

SUPERVISORS MEET

(Continued from page 3)

to the reconstruction of telephone poles and lines was read by the chair, and after some discussion of the same, the matter was referred to a committee of three consisting of Messrs. W. D. McBryde, T. Brandt and H. D. Wishard for advice.

A request (P 1368) from L. J. Mundon, of Kapaa, on behalf of the Kapaa Athletic Club, for permission to use the Kapaa baseball park from the 23rd to the 25th, inst. both dates inclusive, for holding field and track sports, also a luau, was received, and the same was granted.

Mr. McBryde moved the appropriation of the sum of six thousand, five hundred, ninety-two dollars and forty-two cents (\$6,592.42) as additional appropriation for the purposes named below, the same to be paid out of moneys available in the Treasury, viz:

Incidentals: County Clerk	75.00
Rep. Sch. Houses & Teachers' Cottages	300.00
Water Works: Kekaha	1,350.00
Kalaheo	200.00
Kawaihau	400.00
Discount & Interest	312.65
Roads & Bridges: Waimea	350.00
Koloa	375.01
Lihue	250.00
Kawaihau	525.00
Hanalei	225.00
Macadamizing: Kealia	2,100.00
Oiling Roads: Hanalei	25.00
Macadamizing: Kalihiwai-Hanalei	105.77

and being seconded by Mr. Brandt, the same was carried.

Mr. Menefoglio moved that the County road engineer submit at the next annual meeting to be held on the 15th, inst. a list and estimate of the works which may properly come under his department and which the County may undertake to do during the coming year, and being seconded by Mr. Brandt, the motion was carried.

At 12 M a recess was taken until 1:30 p. m.

AFTERNOON SESSION

Upon reconvening at 1:30 P. M. the Board, after general discussion of the situation, of its motion and by unanimous vote appointed the gentlemen named below to act as trustees of the Samuel Mahelona Memorial Hospital, situated at Kapaa, they to hold office as follows:

- G. P. Wilcox, of Kealia, for the term of (2) years.
- J. K. Farley, of Koloa, for the term of (3) years.
- B. D. Baldwin, of Makaweli, for the term of four (4) years.
- Chas. H. Wilcox, of Lihue, for the term of five (5) years.

Lieutenant Gosner, on behalf of the 4th Infantry, N. G. H., asked for permission to build a temporary drill shed, for the use of the companies and men in Lihue, on the premises in the rear of the County Building now under lease to the 4th Infantry. After having heard the Lieutenant and Mr. Hans Isenberg, and after giving the matter its careful consideration, the request, upon motion of Mr. McBryde, seconded by Mr. Brandt, was granted.

The report (P. 1366) of the County road supervisor for the month of November was received and ordered placed on file. It was as follows:

"Road Work: The Mana road was improved by clearing and sanding in worst places and is now in good condition.

Koloa and Lihue districts did patching and cleaning gutters.

In Kawaihau a small force was employed widening the homestead road across the plantation dams as petitioned for by Mr. Cheatam and others. Hauling of rock for macadam at Kealia to the present crusher site was completed Dec. 2nd. A total of 6000 cubic yards was hauled, including the 1000 cubic yards already crushed. The rock is now in pile at crusher. 5000 cubic yards will complete the road from the crusher to Kealia bridge, also about 1 1/4 miles from the crusher towards Anahola.

About 16 men are employed

breaking stone for macadamizing the Kapaa section. Four men are still breaking stone at Anahola.

In Hanalei: Wainiha bridge repairs finished and upkeep work carried on.

Schools: The verandah addition to the small cottage at Waimea school was constructed. The carpenters are now at work removing the Mana teachers cottage on the new lot. A small shed, or garage, was built at Kapahi school.

Water Works: Kapaa water works will be completed this week except the cement tank at end of wood pipe near Hundleys. An additional 3" pipe was laid from the end of the 5" main at Kapaa Wine Co.'s place to the cannery; the same 3" pipe was continued from the cannery, replacing the former 2" pipe to and partly along Broadbent's place at Waipouli. On the last 1000 feet or so of pipe to reach Wailua school, the former 1" and 1/2" pipe was replaced by 1 1/4" pipe. The whole Kapaa system should now work entirely satisfactorily.

There is enough 2", 1 1/4", 1 1/2", 1" and 3/4" pipe left over at Kapaa to install a satisfactory water works at Anahola, work to begin next week.

Kekaha water pipe is now being laid.

Of the Board's own motion each of the districts, except Waimea, was allowed to spend during the current month for road work a sum not to exceed seven hundred dollars.

At 2 P. M. the meeting adjourned subject to the call of the chair.

STATUS OF FIGHT ON TUBERCULOSIS

That the tuberculosis campaign has had a legal status since 1911 when laws were passed regarding it imposing duties on the government, the physicians and the patients, is the text of the latest publicity campaign of the anti-tuberculosis bureau of the board of health. The bureau feels, that with some exceptions, all the authority necessary to draw the campaign to a successful conclusion is now on the statute books but there is grave ignorance concerning them or else gross carelessness in observing them.

Dr. L. L. Patterson, director of the bureau, recently read an address on this subject before the Hawaiian Medical Society and it is probable that it will be followed by a general enforcement of the statutes.

The law requires a physician attending a case of tuberculosis to take all necessary steps to protect the public. He must thoroughly instruct the patient in personal hygiene and more or less watch the progress of the case to see that the prescribed rules are followed. He must report all changes of address to the board of health and has other duties in addition. As it is often impossible for a physician to do this as his tuberculosis patients are drawn mainly from the poorer classes and do not come back for treatment, the bureau has established a nursing system to take over this responsibility.

All cases of tuberculosis are therefore cared for by this system, which has nurses in every district in the Islands. If a physician wishes to treat a case confidentially, however, it is only necessary to give the board assurance that he will carry out this rule. The patient wishing confidential treatment should help the physician conform to these rules.

It is also legally required of the patient that he or she report every change of residence to the department. The bureau lays great stress on this statute as it is designed to prevent unknown sources of infection from becoming scattered abroad.

CRISCO

For Frying - For Shortening
For Cake Making

Frying

There is no smok nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each frying.

Shortening

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.
