## A Perilous Adventure

A water buffalo, ordinarily is the sleepest and logiest animal that waddles the earth, — too slow to switch the flies off. But not always. A friend of ours ran across one the other day that was different; he was game for anything that was going.

Insecurely tethered and resenting intrusion in his hono-hono swamp the great big beast, fiery-eyed and snorting like a chimera, took after his visitor at close range, broke away from his tether and was coming like a vision of sudden death. Flight is the only thing in a case like that; but flight in a deep hono-hono swamp is out of the question; our friend tried it; one lunge and down he went, on all fours, into the mud, with the resigned assurance of immediate destruction. This tumble, however, so upset the buffalo's program that he fetched up standing, smelled his fallen victim and turned snorting away. The victim, needless to say, has now a very large respect for the water buffalo and will treat him, henceforth, with respectful and distant courtesy.

## On the Beach at Waiohai

Mr. and Mrs. Charles H. Wilcox gave a most enjoyable swimming party at their Waiohai beach house, Koloa, Saturday afternoon, in honor of Edith and Juliet Rice and Eleanor and Leilani Scott.

Some two dozen or more of the younger people, with a few of their elders as chaperons, participated. Needless to say, a most delicious supper followed the bath, which in every case went to the right spot. They returned early in the evening.

Miss Munford left by the Mauna Loa on Tuesday for Maui where she will visit friends in Hamakua-poko.

## All-Students Take Away the Odd Game

Kauai likes baseball. This fact was again demonstrated on July 4th, when the biggest crowd ever assembled in Lihue Park gathered to witness the games between the All-Students, of Honolulu, and the All-Portuguese, of Kauai, in the forenoon, and the All-Students and All-Kauai's in the afternoon. There were in the neighborhood of two hundred and fifty automobiles parked within the grounds.

The visiting All-Students broke even on the day's games, winning the morning game from the P. A. C. 6 to 1 and losing to the All-Kauai team 5 to 6.

In the game with the Kauai High school on Thursday afternoon the visitors again demonstrated their superiority by winning 6 to 3. This was the fastest game of the series and was any body's game up to the (Continued on page 6.)

## A Happy Day In Sight

We rejoice in the official assurance that the reconstruction and macadamizing of the belt road will be finished by the 15 of August. This will give us a fine hard, smooth road, — barring a few places that are badly pitted, — from Waiaua to Wahiha; practically round the Island.

This is a blessing that no other Island enjoys, or anywhere near enjoys, and we have every reason to be very appreciative and very grateful.

Our sister Islands will no doubt immediately begin to discount and discredit our satisfaction and suggest various reasons why we need not be unduly "set up" over our accomplishment; that we have got only a small bit of an Island; and only one road, very narrow and very shallow; and that it doesn't go much more than half way round anyway, etc. etc.

To all of which we would say: — "We've got our road and are enjoying it; you can go ahead and talk if you want to, but we would advise you to put your energy onto your own roads."

## A Note of Thanks

The committee in charge of the Fourth of July Red Cross Tag Day campaign wishes to thank the public for the splendid way in which they responded to our country's need.

To the ladies who worked so hard, and with untiring efforts, made the day such a wonderful success, we offer sincere appreciation and congratulations.

GRACE KING RICE,  
(Mrs. Chas. A. Rice)  
Pres. Lihue Red Cross Auxiliary.

## The Hilo Daily Tribune

Hawaii's newest daily, the Hilo Daily Tribune, made its initial appearance on July 1st. It is an eight page paper, carries the Associated Press service, is well printed, and its general make-up shows the work of master hands.

## KAUAI MAN FOR ACTIVE SERVICE

Honolulu papers announce the selection of Island men for training as officers at the Presidio Camp, and give the list of the same. Inadvertently the name of P. L. Rice has dropped out. He has, however, received his notification and will respond to the call. The appointees are required to report for duty Aug. 29th. He will leave about the middle of August.

Following Leslie Wishard he will be the first who has actually gone from our midst into active service. Our best wishes will go with him.

## Local and Personal Notes

Mrs. Wm. Davis gave an afternoon tea, — a genial neighborhood affair, — for Miss Walthall Tuesday afternoon last.

Miss Walthall, who has been visiting Mrs. Wm. Davis for a couple of weeks or so, left on the Kinau last Saturday.

Mrs. Maud Thompson and her little son Maleom left by the Kinau for Kohola Hawaii where she will visit her intimate friend Miss Muriel Hind.

Mrs. L. S. Mesick of the Hanamaulu school leaves for Town by the Mauna Loa today. She will spend some weeks visiting her daughter.

The younger set, mostly school girls home on vacation, will give a concert in Koloa next Saturday evening for the benefit of the Sunday School Hall.

Mr. and Mrs. J. P. Clapper of Lihue, entertained a number of their friends last Saturday evening. The occasion being in honor of Mr. Clapper's 33rd anniversary.

Miss Mary Christopherson, principal of the Hanalei School left for Town by the Kinau Saturday. She will return to take up her work in the same capacity in the Fall.

The Mauna Loa did not leave last week until Saturday morning instead of Friday night as usual. An unusual amount of incoming freight and outgoing sugar was the cause of the delay.

Mr. K. C. Hopper and his daughter Miss Thelma Hopper went to Town today by the Mauna Loa. The former will return in a few days, but the latter will remain some weeks.

The music at the Lihue Union Church on Sunday was worthy of note; a solo by Mrs. Ahana, "Just for Today" "Redemption" by the choir, as well as fine rendering of the Hymns.

Mr. and Mrs. K. C. Ahana have moved to their own neat and cozy little home at Hulea where they will be very comfortable, though a little out of the current of things. We congratulate them.

Dr. C. Golden, Veterinary, arrived by the Mauna Loa last Friday and will remain on the Island in a professional capacity in the employ of the Territory. He will be stationed for the present at Hanalei.

## RED CROSS ACTIVITY AT WAIMEA

The good work so auspiciously begun by Mrs. Eric Knudsen for the benefit of the American Red Cross, has fallen in her absence, for the Summer in the mountains, to the no less efficient leadership of Mrs. C. B. Hofgaard who has taken hold of it with characteristic enthusiasm.

To provide the necessary supplies for the conduct of the work she gave a knitting card party on July 3rd. at her home, Paowini, in which some 28 ladies participated at 25cts apiece. It is hard to say which was the most popular, the cards or the knitting; there was great activity in both lines.

From now on there will be regular weekly meetings for Red Cross work at Paowini on Friday afternoon at 3 p. m. and all ladies who will help in the good work are cordially invited to come.

## The Reason Why

A word of explanation is in order in regard to the Fourth of July program at the Tip Top. Arranged in the first instance by the Japanese young men it was finally taken over in the interests of the general public and the young men found themselves kind of swept away in the current of their own affair. This will explain the somewhat Oriental flavor of the program as well as its impromptu character. It was, however, a good start in the right direction.

## The New Auto Inspector

Henry Aki, the new auto inspector has been on deck since the first of the month, and he has been usefully in evidence at various points during this time. He was especially efficient in the matter of parking and handling the traffic on the Fourth.

He is a thoroughly competent driver of long experience, and he gives every sign of making good.

The moving picture films this last week were excellent, especially the presentation of Dickens Great Expectations. Taken with the instructive travel pictures they made a most enjoyable and profitable evening that leaves no bad taste in the mouth.

Mr. L. R. Killam of the general Y. M. C. A. was on Kauai last week for a few days in the interest of his work. He is always a welcome visitor, especially among the young people whose interests he has so much at heart.

The Hui Aloha Society of Hanalei are making elaborate preparations for a Fair to be held the end of July. In addition to the usual needlework display there will be some fine lauhala mats which are hard to get these days.

We have assurances from the Publicity Committee that the Civic Convention will go through with a rush as planned, in spite of the strain and stress of War; indeed President Wilson requests that such events as Civic conventions proceed as usual but with even greater enthusiasm.

Miss Edith Christopherson, trained nurse, who has been for some time in charge of the Sanborn household at Hanalei, went to Town on Saturday. She will return to Kauai in a couple of weeks to assume the duties of County Trained Nurse, vacated by the resignation of Miss Mabel Wilcox.

Miss Cecelia Kapule, a graduate of the Dressmaking Department of Kawaiahao Seminary, will be in Lihue after July 22nd, and is prepared to go out sewing by the day. Miss Kapule is well recommended by the Seminary instructors. Anyone desiring her services may apply to Mr. De Lacey at the Lihue Store.

Mr. Wm. Hyde Rice took over a party of boys to his delightful Haena Home yesterday, for a few days outing such as appeals mightily to the heart of a boy. The girls followed today, and with the help of Mrs. P. L. Rice as chaperone they will all have a right royal good time as they always do under a Rice regime.

## A Stimulating Program

It was a very fitting choice that made Mr. Fred Patterson, president of the Chamber of Commerce, the distinctively popular speaker on the Fourth of July program. Better than anyone else, locally, he represents the spirit and endowment of the traditional Fourth of July orator; and better perhaps than any one else here could, he stirred the enthusiasm and admiration of the audience by his spirited address. It was a democratic occasion; he evidently sized up his audience, and "went for them" as a whole.

Mr. L. R. Killam, who followed later in the program, made a very sane and sensible address of the thoughtful and suggestive kind that stirred the intellect rather than the emotions; one that almost any man might carry home and digest with profit. It was the kind of thing that would appeal to the more intelligent and discriminating listener, and with such he found a very appreciative and responsive hearing.

The reading of the Declaration of Independence by D. Takeuchi was clear, sonorous and forcible; — remarkably well done considering that it was a foreign language to the reader, and rather difficult reading which would have taxed the skill of any of us.

The remarks by W. Watada were sensible, intelligent and modest, and were very well put. How many of our own young men, just out of school, could have done any better, even in their own language to say nothing of what they could do in a foreign one?

Mr. Brandt, as always, presided with a dignity and grace becoming the occasion; his brief words of introduction gave the right key to the whole program.

## TAG DAY A NEW EXPERIENCE

Tag Day is a new experience for Kauai, and as an occasional event it is not a bad idea.

At an early hour a couple of dozen or so of the leading ladies of Lihue rounded up at the Red Cross Headquarters for final instructions from the president, Mrs. C. A. Rice, and having received their tags they set out for the day's campaign.

The normal prize was the Dollar member, — some few landed \$25 members, and some very few are said to have secured \$100 members.

When, after diligent effort, the dollar wasn't forthcoming the demand dropped down through various stages until in many cases it fetched up rather ingloriously at 10 cents.

Over and over again, with smiling geniality, the fair solicitors returned to the charge, advising, adjuring, beseeching the hard-hearted Oriental or Portuguese, in the suitable brand of Pigeon English, to contribute his bit and take his tag.

Generally he succumbed, — petulantly sometimes, but mostly with the good grace of the man who is being fleeced and flattered at the same time.

Mostly, everyone entered into the spirit, of the occasion and got their monies worth out of the experience; but some few wore a sour look all day as though the whole affair disagreed with them.

Some craftily hid their tags away out of sight and allowed themselves to be labored with, at great length, and then smilingly, produced them to the confusion of the solicitor.

It was a day for "kids" on both sides of the line, and many people will remember it as a unique experience.

## Athletic Activities

Running, jumping and throwing are the athletics which will keep the Y. M. C. A. Clubs busy for the next eight weeks. The clubs from Makaweli to Hanamaulu have taken to the plan for a series of competitive athletic events which will determine the club championship of the league. The events will take in sprints over sixty and one hundred yards distances, a two hundred and twenty yards heel and toe walking contest, broad and high jumps, hop-step-and-jump, baseball throw, and shot put.

The events will be run off at each camp, and scores kept according to scoring system of the American Standard Efficiency Tests. Points will be kept and posted at each camp, showing the individual and club totals. Prizes in the form of small medals will be given the best athletes in each club while a pennant goes to the club champions.

By the system of points kept it will be possible to determine the champion athlete of the Y. M. C. A. Clubs.

Regular club meetings will follow the athletic events each week.

## Meeting Of The Supervisors

Because of the Fourth of July on Wednesday the Supervisors met on Monday. It was a sort of double barreled meeting, the final session of the outgoing Board and the inaugural session of the incoming one.

In addition to the usual routine of business there were one or two items of special importance. One was the inauguration of an automobile Inspector, who will, if he does his duty, see to it that automobiles conform to the law in such matters as lights, brakes, speed, etc.

Another matter of interest, at least to those concerned, was a raise in the pay of the police force of \$5.00 a month per man. We hope that this will give them an increased interest in their work, and among other things enable them to keep loose stock off the roads, where they do not belong, and where they are a source of great danger to the travelling public. With this understanding we congratulate them.
