For Bagasse Furnaces

Johns-Manville refractory cement Number 26 is the cement for use when re-setting the firebrick in bagasse furnaces.

Number 26 withstands temperatures up to 2,600 degrees and is admirably suited to the duties it has to perform in this type of furnace. For oil burners the Johns-Manville No. 31 cement is needed for it is not affected by heat until 3,100 degrees Fahrenheit is reached.

Use of these cements practically guarantees no fire-box trouble next year. Orders should be placed immediately to insure prompt delivery.

A GOOD BOXING CARD FOR WAIMEA SMOKER

Whirlwind Thomas of Kekaha will meet Cyclone Pedro of Makaweli in the main event of the Waimea Young Men's Club smoker, Saturday, January 7th. Both boys have agreed to make 150 pounds. Cyclone is a hard hitter and lives up to his title, as he is one mighty hard to stop once he gets started. He carries a wallop in both hands and tries to win his bouts by the K. O. method.

Whirlwind Thomas is the better boxer but also carries a wallop. He has a mean left hand that will worry the Cyclone unless he has worked up some defense for it. Thomas carries a wallop in his right hand and it will be surprising if this bout goes the limit with such heavy hitters.

The heavy event will bring together Fighting Joe and Terrible Aileen, both middleweights. Neither of these boys claim to know much about the art of boxing, but both are fighters. The bout will not be scientific but it certainly will be interesting. This bout is also scheduled to go five rounds, but somebody will kiss the canvas before the five rounds have gone.

K. O. Esperas and Lightning Alfonso are scheduled in one of the preliminaries, and as both boys are willing fighters, this should be one of the best of the evening. Both boys are welterweights.

Fighting Balbino and Iron Tony will mix in another preliminary and as there is blood between these two it should make a great fight. These boys are lightweights.

Two featherweights will meet in the curtain raiser. Bantam Gripson and Kid Takemoto. Takemoto is a coming Japanese boy that will be heard from.

The battle royal is causing great excitement and from present indications the referee is going to be swamped with contestants when he makes his call. The rules will be fully explained to the audience before the bout starts and before the contestants enter the ring.

The Japanese wrestling is exciting great interest among the Japanese since the best wrestlers on the island will meet that night. The matches made so far are:

- M. Yokataki of Waimea vs. Aukai of Kekaha.
 - Y. Harada of Waimea vs. S. Yokayaki of Waimea.
 - S. Harada of Waimea vs. S. Nakano of Waimea.
 - Aguchi of Kekaha vs. Ishii of Kekaha.
- Three matches of Japanese will furnish amusement for the followers of the sport. Kudaishi of Mana will meet Kashiwada of Makaweli in the first bout, while Nasu of Waimea will meet the champion of Hanapepe and Makaweli. There are several other bouts that have not been listed so far.

An exhibition in the art of tight rope walking by the Ladies and Laddies teams of the Waimea school will round out the program.

Special trucks will leave Makaweli, Kekaha, Pakala, Camp 4, Camp 7, Camp 8 at 6:00 o'clock and return after the show is over.

The children express their thanks to Mrs. Rice for the candy.

The boys have used their spare time making toys to be distributed from the community tree.

A family without a budget is like a ship without a rudder—you can't keep it to any definite course. Thrift Week start to steer.

SKETERS FRIENDLY AT BARKING SANDS

After four days and nights at the Barking Sands, the Koloa H-Y boys are loud and long in their extolations of the social tenderness of the Barking Sands mosquitos.

The holiday period making an outing possible, the club, well fortified with cats, bedding and other essential equipment, including two rabbits on the hoof, left Koloa Saturday morning at daybreak.

Little side issues like rain and mud had no bearing on the general spirit of peace toward all men—but not insects.

The campfire range tested the culinary abilities of the individual campers. A generous tarpan served for dining and dormitory purposes.

The fresh meat of the bunnies

was a welcome variation from the regular menu, but was no more joyously greeted or ravenously devoured than the addition to the daily bill of fare of the sketers. They signified their appreciation by the friendliest sort of advances and caresses. It was what might be called a sweet time, and we're going again the next vacation.

FILIPINO VILLAGE ENJOYS CHRISTMAS

Through the thoughtfulness of the boys and girls of the Lihue Union Sunday school the children and adults of the Filipino village of the Lihue plantation were made happy by presents and a Christmas tree last Friday night.

Music and the pictures of "The

Other Wise Man" were on the program.

Old Santa with pack on back full of presents and candy noisily appeared right in the midst of the proceedings and after distributing his load dashed out to parts unknown.

ISLAND POULTRYMEN COMBINE TO LOWER COST OF FRESH EGGS

Recently fresh eggs have been selling in Honolulu for as much as \$1.25 a dozen. Kaula folks who have poultry have been less greedy. Seldom have fresh eggs been sold by the producers on this island for a dollar a dozen.

A number of Honolulu poultrymen have decided to put a stop to the unfair prices charged for eggs in their city. The Advertiser tells how they are going to do it.
