

SATURDAY, FEBRUARY 18, 1888.

SENATORIAL COMMITTEE MEETING.
The Republican Senatorial Committee of the Tenth Senatorial District will meet at the city of Fort Scott, Tuesday, February 20th, 1888, at 2 o'clock p. m., for the purpose of fixing the time and place of holding the Senatorial Convention and the transaction of such other business as may properly come before it. All members are urgently requested to be present.
M. F. ISENBERG, Secretary.

DELEGATE CONVENTION.
A delegate convention of the Republicans of the 6th congressional district of the State of Kansas, will be held in the city of Oberlin, Kansas, on Wednesday, the 16th day of May, 1888, at 2 o'clock p. m., for the purpose of nominating two delegates and two alternates to represent the 6th congressional district in the National Republican Convention, to be held in Chicago, Ill., June 19th, 1888. The representation will be the same as in the following Congressional Convention.

CONGRESSIONAL CONVENTION.
A delegate convention of the Republicans of the Sixth congressional district of the State of Kansas will be held in the city of Russell, Kansas, on Wednesday, May 24, 1888, at 2 o'clock p. m., for the purpose of nominating one candidate for congress, and one presidential elector.

The basis of representation in said convention shall be one delegate and one alternate for every 250 votes or fraction of 100 or over of votes cast for Hon. E. B. Allen, secretary of state in 1886, and one delegate and one alternate for the counties not organized at the time said vote was taken, giving each county in the district the following number of delegates and alternates to-wit:

Counties.	Del.	Alt.	Counties.	Del.	Alt.
Decatur,	4	4	Boone,	7	7
Ellis,	3	3	Russell,	2	2
Ellsworth,	6	6	Sheridan,	2	2
Graham,	4	4	Smith,	9	9
Jewell,	11	11	Trego,	3	3
Lincoln,	6	6	Cheyenne,	2	2
Mitchell,	9	9	Sherman,	1	1
Norton,	5	5	Thomas,	4	4
Osborne,	9	9	Wallace,	1	1
Phillips,	8	8	Gove,	2	2
Rawlins,	3	3	Logan,	1	1

No proxies will be allowed.
It is recommended by the committee that the county convention to elect delegates be held not later than April 14th, and that the chairman of the county central committee report the list of delegates and alternates elected at once to the secretary at Stockton.
By order Sixth District Central Committee.
LAF. C. SMITH, J. H. FRICK, Secretary, Chairman.

HAYS CITY is to have a creamery.

SHARON SPRINGS has a barber, at last.

It is *Leader-ed* that Sharon Springs is soon to have a bank.

Do not neglect to plant a large patch in broomcorn.

S. C. RAMEY, of Hays City, and Miss Carrie Ellsworth, of Williamsburg, Pa. were married on Friday of last week.

The Millbrook and Hill City papers amid the din of the county-seat racket are fairly frothing on the opposite sides of their mouths to "save the country."

SOUTHWESTERN KANSAS, the Garden City *Sentinel* says, has two hundred newspapers. Yes, she has so many little counties that by the time each of them has a paper or two, the aggregate number runs away up.

J. G. SLONECKER, member of the executive committee of the National Republican league, for Kansas, and Hon. James W. Hamilton, vice president, have decided, the *Commonwealth* says, to call a state convention of Republican clubs of Kansas, to organize a state league, on March 21.

YOU REMEMBER that country which our "barbarian" geographers call Corea. Its proper name is "Chosen," pronounced cho son. For the first time, that country is sending ministers to foreign countries. Correspondence between this government and that will have to use the term "Chosen," for the present, at least.

A **TYPGRAPHICAL "bull"** in a Kansas City *Star* editorial makes Mr. Mills chairman of the Ways and Means Committee of the house, say, with reference to the work on the tariff bill: "We are moving slowly for the reason that it is such an important subject." In the light of the Democratic idea on the tariff being treason to the commercial interests of the country, this error becomes a great truth!

SENATOR FRY is said to be pushing investigations to determine whether we are living under an American or a European administration. Senator Chandler does not question that we are living in an anarchy, instead of a republic; and his energies are being devoted to seeing that the colored vote of the South is either to be permitted to be cast and fairly counted or deducted from the basis of electoral and congressional representation. Neither of these senators can make things a whit too lively in his chosen field.

ARBOR DAY.
Governor Martin has appointed April 4 of this year for Arbor day. Last year it was April 14. The change in time is a good one.

BLAINE BALKS.
Last week the *World* stated the existence of strong rumors that James G. Blaine had determined not to be a candidate for president in 1888.

For once, these rumors had a solid foundation. Chairman Jones, of the National Republican Central Committee, has received from Mr. Blaine, who is in Italy, a letter containing the statement that his name will not go before the Republican convention as a candidate for the presidential nomination.

The *World* would like to regard this edict of Mr. Blaine's as conclusive in his case; because, as long as he has Mr. Conkling's mulishness to contend with in York state, his chances there are doubtful, to say the least. But, in the light of Mr. Blaine's magnetic influence throughout the Republican legions, it occurs to us that this declaration of his will have the effect of uniting in columns still more strongly serried his friends. If his friends shall see fit to use his name as a candidate for the nomination, he will be powerless to prevent it.

MEET AFTER SEVEN YEARS.
Last Tuesday, at Beloit, we met for the first time, in the flesh, that bright newspaper man and gentle gentleman, Hon. W. S. Tilton, of the *Wa-Keeney World*. Every week, for the past seven years, we have jerked his paper out of a pile of exchanges and said to ourselves, "Here is the *Wa-Keeney World*, Tilton will say something." And he has never failed us; he has always said something and to the point. He has proved himself a newspaper man worthy the name.—*Gaylord Herald, Feb. 2.*

We (two) met then, as friend Headley says, for the first time, in the flesh. We then took chairs at one side of the Avenue Hotel office, and had a visit. It was a case of love at first sight. Among the observations which came early was one to the effect that the two visitors were as well acquainted with each other as if they had met continually during the time in which they have been exchanging papers. This attachment which so often develops between newspaper men is one of the compensations of the treadmill business. Mr. Headley is a humorous, versatile, strong writer; and we would consider a week well nigh lost in which his *Herald* failed to come to our table.

A NEW PAPER.
We acknowledge the receipt of *Rohrer's Sunday Chronicle*, whose first appearance was made last Sunday at Abilene. This new paper, as may well be imagined from its name, is intended to fill the atmosphere Kansas Division, Union Pacific railway, with Rohrerism in politics, Rohrerism in the method of dishing up the home news, Rohrerism in volubility of general reading, and Rohrerism in versatility, spice, vinegar and the thousand other condiments which must go toward the fill-up on an eight-column, eight page newspaper each week. We know G. W. C. Rohrer. Last winter he reported legislative proceedings for his then phenomenal daily, the *Abilene Gazette*. Socially, he is one of the best fellows of our acquaintance; politically, he is true-blue Republican.

There is no doubt that *Rohrer's Sunday Chronicle* will thrive. We want to see it do so.

QUINTER QUIVERS.

Will Turies returned to his claim north of Ogallah, last week.

Prof. A. H. Dray visited Wa-Keeney last Sunday. He will soon remove his family to this city.

We learn from a reliable source that John A. Nelson, of Wa-Keeney, will be a candidate for State Senator from this district this fall. No more accomplished and honorable gentleman can be found in this district, to fill such an important position. We hope he may be the nominee, and if so, be elected.

Miss Anna Slade met with a very painful accident last Tuesday evening, in the way of taking a dose of carbolic acid instead of a medicine for sore throat. The doctor was summoned immediately, and at present writing she is said to not be in a dangerous condition, and able to write an article for the press on the effects of carbolic acid.

Quinter is arising to an air of dignity, so much so as to be mistaken by a traveling man, last Tuesday evening, for Wa-Keeney. His mistake was not noticed until after going up town and searching for the Commercial hotel, when to his surprise, upon inquiry, was informed that he was in the city of Quinter, and not Wa-Keeney, as he supposed. He remained until yesterday.

January at the Railway Station.
Through the kindness of Agent Morton, we are able to announce the following business at the Wa-Keeney station for the month of January, 1888:
Freight receipts.....\$4,166.45
Passenger receipts.....1,805.15

Good Work at Wa-Keeney.
Agricultural College Industrialist, 11.
Professors Kellerman and Walters report an earnest three days' Institute at Wa-Keeney last week, with an attendance varying from one hundred down. Threatening weather was somewhat of a hindrance to enthusiasm, but good work was done in many directions upon the constantly recurring questions in Kansas.

Lands Yet Open to Entry.
The late report of the lands yet open to entry in the Wa-Keeney land district reveals these figures:
COUNTIES. ACRES.
Thomas*.....1,000
Logan.....20,000
Scott.....2,000
Sherman*.....1,000
Wallace.....20,000
Wichita.....3,000
Greely.....2,000
*Portions of these counties extend into other land districts.

Peach Buds Alive.
In company with Mr. Cyrus Monroe, we drove out to the Ewalt peach and apple orchard, a short distance southwest of town, Monday afternoon. Mr. Monroe, who is an experienced grower of peaches, tested buds on a number of the peach trees, showing some of them to us. They are alive, and, in the absence of some unforeseen calamity, there is bound to be a heavy crop of peaches on this place this year.

The *World* takes unalloyed pleasure in sending this good news to central and eastern Kansas, where, in many localities newspapers have reported the peach buds winter killed.

The Russell Convention.
Lee Monroe, W. S. McGinnis, Geo. J. Shepard and W. S. Tilton went to Russell Thursday morning to attend the convention of real estate and other business men in that city.

The convention was largely attended, comprising delegations from each county along the U. P. from Dickinson to Wallace, inclusive, and from the counties of Pottawatomie and Cowley.

Early in the deliberations of the meeting the fact became apparent that any organization which could be effected at Russell on that day would dip too far into eastern Kansas to make it advisable for the western counties along the U. P. to be connected therewith.

In the afternoon all the delegations from the counties of Trego, Gove, Logan and Wallace withdrew from the convention, with the understanding that the people of these counties will meet at an early day, and organize an immigration association. Later on, it was determined by these western delegates to call a meeting for this purpose at Grainfield on Thursday, Feb. 23, 1888. It was agreed that the counties of Graham, Sheridan, Thomas and Sherman be invited to cooperate in this movement with the other four counties named.

Mr. Maxwell, of the freight department of the U. P., was at the Russell convention. He informed various delegates from our western counties that he would be pleased to attend the meeting at Grainfield, and do all in his power in the way of granting railroad concessions to our people. The fact is, the cheap lands along this line of road are in the few western counties, and here is where an immigration organization should be organized.

As we were going to remark concerning the Russell convention, the counties of Ellis and Russell controlled the meeting, and refused to concede the presidency or the secretaryship to any of the four western counties. This was accomplished by the convention tabling the report of the Committee on Permanent Organization, which had named J. H. Brady, of Abilene, for president, and Lee Monroe, of Wa-Keeney, for secretary. The convention then proceeded, among other selections, to select A. L. Voorhis, of Russell, president, and Mr. O'Shant, of Hays City, secretary.

For the kind treatment of the Russell people, everybody at the convention was bound to be thankful. This fact was talked of freely by very many. The hospitality of the city in raising a large fund for the payment of the hotel fare of the large body of men who were at the meeting, was given general praise. Among the leaders in this kind treatment, we desire to mention particularly the names of Mr. A. L. Voorhis, and Mr. E. L. S. Boughton, the editor of the *Russell Journal*. The western delegations came home in the evening. The convention at Russell also finished its work late in the afternoon.

—W. H. Lee, county treasurer of Lane county, has been in town since Wednesday noon. He has fallen under the ban of Inspector Thomas, on the ground of claiming land which should revert to the government. It is hard—we came near using a harsher and really more appropriate term—for a man who has braved the hardships of buffalo-grass-covered Lane county for nine years, and who has a good portion of that time printed a good newspaper remote from any town or hamlet, to be sat upon for trying to defraud Uncle Sam out of a piece of land. If the government were to pension Mr. Lee for the rest of his life, it would not then repay him for the suffering he has endured in the pioneer work of placing western Kansas in a condition which enables government revenue to be paid by her population.

—Probate Judge Conger was quite ill on Tuesday.

—The Franklin House has been leased by J. H. Avery.

—Quarterly meeting to-morrow and Monday at the M. E. church.

—C. L. Vaughan is now making Hutchinson, Kan., his headquarters.

—Cashier Wilson, of the First National, was quite sick early in the week.

—W. S. McGinnis is down the road, appointing agents for the publishing house of which he is general agent.

—Misses Lillie Harrison and Lillie Smith now hold positions as clerks in the contest room of the government land office.

—A board fence has been built around the well at the Commercial House. The fence also extends some distance to the west of the well.

—Mr. Spicer informs us that wild ducks are thick along the Hackberry. On this fact, he bases the prediction that spring is mighty close here.

—On Wednesday the Masonic Grand Lodge of Kansas convened at Junction City. T. B. Monroe went there as a delegate of the Wa-Keeney Lodge.

—Squire McGarvie was in town on Wednesday. He and Mrs. McGarvie, both of whom were quite sick only week before last, are quite well again.

—The debating club at the Downer school house has tackled the tariff question. This is right. It ought to be debated at every school house in the land.

—Deputy U. S. Marshal Roberts, of this city, was up in Graham county the fore part of the week, summoning witnesses in the case against W. R. Hill and others.

—We are told that Werlich & Kershaw have purchased a stock of goods in Denver, and opened up business in that city. We understand that Mrs. Kershaw started to Denver yesterday.

—The old settlers of Collyer township meet at Collyer to-day (Saturday) to arrange for the celebration of the tenth anniversary of the settlement of the township. The celebration is to take place at Collyer on March 17.

—The Wilson *Hawkeye* backs the *World* in nominating Wa-Keeney as the place for the coming senatorial convention. F. E. Jerome knows Wa-Keeney. He used to work on the *World*.

—“Gentlemen will not, and loafers must not, smoke in the presence of ladies.” This confronts those who enter the waiting room at our railway station. We congratulate Agent Morton upon the vigor of his authorship. He has the right idea.

—A feather-renovating man left here on Wednesday for Ellis. In the fifteen days he was in Wa-Keeney he cleared ninety-five dollars, Frank Frick tells us. If this does not speak volumes for the clearly instinct of Wa-Keeney people, we want to be posted.

—Mrs. Fuson's institute address, which we publish in this issue, deals with facts, and we bespeak for it a general reading. In the exuberance of our early boyhood, our first inclination was to develop into a merchant. We never did so. Before the time arrived, we viewed the business a good deal as Mrs. Fuson pictures it.

—Last week a liquor permit was granted by Probate Judge Conger to Dr. M. H. Farmer. The granting of the permit was contested on the ground of defects in the wording of the petition, and that some of the signatures to the petition are illegal. An appeal from the action of the probate court has been taken to the district court.

Candidate for Postmaster.

The alleged editor of the thing in the basement is reported to have in circulation a petition to have himself appointed postmaster at Wa-Keeney. In this locality he stands less show of getting any influential support than a crippled wart would stand of swimming ten miles to save its life. But it is claimed that some fellows abroad are working for him.

Therefore, a meeting has been called at Opera Hall at 8 o'clock this (Saturday) evening, to express the indignation of our people at the proposed appointment of such a thing to such a position.
