ON THE STOCK EXCHANGE

STEADYING INFLUENCE IS NOW FELT.

Ewa Recovers Somewhat in Price—Ookala and Oahu Range a Little Lower—The Financial Conditions.

The steady influence of the Stock Exchange is already being felt. It is proving what its projectors said it would, an exact barometer of market conditions.

Ewa, which for some days has been showing a downward tendency, has recovered. There were plenty of takers at 240, and the price strengthened, 243 1/2 being the lowest price asked. There were no sales of it on the board however. Oahu assessable which has been considerably higher was quoted today at 120 asked and 117 1/2 bid.

Ookala was the only stock dealt in on the board this morning. Forty-five shares changed hands at 100. There were two blocks sold at this figure, one of 25 shares and the other of 20. This is a recession from the figures at which the stock has been held and at which sales have been currently reported.

The prices asked for other stocks were: American Sugar paid up, 120; Hawaiian Sugar Company, 175; Honolulu, 335; Honokaa, 400; Kahuku, 150; Oahu, paid up, 150; Paia Plantation, 250; Pepeekeo, 215; Pioneer Mill, 400; Waimanalo, 197 1/2; Inter Island, 145; Mutual Telephone, 14.

The general talk on the exchange was not that prices were receding because of any lack of confidence, but because the banks are not loaning money on stocks as freely as they were, which circumscribes buyers, while the few blocks of stock that have to be sold suffer from this lack of ready capital.

As one broker put it: "If some stocks have gone down, the Stock Exchange informs the public and investors just how much. Without the exchange the public would not know the exact state of the market."

Daily meetings will be held hereafter. It is understood that the rooms known as the Hawaiian Lodge quarters, at the corner of Fort and Queen streets, have been secured as permanent exchange rooms.

THE COMMISSION.

The members of the Annexation Commission are still undecided whether to leave next week or wait until the 23rd. In the meantime they are holding long sessions in the hope of getting their work far enough ahead to leave on the Alameda if they can secure accommodations.

The usual session was held this morning and another this afternoon. President Dole is unable to attend this afternoon, however, on account of private engagements.

The arrangements for the Molokai trip will not be completed until the arrival of the Belgic.

Late this afternoon Senator Cullom engaged passage for himself and party and Congressman Hill on the Alameda, leaving next Wednesday, but their departure is not definitely settled.

THE SUNFLOWER QUEEN.

Miss Annie Rose, who is to be the Queen of the Kansas Carnival, arrived from Hilo today, en route for Topeka.

WENT INSANE.

The Hawaii Herald says that a Mr. Gibson, appointed as a teacher in Puna, became violently insane on the trip to Hilo on the last Kinau. He was attended by Dr. Herbert, who was a passenger on the steamer, and was much better when he reached Hilo. He is expected to recover, but will be sent back to Honolulu by the next Kinau. He came here from the mainland.

DEATH OF ANTOINE ROSA

NOTED HAWAIIAN LAWYER HAS PASSED AWAY.

Arrangements for the Funeral This Afternoon—Deceased was at One Time Attorney-General of Hawaii.

Antoine Rosa, the well known Hawaiian lawyer, ex-Attorney-General and ex-Circuit Judge, died this morning, at 2:30 of dropsy, being within a few weeks of his forty-third year. He had been seriously ill for some weeks and his death was not unexpected. He leaves a wife and three small children, and a brother, George Rosa, now in the auditor general's office.

J. P. Colburn, a life long friend of the deceased, has made arrangements for the funeral, which will take place from the Catholic cathedral at 4 o'clock this afternoon, the interment being in the Catholic cemetery. Ed Williams is the undertaker in charge. The pall bearers will be S. G. Dwight, C. B. Wilson, Carl Mett, Henry Smith, J. K. Kahookano, J. K. Kaulia, W. O. Smith and W. A. Whiting.

The deceased having at one time been a cabinet minister, Attorney-General Smith early this morning tendered on behalf of the government the services of the band and an escort of police for the funeral, which were accepted.

Antoine Rosa was born on November 18, 1855, his father being a well known Portuguese, who died recently, and his mother an Hawaiian. His early education was obtained at the Catholic college of Ahimannu, on the other side of this island, and he afterwards studied at the Royal school under Rev. Alex. Mackintosh. Upon leaving school he was taken into the office of Chief Justice Harris as private secretary and law student. On October 25, 1877, he was appointed by the present chief justice, deputy clerk of the supreme court, a position which he held until September 30, 1882, when he resigned to continue his law studies. He was admitted to the bar on October 27, 1884, after passing a highly creditable examination.

On November 15, 1886, he was appointed attorney general under the Gibson regime, holding office until June 28, 1887. Under the republic he served temporarily as circuit judge, being appointed specially to hold a term at Kohala by reason of the death of Judge Austin. Antoine Rosa was an accomplished Hawaiian scholar and understood the English language perfectly. Owing to his Hawaiian birth and splendid educational advantages his prospects were decidedly brilliant, quickly resulting in the attainment of a large and lucrative practice, much of which he retained until overtaken by illness.

Luce as administrator and guardian and withdrawn from the record as attorneys in said causes.

In the case of Bruce Cartwright vs. R. W. Wilcox et al., to settle the claim of title to certain lands described in royal patents 2543 and 2546, the plaintiff files a supplemental petition asking that one Moan, who has taken steps towards obtaining possession of the lands, be required to attend at the taking of the testimony of R. W. Wilcox before Judge Perry on September 19th, there to cross-examine the witnesses if he sees fit. Judge Perry has granted the order asked for.

HILO'S DREAM OF POWER

IS FED BY THE VISIT OF THE CITY OF COLUMBIA.

Steamer Arrived There Tuesday With All Sorts of Things Novel to Hilo—Due Here Tomorrow.

According to the accounts brought out by the utterances of the Hilo papers, the rainy city has been in a delirium of excitement since Tuesday, which even exceeded that when the Annexation Commission, Admiral Miller and the Philadelphia and Liliuokalani were all there together.

The City of Columbia arrived there Tuesday morning, with the first foreign mail that ever came there direct, a big party of excursionists, a theatrical company that gave a performance in Spreckels hall, and the promise that Hilo would eventually be the principal seaport in the Islands and the biggest one between the mainland and the Orient. This latter optimistic hope rather got a cold water drenching by the announcement made by the manager of the steamship that it would not return to Hilo as more freight was to be obtained at Honolulu and it would not pay to return to Hilo.

In addition to all this there was a little romance on board the steamer coming down from Seattle, which had its denouement in Hilo before the United States Consular agent there. One of the passengers, according to the Hawaii Herald, paid marked attention to a lady member of the theatrical company, encouraged by the young lady's mother, but frowned on by the father. For the father's frowns the young man gave him a belying pin, and all parties were locked up by the captain. Before the Consular Agent the father, who seems to have come to, said he had fallen and hurt himself, and all ended happily.

The officers of the steamship and many of the passengers were taken on excursions through the plantations and all together Hilo seems to have done her best to make a good impression.

When the Kinau left, the City of Columbia was scheduled to sail for Honolulu this morning.

UNION MEETING.

There will be a union meeting of the young people's societies of the different churches at Kawaiahaeo church, on Sunday evening, at 6:30 o'clock. Leaders of this meeting are requested to meet for conference at the Y. M. C. A. at 7:30 this evening.

FIRE COMMISSIONERS.

The fire commissioners met last evening but transacted very little business. An adjournment was had until tomorrow night in order that the commissioners might ascertain in the meantime how much of the appropriations made for the department is available and when.

BACK FROM HAWAII.

Louis Kenake returned on the Kinau this morning from his vacation, spent on Hawaii. He says he had a most enjoyable time, and is greatly benefited in health. He spent a day at the Volcano and the rest of the time in camp on Mauna Lon and Mauna Kea, shooting wild geese and other game, and luxuriating on strawberries, apples and other good things.

HER CARGO GOT HEATED.

SAN FRANCISCO, August 28.—Word was received yesterday from St. Michaels, Azores, of the arrival there of the British ship Philomene, from Baltimore to Honolulu. Her cargo became heated, and she will have to discharge about half of it, and will also undergo a new survey.

MADE A RECORD TRIP.

SAN FRANCISCO, August 30.—The Hawaiian bark Helen Brewer has just completed a trip that breaks all previous records and wins for her skipper, Captain Mahoney, \$500. The \$500 was a pool made up by Captain Mahoney and the masters of four other ships that left New York on the same date. The Brewer left New York with 62,000 cases of kerosene April 2nd, crossed the equator April 25th and passed the meridian of the Cape of Good Hope May 19th. She anchored at Anjer June 21st, and arrived at Woosung July 13th, having made the voyage in 192 days.

TOMORROW THE GREAT DAY

HEALANIS STILL FAVORITES FOR THE SENIOR RACE.

What the Leilanis Really Weigh in Racing Costumes—Final Arrangements and Officials in Charge.

Tomorrow at 4 o'clock the great event in rowing circles in Hawaii will be pulled off. There has been no change in the make up of any of the crews and the men were all in fine trim this morning.

Prince Cupid, stroke of the Leilanis, says his crew made good time over the course last night, and they have no idea of coming out last. Following is the exact weight of the Leilanis in racing costumes: Prince Cupid, 184 pounds; John Lane, 180 pounds; Sam Woods, 165 pounds, and William Kealahi, 163 pounds. Average, 173 pounds.

There is some talk of the Myrtles putting in a second crew in the Alice L., in the junior race, just to set the pace for the regular crew.

The following are the officials in charge of the races tomorrow:

Committee of Arrangements—Chas. Crane, Guy Gere and W. H. McInerney. Judges—W. H. McInerney, A. W. Carter and H. M. Whitney, Jr.

Timekeepers—F. L. Dodge, Chris. Willis, James L. Torbert and A. Brook. Starter—H. M. Whitney, Jr.

The committee has secured the Union Express Company's launch for the use of the judges and press representatives and it will leave the railroad company's wharf on the arrival of the 3:15 train. No one but the judges and reporters will be allowed on board.

REGATTA DAY.

The men on the Philadelphia are taking a great deal of interest in Regatta day. In the tub race there will be at least five or six entries from Admiral Miller's flag ship. In the twelve oared cutter race there will be a crew from the engineer's department and another from the deck force. In the punt race with shovels instead of oars there will be a ten and a twelve oared crew. There will also be entries in the five oared whaleboat and the swimming races.

A MISSING MAN.

George P. Halberstadt, whose photograph in the police station looks exactly like Judge de la Vergne, is being extensively advertised as missing. He left Philadelphia a few months since, and has not since been heard of by family or friends.

NO DEVELOPMENTS.

There is nothing new in the military arrangements and no sign of any taking possession of government buildings by the army officials. Minister Cooper said this afternoon that there were no fresh developments in the matter.

ARREST FOR LIQUOR SELLING.

Manuel G. Simoes, a Portuguese storekeeper at the junction of Emma, Fort and School streets, was arrested last night for selling liquor without a license. When Deputy Marsal Chillingworth tapped him on the shoulder and told him he was under arrest he had two bottles of gin and wine in his hands. Quick as a flash he smashed them, one against the other, hoping to destroy the evidence against him. He will be tried tomorrow.

GONE TO THE COUNTRY.

Frank Brown, who has been under the weather with threatened pneumonia, left today for a few days out at his country place at Waimanalo.

ARMY AND NAVY.

WASHINGTON, September 1.—Said a navy official:

"Look at these facts. The Spanish prisoners captured from Cervena's fleet were cared for by the navy department. In forty-eight hours after it was decided to send them to Portsmouth, barracks had been erected for them. They arrived there, sick to a man. In three weeks every one was well. The war department had ten days to prepare the Montauk Point camp. It was not completed in that time. Men arrived there sick and have been growing worse. That's the difference between the navy and the war departments."

SIMLA, August 29.—It is officially announced that there were 2,500 deaths from the plague last week in the Bombay presidency. The epidemic is spreading.

NO USE FOR THE KLONDIKE

TREES THAT NUGGETS GROW ON ALL CUT DOWN.

Pat Hughes Knocks the Bottom Out of the Story of George Otterson's Suddenly Acquired Wealth.

Under date of August 30th, Pat Hughes, formerly engineer of No. 1 engine at the Central fire station in this city, who went to the Klondike several months ago, writes from San Francisco to his friend Chief Hunt a very entertaining letter, in which he says:

"I arrived in San Francisco from Victoria on the 29th and have done nothing since but do the town. When I left the Islands I weighed 136 pounds, but when I reached St. Michaels on my return from Dawson City, I weighed 158. Well, as regards the Klondike; there is some good property in that country, but when I got there all the trees that the nuggets grew on were cut down. There was none left for me, so I pulled out. I was down in Charlie Wilder's office yesterday and read a letter in the Chronicle about George Otterson coming out with \$80,000 in gold dust. I left him at Dawson City on June 30th. He had nothing then but two holes in the seat of his pants. He was going to locate a townsite and open a broker's office. The \$80,000 exists only in George's imagination. If you know any of the boys in the Islands that want to go north tell them for me, to stay at home. The Klondike is nothing but a big white elephant and I have had the pleasure of seeing him. Such people as Otterson have not got the courage to admit that they got soup in large quantities, instead of nuggets."

Mr. Hughes concludes a really entertaining letter by saying that he had talked Klondike with Colonel Soper, Mr. Hopper, Mr. Lewers, the Wilcoxes and about twenty of the Honolulu colony at the Occidental, and that William Essie is going to Rampart City, having given up the Klondike. Essie brought Willie Wilder out sick from Dutch Harbor, and sent him home from Seattle. He is now in San Francisco doing well.

PLANS PROGRESSING.

Arrangements for the Red Cross Ball Monday Evening.

The arrangements for the Red Cross ball at Progress hall next Monday evening are well under way, and the prospects are flattering for a highly successful social affair. Mrs. M. C. Widdifield has general charge of matters. The decorations will be under the direction of Mrs. Hutchinson and the Misses Among. The floor committee consists of Major George C. Potter, Harry Whitney, Dr. M. E. Grossman and Alexander St. M. Mackintosh. The reception committee will consist of the officers of the society, Mrs. Sewall, Mrs. Dole, the Princess Kaiulani, Mrs. E. Jordan, Mrs. John Lucas, Mrs. C. B. Cooper, Mrs. Andrew Fuller and Mrs. M. C. Widdifield. NEW CLIPPER LINE.

Seattle is out for the Hawaiian trade and three separate transportation companies are already organized, to begin operations within the next two or three weeks, direct between Seattle and Honolulu. The Clipper line will start with the schooner Horn, and will feel its way carefully toward putting on first the larger sailing vessels and at length steamers, if the trade should justify.
