### Epilepsy, or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. This disease consists in a sudden deprivation of the

senses, accompanied with a violent convulsive motion of the whole body. It attacks by fits, and after a certain duration goes off, generally leaving the suf-ferer in a staper, attended with great weakness and exhaustion of the body.

Doctor Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, the most Skillful Physicians of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, upril this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most REMARKABLE CURES upon record, and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, Ministers of va-rious denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted, as the only rem-

WE QUOTE THE LANGUAGE used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God I feel that I am a well man. I also feel it my duty to proceed the control of the Liver and in all bilious it to the ends of the earth, that those similarly afflict. of the Liver and in all bilious complaints, they stand ed may find relief. Another, (who is an EMINENT without a rival. All who have ever used them, give Ed may find relief. Another, (who is an EMINENT LAWYER, and well known in this city.) says, "My son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. Its fame," says he, "should and ought to be sounded to the ends of the earth." Another says, "Language is entirely inadequate to express my grature." Prepared for the proprietor by J. KIDD & Co whele sale Druggist, No. 60 Wood Street, Pittsburgh, Pe. the blessing of God, of restoring me to the enjoyment of good health, after having been afflicted with Epilepsy in its worst forms for more than twenty-three years and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole." EPILECTIC FITS-Of twenty seven years and six months, cured by the use of this Truly Wonderful

Read the following remarkable case of the son Wm. Secore, Esq., of Philadelpaia, afflicted with Epileptic Fits twenty seven years and six months. After traveling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, re

Wm. Secore's Letter to Dr. Hart:-I have spent over three thousand dollars for med-icine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physician, and the most that I received was their opinion that my son's case was hopeless and Positively Incurable. I accordingly left England, traveled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to PERFECT HEALTH. His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life. health and usefulness. He is how 28 years of age. and 27 years 6 months of this time has been afflicted with this most dreadful of diseases, but, thank God, is now enjoying good health.

Now, sir, faith without works I don't believe in.-To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars, I have, given his certificate, under the Great Scal of the Cino doubt but you will think this another and quite a different thing The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours, very respectfully, (Signed) WILLIAM SECORE.

# Another remarkable Cure performed by the use of Hart's Vegetable Extract.

Doctor Hart:-It is with no small degree of gratification that I am enabled to announce to you the complete restoration to health of my daughter, by the use of your Vegetable Extract. At the age of six years, ther age at present is sixteen) she was first attacked with this dreadful malady called Epileptic Fits; and until she commenced taking the Extract, she suffered with attacks of fits, almost incessantly, and so severely as to threaten to drive reason from its throne. and render her insane-Intoric.

Physicians pronounced her incurable, and cauld de nothing more for her. We had almost despaired of a cure, when hearing of the remarkable cures performed trial. The result has exceeded our most sanguine ex- a speedy and certain restorative of weak and debilipectation, as by its use she is free from a most dread ful malady, and restored to PERFECT HEALTH. Should any one feel desirous of seeing her, and of

ascertaining the particulars of the case, such wish may be gratified by calling on or addressing a letter to me, past-paid, at my residence, two miles from the village of Yonkers, Westchester, New York. O. C. DENSLOW, Yonkers N. Y.

Teething, Worm, Costiveness, &c., will produce this disorder. In all such cases the Vegetable Extract is the only medicine which can be relied on with any degree of safety. Mothers who have small children should remember this. Many a Cuild, the past year, who has suffered with this complaint, and has been given over by physicians to die, has been restored by

the use of but one bottle of Hart's Vegetable Extract.

The child of William Anderson, North Fourth. ctreet, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a hopeless one, and the child must die. Whilst the child was in this dangerous state Mr. Anderson called at my office and obtained a bottle of the Extract. administered it to the child, and the result was a per-

pect retoration of health.

The son of Mr. Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with fits. In this case also the physicians held a consultation and decided that they could do no more and that nature must effect its own cure, or the boy must die. The Vegetable Extract was administered to him whilst in a fit, by one of the attending physicians. Its effects were almost instantaneous. The fits was broken, and the boy restored to health. Mr. McGee says, "I shall never again be without the med-ione is any house it I can avoid it, for fear that some icne in my house, if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. Monthly Bulletin, No.3. THIS world has ever been the scene of the fireest struggles between Truth and error. No sooner does Truth propound an important theory, than error, with its legion of allies, seeks to arrest its progress. A most illustrious instance of this, was the last, without receiving any benefit whatever, and was cured by using HART'S VEGETABLE EXTRACT.

When Should be the immortal Jenner. His master mind was led, under Providence, to the discovery of Vegetage by the control of Vegetage by the small pox, was robbed of its terrors. He found that the matter from pustules upon the udder of a cow conained a principle which would produce the almost ivine results for which he had so patiently and anxously sought. Oppositon arose. Interested persons high in social rank and professional position, ridiculed what they dared not deny! They asserted that nany vaccinated persons became covered with hair, and even exhibited horns ; and a tail; and that in one ase a child ran on all fours, bellowing like a bull.-But the current was soon turned. The British Parinment voted him £20,000 sterling (\$100,000,) and

> the world sang his praises. The same spirit has come down to our own time .-Even while we write this Bulletin, interested persons, jealous of the wonderful efficacy and success of The Graefenberg Medicines, are opposing them. Misguided men! How utterly impossible to arrest their spread. The most extraordinary certificates are constantly flowing in to the Company, from all parts of the country; certificates which have astonished the most respectable citizens. TO MOTHERS AND MARRIED LADIS This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No feprepared in reference to lemale complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this emedicine. Nor is it less valuable for those who are approaching womanhood, it is calculated to assist nature by said. manhood, it is calculated to assist nature by quick-ening the blood and invigorating the system. Indeed this medecine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body-not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and dis-
