

CARELESS TRUCK DRIVER IS FINED

The damage suit of H. S. Padgett, of Makaweli, against the driver of the truck (Japanese) which ran into and wrecked the plaintiff's automobile on the road at the west side of Koloa about six weeks ago, occupied the attention of Judge Dole's court all of last Wednesday afternoon and an evening session.

This suit was for damages in the sum of \$300. After hearing all the evidence the court awarded \$229.95 and costs of court, amounting to \$3.00. J. M. Kaneakua, for the defendant, noted an appeal to the Circuit Court. S. E. Hannestad and A. G. Kaulukou appeared for the plaintiff.

In this case Mrs. E. O. Thurtell, of Lihue, was being driven home in Padgett's machine from Makaweli. At the bend in the road at the Makaweli side of Koloa, while running very slow, the Padgett auto was struck by the big truck and wrecked. It was claimed that the driver of the truck was busily engaged in conversation with a passenger at the time, and ran his truck so far on the wrong side of the road that the auto found it impossible to escape.

BOLERO AND DAINTY WAIST COAT

On the figure at the right is shown a dainty bolero of crochet, which will be found useful in many occasions in summer and winter. This is in white with dainty scallop edge of baby blue silk and buttons covered with the same. A smart little waistcoat of brocaded velvet is

the companion to this. It has the smart waistline, is double-breasted and semi-fitted. A dainty ruffle of white net follows the line of the neck and front closing and may be made to peep daintily from under the tailored coat with which it is intended to be worn.

TWO BLACK MARKS AGAINST DESHA

When Stephen Desha came back from Kauai last week, he began industriously spreading the report that Albert Wilcox, of Kauai was opposing Rice and had advised the Hawaiians of the Garden Island to vote for Kuliho. Unfortunately for Desha Mr. Wilcox arrived in Honolulu on the heels of the report, in time emphatically to contradict it.

"I have not said anything to the Hawaiians about how they should vote," said Mr. Wilcox to The Advertiser last night, when seen at the Young Hotel. "I heard Kuliho talk at Nawiliwili and, feeling sorry for him, I went to the wharf to see him off and give him my aloha. But I did not promise that I would vote for him."

"I have always voted for Kuliho before, and if he were in good health and able to attend to his duties in Washington, and if he had a good secretary, as McClellan used to be, I would still vote for him. But I am informed that his doctor tells him he can not stay in Washington, and there is no McClellan."

Which added to what Desha told about the attempt of Rice to bribe him makes two black marks on the Big Book against the Hilo preacher. Just how much busier Desha will keep the Recording Angel remains to be seen.

Rubber Tires Up

Another item to greatly advance in prices as a result of the war is rubber goods, and Islands agencies of rubber tires for automobiles have already announced an advance in prices of twenty per cent and more. Crude rubber is not affected, but the embarrassment has come upon the manufacturers of rubber goods, they being largely in Europe.

Geo. Fairchild Talks.

George Fairchild, formerly manager for the Spaldings in Hawaii, brought back a whisper of politics from the Philippines on the Mongolia yesterday. He said: "I saw the writing on the wall and left Hawaii for the Philippines. I must say that there is only one salvation for the Hawaiian Islands. They must put back the 1 cent per pound sugar duty or give the islands the same tariff that Java and other sugar producing places have. Free machinery, free fertilizer and cheap labor. Otherwise 'Good night, Hawaii.'"—San Francisco Chronicle.

A Ladies' Party

Mrs. Wishard gave a ladies' party Friday afternoon week in honor of Mrs. D. Wm. Dean, whose birthday it was and who, moreover, will be leaving on the 25th, inst. for a three or four month's visit to her mother in Alameda County, Cal. The features were a sewing bee, refreshments, etc.

MISS WILCOX'S WORK ON KAUAI

The July report of the Anti-Tuberculosis Bureau has been received and approved by the Board of Health. In reference to the work on the island of Kauai it says:

The figures for Kauai and the Kauai register are being completely revised through the efforts of Miss Wilcox and as a result come more nearly expressing the actual status of tuberculosis for that district than the figures of other districts do for theirs. This, of course, is largely due to the fact that the island is "compact" and that most districts are easily accessible. Miss Wilcox, the district nurse, on the other hand, is doing excellent work which is largely responsible for the new figures.

At the end of the month fifty-four per cent of all Kauai cases were under supervision. Twenty-six cases are under the actual supervision of the district nurse herself, all having been visited during the month, and six are in the various Kauai hospitals.

Of the ten cases reported by the nurse, two were from Lihue, four from Koloa, one from Kawaihau, two from Waimea and one from Hanalei.

The district nurse for the month, made twenty-nine visits, traveling 400 miles.

Bankers May Come

According to information which has been received by H. P. Wood, secretary of the Promotion Committee, an excursion to Hawaii of members of the American Banker's Association may be brought about in 1915. The association has been in correspondence with Mr. Wood regarding Hawaii as a setting for the 1915 annual convention, an invitation that the members visit here having been presented by J. R. Galt at the recent gathering in Chicago. The invitation was declined, however, as the project was adjudged impracticable. It is expected that the convention will be held in Seattle, the feature of the meeting being a side trip to Hawaii.

Rice On Maui

Charles A. Rice is just now engaged in a very strenuous campaign on the island of Maui. He began Saturday, and his committee over there have outlined a program which means from one to three speeches a day until the 23rd. Kuliho and Carter have both toured Maui, so it is presumed that Rice is getting the "last say" there before the primaries.

County Auditor C. Maser left on Saturday for a visit to Honolulu. He will be away about ten days.

Three Games Sunday

Three games of baseball are scheduled for next Sunday, and everybody between Lihue and Makaweli will have a game conveniently near. Lihue will cross bats with Koloa at Lihue, McBryde will meet Kawaihau at Eleele and the Makaweli champions will take on the Kilaueas at Makaweli. These should all be tight contests, and if the weather is favorable there will doubtless be large crowds at each.

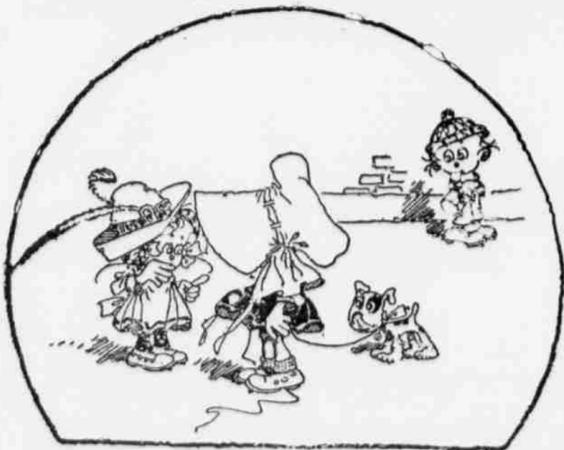

Isenbergs In War

Hon. D. P. R. Isenberg said that he is very much worried over the war situation and hardly able to give time or attention to anything.

"Four of the members of my immediate family are officers in the German army," he said, "two brothers and my brothers-in-law. My youngest brother is a captain in the famous 'Black Cavalry' regiment of the 'Death's Head Guards.' Three are in the cavalry and one in the Forest Corps. I cannot get my mind down to ordinary business affairs."—Advertiser.

Willie Fernandez has been touring Kauai with a very creditable show, indeed. His pictures have been of a high quality. For vaudeville he has had the services of the Aflague sisters, who have become favorite singers and dancers.
