe, from which shipment will be sent anywhere in the world.

Unnecessary luggage is stored in the Paris office, which also acts as a receiving depot for any purchases made abroad.

C. OF C. WILL STUDY JEUP ECONOMY PLAN

Proposals for Saving \$750,000 in 1933 Considered by Committee.

Sub-committee on tax reduction, consisting of seven members of the civic affairs committee of the Chamber of Commerce, has accepted for consideration the plan of city government and budgeting prepared by B. J. T. Jeup, former city engineer.

Reduction of \$750,000, a 13-cent tax rate cut for 1933, is said by Jeup to be possible under the program submitted to the Chamber of Commerce.

Major points of the plan include appointment of an "assistant mayor," who would fulfill duties of a city manager, establishment of a civil service commission to select city employees, consolidation of departments in city government for greater efficiency and reduced overhead, and elimination of long-time bond issues.

'ATTITUDE' IS BETTER
Business Men's Psychology Is Improved, Says Study Review.

A "fundamental psychological change in the business attitude" was reported today by the business review of the Indiana university bureau of business research, despite declines of trade and industry to new low levels during July.

"As yet," the review said, "this better sentiment has not been translated into activity in the basic industries."

Bus Dispute to Be Settled
Superior Judge Joseph R. Williams will rule Monday on a demurrer filed today in an action brought by Harry Mollenkopf, school bus driver, to prevent letting of bus driving contracts in Lawrence township for 1933.

Permits Only 25 Per Cent of Volume of July Year Ago.

Volume of buildings permits in Indianapolis during July decreased nearly \$200,000 under the previous month, and were only 25 per cent of the volume for the corresponding month last year, according to a national survey.

Major cities in the state showed proportionate decreases, in many cases slumping to only a fraction of the volume for the same period last year. It was shown.

Permits for July of this year here totaled \$102,261, as against \$301,494 of the preceding month and \$459,836 in July, 1931.

BUSINESS AND INDUSTRIAL NEWS

SHANK OFFERS CLEAN STORAGE FOR FURNITURE

Every Protection Possible Provided for Patrons in Big Warehouse.

Good furniture deserves a better fate, when it is not in use, than being stored in a dirty loft or attic, where dust and moths have access to it.

There is a way to take care of these pieces properly, protecting them against any damages, and that way has been adopted and worked out to greater usefulness by the Shank Fireproof Warehouse Company, 1430 North Illinois street.

It largely is a matter of cleanliness, but that cleanliness has not been secured unless the building is adapted especially to the purpose. This has been done in the Shank establishment, where the building was erected for storage purposes, and where every advantage has been utilized in making storage safe.

Cleanliness is sanitation. A sanitary establishment of necessity is a clean one. It is secured by what in a home would be called good housekeeping, aided by special fumigation methods the home seldom can have. So in the Shank establishment good housekeeping is the rule, assured by the fact a woman is at the head of the business—Mrs. Lew Shank.

Individual locker service, a moth-proof vault provided with ample burglary protection in valuable articles, a lockbox vault for smaller articles, a burglar proof vault for oriental rugs and a vault for drapes which are kept in a hanging position, the doors of both vaults having the added tear gas burglary protection, are among the provisions.

Special storage rooms, kept at an even heat all the time, protect pianos and other articles affected by changes of temperature.

Trackless Trolley Will Be Introduced Here Soon

Fifteen electrically operated trackless trolley cars, similar to the one shown above, have been purchased for service in Indianapolis by the Indianapolis Railways. They will be placed in service about Nov. 1. These cars can swing fifteen feet on either side of the trolley way and can avoid obstructions in their path.

Excessive Wear on Tires Caused by Wheel Wobble

Damaged Axle on Car May Prove Costly If Not Repaired Quickly.

A good pair of tires should last a long time under present road conditions and should be worn down smoothly. Whenever they begin to pit or wear in irregular patches or on one side, it is probable that the wheels are not in alignment—and the motorist either will pay for the trouble in the wear on the tires or in having it repaired.

There is considerable danger in a wobbling wheel. It interferes with the steering. The very time when the driver may need all the skill he has to avoid hitting something is the very time that the wobble will be the most pronounced.

It really is not a serious matter to have this corrected. Either the wheel is out of alignment or the axle is bent, and neither of these is beyond remedying.

In fact, at the C. Off & Co. shop, 107 North East street, axles are straightened at low cost quickly and satisfactorily on machines designed for this purpose but a cold process that does not affect the temper of the metal.

This company has been in business in Indianapolis more than half a century. In addition to work on axles it cares for all sheet metal troubles as well, including the repair of fenders, bodies and radiators, and offers a towing service during working hours.

C. Off & Co. maintains a staff of experts in sheet metal work of all kinds. A department of the business repairs roofs, gutters and downspouts, and does other sheet metal work.

Automotive work has claimed a large part of the firm's attention since the inception of the industry as it started making hoods, fenders and gas tanks many years ago.

The wheel and axle aligning features were added in response to a popular demand, and no shop in the city is better equipped for this class of work.

William M. Off is president and A. H. Off is secretary of the company.

CITY'S BUS ACCIDENTS ARE SLASHED IN HALF

Accidents Involving Street Cars Also Reduced by 20 Per Cent.

Reduction of 54 per cent in number of bus accidents and a decrease of 20 per cent in accidents involving street cars was reported for the first half of the year today by officials of Indianapolis Railways.

In that period, buses were involved in 158 accidents as compared to 348 for the same period last year. Miles operated in this period totaled 82,399 as compared to 33,514 in 1931.

There were 264 fewer street car accidents in the same period, with a total mileage of 49,679, the officials said.

CITY'S BUILDING DROPS
