Congressman Reeder and family came in from the west via the Rock Island last Thursday. Mr. Reeder will be here about two months but his family left for Washington Tuesday in order that Highland and Leland might enter school there. Mr. Reeder looks hale and hearty and thinks the west is a great country. He enjoyed his trip to the Hawaiian Islands very much. They had a splendid view of the volcano in action, a sight that many of the old residents had never witnessed. In a political way, Mr. Reeder has nothing to say at present. His people here did not expect his family to return at this time, so were surprised when they all arrived Thursday.—Logan Republican.
