The Garden Island:

One block above the Fairview hotel is the new home of THE GARDEN ISLAND, the largest publishing and printing establishment on Kauai and headquarters for latest information pertaining to Kauaian affairs and the home of good printing.

Lihue Meat Market:

A little further up main street brings one to the Lihue meat market, conducted by one of our Polo experts, Arthur Rice, who makes a personal selection of his animals before he slaughters, with the result that Lihue and surrounding community are supplied with excellent beef. Besides the arduous duties incumbent upon him in managing the Lihue market, the county of Kauai is fortunate to claim him as its worthy treasurer.

Lihue Harness Shop:

Next door to the market, is the Lihue Harness shop which is one of the most attractive little business institutions in Lihue. Mr. Alohi-kea is the manager, and is one of our most trustworthy citizens.

Kauai's Emporium:

Who has not heard of "Kauai's Emporium," also known as the Lihue Store. It's located on the corner of Main and Nawiliwili. You can distinguish the store from others by its enormous plate glass front and the magnificent window draperies, beautiful show cases artistically arranged, and filled with such enticing prices and articles, that one finds himself thinking he is in a city department store.

Managers of each department, with their clerks, greet you upon entrance and whether your buying is large—or nothing at all—you receive the same courtesy. Manager Delacy, of the Dry-goods Department, must know that his name is a household by-word in nearly every house on Kauai. His geniality in dealing with the public, the ease with which he can match exactly a piece of goods for a lady forty or fifty miles away; how he can explain to distant customers just what would best suit them, and then to find he is always correct, has given him a reputation as a salesman, few have ever obtained. Mr. Fountain of the grocery department is a great, big, honest, square-dealer and with little difficulty, conducts his end of this immense business in a highly satisfactory manner both to his employer and customer. The oriental department is under the supervision of H. Yoshimoto who, with a corps of clerks, keeps this department running in tip-top shape.

John Raposa, is another of the genial managers of this large emporium, having charge of the hardware-lumber interests. Whether its a ten-cent pepper box or lumber for a sky-scraper, he is always "Johnny on the spot," in filling the order. Mr. Grote Jr., presides over the store books, and at the head of this very systematic up-to-date wholesale and retail general merchandise establishment, we find the key to the whole situation in Manager Rohrig, whom we found in his office which is so situated as to allow him a direct oversight of the string of large warehouses near by, as well as to be within a moment's access to the main store.

Manager Rohrig has installed separate phones for each department, which proves a great time-saver both to his clerks and customers. The "money back if not satisfied" motto, which manager Rohrig has adopted, combined with the quality of goods and his ability to select such excellent assistants, brings to this store, customers from all parts of Kauai.

Possessed with a pleasing personality, Manager Rohrig is not only one of our most successful business men, but is also a leading figure in Lihue's social world.

The County's Business:

On main street, and almost opposite the plantation office, stands the county building, wherein are to be found three of the most energetic, faithful and hard-working

Tune: "When Johnnie Comes Marching Home"

Kauai's team has gone again
Hurrah! Hurrah!
Oh they're the stuff—our polo men
Hurrah! Hurrah!
Oahu's TEAM may fight and SCREAM
And the Cavalry BOY'S make lots of Noise
But its all the same to—
Kauai's Polo Team.

The ponies which have crossed again,
Hurrah! Hurrah!
Oh they know how to play the game
Hurrah! Hurrah!
The lads all shout and the ladies say
Kauai's ponies will win the day
For there's none so gay as—
Kauai's Polo Team.

Get ready for a great big spree
Hurrah! Hurrah!
We'll give our heroes three times three—
Hurrah! Hurrah!
Oh the girls will laugh and the band will play,
And all the folks will hail the day,
For its high, ho, heigh! For—
Kauai's Polo Team.

Kegel Club Gives Farewell To Nicolai

The headquarters of the members of the Kegel Club—the recognized social center of Lihue—was the scene of another of its extremely popular social functions last week, when the members met in a farewell assembly to Gus Nicolai who leaves for Honolulu shortly after a number of years' residence in Hanamaulu, being Chief engineer of the Hanamaulu Mill. Preliminaries, consisting of a bowling contest having been disposed of, an abundant supply of refreshments were served.

Pres. Wolters made the opening speech, dwelling effectively upon the efficiency of Mr. Nicolai as a workman, his value to the club as a member, the regret of the club at his loss and on behalf of the club, wished brother Nicolai unbounded success in his new field. Many others followed President Wolters in his address, each of whom spoke in highest praise of Mr. Nicolai and deeply regretted his departure. Mr. Nicolai, responded with much feeling, saying among other things that he appreciated the many pleasant remarks to which he had listened with much feeling and that he would always consider his residence here as the happiest period of his life. He then thanked the members of the club for their hospitality and concluded by wishing the club continued success.

Mr. Nicolai leaves Hanamaulu to accept a position with the Honolulu Iron Works, with whom he severed his connection to accept the position which he now relinquishes.

Japanese Is Killed Thursday By Cave-in

Yamamoto, Japanese laborer and rice planter, was crushed to death in a water tunnel about noon last Thursday. It seems that he had knocked off work for lunch and had gone into the tunnel for something and had gotten caught in a cave-in. He was dead when found, his lower jaw having been crushed. Dr. Putman was summoned and after examination said death had ensued from concussion of the brain.

The Leaders of the League had an easy time last Sunday disposing of their opponents.

The Makaweli's Blues defeated the K. A. C. Grays 12-1. The Kilanea Red Sox finally woke up and downed the Koals 22-3. Sanborn caught, and Werner was at first base. Their playing was a marked improvement over their former games. The Lihue Cardinals, for six innings, had quite a tussle with the Eels in Makaweli.

Ahana, pitching for Lihue, was weak almost to the end. He allowed bases on balls and was hit freely. The line up, back of him, was not very strong.

The Cardinals broke loose with two runs in the initial inning. Gabriel was hit and allowed his base, making second on a passed ball. Fernandes hit past third, Gabriel scoring. Oponui forced Fernandes at second, Malina doubled, Makanani made a scratch hit, Oponui tallying. Makanani stole, Ching fanned, Malina attempted to steal, but was out, pitcher to catcher.

In the second, they added three runs. Ahana died second to first, Kamau sent a fly ball to center, the latter muffed it, and then stole second. Kamaka reached second, Kamau coming home. Kamaka made third on a passed ball. Gabriel singled and stole. Fernandes died ss. to 1st, Kamaka scoring. Oponui was safe at first, Gabriel scoring. Malina forced Oponui at second.

The Eels made one run in the second.

Pereira walked and stole. Richardson fanned, Johnson walked and made third on catcher's error, Pereira scoring. The next two fanned.

They scored twice in the third. Gabriel walked and stole, Takatani fanned. Cordeiro made a scratch hit, Gabriel scoring. Cordeiro stole Akana fanned. Pereira singled, scoring Cordeiro. Pereira stole second, but was out at third.

In the fourth they added one run. Richardson singled, Johnson doubled, Richardson, however, was out at third, Johnson stole. Duarte fanned, Johnson scored on third baseman's error. Fernandes walked but was out stealing.

In the sixth they got the Makaweli fans wild by tying the score. Akana singled and on a series of errors made home. Pereira singled Richardson walked. Johnson flew to second base. Duarte flew to pitcher, Fernandes died short to first.

The fans were disappointed in the seventh when the Cardinals scored two runs. Fernandes made second on error. Oponui died short to first, Fernandes reached third on a passed ball. Malina walked and stole. Makanani walked filling the bases. Ching singled, scoring Fernandes. Ahana singled

(Special to the Garden Island)

WAIMEA.—Early Friday morning, the body of Shimihara at one time a Japanese rice planter of some note, but who has been forced to live in idleness for several years through chronic illness, was found swinging from a mangoe tree, where he had evidently hanged himself while in a fit of despondency over his condition. He was a man of fifty years, and was without relatives or family.

What is generally conceded to be a remnant of the wreck of the Asia which was sunk off the coast of China some time ago, was picked up on the Kipukai beach yesterday afternoon.

It has the appearance of being a part of a hatch and bears the name "Asia" across the center.

Part of what is probably a remnant from the S. S. Asia, wrecked in the China Sea.

Much speculation has arisen as to how it could have reached our shores, and the only means of its conveyance, is attributed to the action of ocean currents. Whether this piece of wood is in any way connected with the wrecked Asia or not, there is no doubt that there lies hidden in its history, evidence of some equally disastrous sea tragedy.

Japanese Kindergarten Children On Picnic

On Friday last, the Japanese children of the Lihue Kindergarten were given a picnic, which proved a source of great delight to the little ones. Miss Mitsu Hashidate, a student of the Kawaihau Seminary, and who is acting teacher during her vacation, was in charge of the party and enjoyed the picnic quite as well as her little tots.

Sheriff Rice returned yesterday from a few days' vacation on the other side of the island. He was accompanied by his sons who enjoyed the trip immensely.

We are in receipt of a communication from "Citizen," which for lack of space we are unable to give in this issue.

8,000 Cases Of Pines To Market

WAHAWA.—Eight thousand cases of this season's pines are ready for the market, from the Kauai Fruit Company's plant here, and a larger yield than the estimate is believed will result.

Mr. and Mrs. Wm. Elliott, of Koloa, were visitors in the County Seat last Wednesday.
