

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take place as the food of the world—a soda cracker. Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuits** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

JENKINS WILL MEET FOREIGNERS

Fred Gruhn, the European wrestler who has been saying uncomplimentary things about the American champion, Tom Jenkins, is soon to have a chance to try his skill against Cleveland's one time belleranger.

Gruhn is now instructor at Columbia university and is a brilliant mat performer. He claims that he is stronger than Jenkins and that he knows more about wrestling than the champion. At any rate, Gruhn, who is German by parentage, but English by birth, has at his command a budget of very effective tricks, some of which are new to American wrestlers.

Here is an answer to the deft of Gruhn, who issued a statement recently to the effect that the Yankee wrestler had side stepped a match with him. He included Tom Jenkins in his list, and the American champion, through his manager, comes back strong and is ready for business provided Gruhn can produce coin enough to show he is in earnest. Jenkins furthermore is ready to meet any wrestler in the world. Harry Pollok manager of Jenkins, speaks as follows:

"The wrestler named Fred Gruhn, who claims the distinction of being the only man who ever defeated Hackenschmidt, has made the assertion that Tom Jenkins, the American champion, has side stepped a match with him. 'Gruhn, as I understand it, has been in this country for some months and asserts that he has repeatedly challenged Jenkins and that the latter has been consistently silent.

"During Jenkins' career as a wrestler he never once refused to meet a challenger whose claims for recognition were founded on legitimate grounds.

ANDERSON MAY GET BERTH.

Interstate League Magnates Favor Madison County City Over Kalamazoo Michigan.

[Palladium Special.] Anderson, Ind. April 4.—Chances for Anderson getting into the Interstate Baseball League were proved today, when Isadore Mautner, of Ft. Wayne, representing Pres. Dickerson, of the Interstate League, came to this city and conferred with Chas. A. Baldwin, transportation superintendent of the Indiana Union Traction Company, who had wired Dickerson asking for a franchise for this city.

months in work that barred him from engaging in any matches. He has just notified me, however, that he is once again open to meet all comers, and if Gruhn or any other wrestler in the world wants a chance at the American title he can have it by coming to the front and putting up some real money to bind a match. This goes not only for Mr. Gruhn, but Getch, Beel or any other grappler of high or low degree. "Gruhn's claim that he threw Hackenschmidt does not frighten me in the least, despite the fact that Hackenschmidt defeated Jenkins. On 'dope' of this kind by taking a little trouble you can figure out George Dixon the world's heavyweight ring champion. Gruhn defeated Hackenschmidt and Hackenschmidt beat Jenkins, but if Gruhn thinks he can turn Jenkins over he can find plenty of takers for bets."

"Name, Butterfly." The recent discussion concerning the control of the rights for America of Puccini's opera, "Mme. Butterfly," has been settled by a cablegram from Henry W. Savage, who arrived in Naples recently to hear the performance of this charming and dainty opera and to arrange for the accessories for its American production. Mr. Savage will make the first presentation in America, and, as a matter of fact, in the world. Of this opera in English, having secured it for his English Grand Opera company.

Amateurs Who Rode in Derby. Though the famous English Derby is emphatically a professional race, there are records of amateurs riding in it. In 1857 Alexander Bartley, a shoemaker, rode Pegasus; in 1858 William Robinson, a lawyer, rode his own horse, Pelissier; in 1862 William Bent rode Alvediston and in 1869 Alpenstock; in 1904 George Thursby, whose percentage of winning mounts was better than any professional's, rode his brother's colt, John o' Gaunt.

Not For Dick Deadeye. "A bird in the hand is worth two in the bush." "Guess you ain't much of a shot."

Thought He Knew. A bachelor old and sour and grim Of lines like these delivered him: Oh, woman, in our hour of ease You are a most persistent tease. And sometimes in our hour of trouble You do your best to make it double.

SPORTING GOSSIP

The prospects for a winning track team at Earlham this year are far from bright. With only four veterans and a scarcity of green material the Quakers will have to adopt heroic measures to make any kind of a showing.

Miss Ethel McKinney, of Marion, Ind., who made such an excellent showing in the state golf tournament for women, held over the Richmond Country Club course in 1904, is making a name for herself in English golfing circles, defeating nearly all of the best English women she has met.

The Eagles have given up hope of securing the Athletic Park for baseball this season and have now opened negotiations with the South Side Improvement Association for a lot in the Beechview Addition, where they intend to place a first class ball plant. The best wishes of all the baseball fans in the city are with the Eagles as Richmond is certainly baseball hungry.

Another meeting of the Saturday Afternoon Baseball League will be held in the business office of the Palladium sometime late this week. The exact date will be announced later.

The three teams in the Saturday afternoon league which have announced their lineups certainly show that they will have fast outfits in the field this year. The other teams are expected to have just as good teams and it will be a toss up as to which nine will have the honor of winning the "rag."

The present weather has made many Richmond tennis enthusiasts to take their rackets out of the moth balls they have been stored in during the winter. The tennis gaze is well developed in this city and there will be many courts in use this season.

Mautner brought the information that Anderson can take the place of Kalamazoo, Mich., provided a proposition from this city is equal to the demand made at Kalamazoo, which requires a guaranty of \$400 that Anderson remain in the league throughout the season.

Belmont's Stable.

Jockey Club Chairman to Race Thirty Horses on Metropolitan Tracks.

August Belmont, chairman of the jockey club, will race a string of about thirty thoroughbreds on the metropolitan tracks this year. It was in 1904 that Mr. Belmont sold nearly all of his racers and practically retired from the turf owing to the pressure of outside business, but the remarkable success of the mare Beldame, who had been leased to Newton Bennington that season, induced the chairman of the Jockey club to return on a small scale last year. When Mr. Belmont got out of the game two years ago his old trainer, John J. Hyland, made other arrangements, so the Belmont stable this year will not be in his care, but will be looked after by A. J. Joyner and John Whalen.

At Mr. Belmont's famous Nursery Stud nearly all of his horses have been bred. Hastings, Henry of Navarre and Octagon are the leading stallions at this Kentucky establishment, and their get scored many turf triumphs. St. Blaise, for whom Charles Reed once paid \$100,000, is also at the stud, as Mr. Belmont bought him from James B. Haggan at a private sale for \$5,500 and some of the nursery two-year-olds this season are sired by the old fellow. Incidentally it may be recalled that St. Blaise belonged to Mr. Belmont's father fifteen years ago, which induced the owner of Nursery Stud to get the stallion if only because of sentimental reasons.

There are only three horses in the four-year-old and upward class that will carry the Belmont silks, and they are Lord of the Vale, a six-year-old, by Hastings-Lady Violet; Blandy, a four-year-old, by Hastings-Beldame, and Mount Henry, by Henry of Navarre-Mount Vernon. Mount Henry as a two-year-old.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

HIGH SCHOOL TEAM'S WORK

TRACK MEET AT ANDERSON IN MAY WILL WITNESS SOME EXCELLENT RECORDS—THE LOCAL ENTRIES.

The present warm weather has been hailed with delight by youngsters who are for places on the track team which will represent the Richmond High school this spring. The boys have no place for indoor training and as a consequence the severe weather of the past few weeks have deprived them of working out in preparation for the big high school meet which will be held at Anderson late in May.

The local High School has always made excellent showings in track and field athletics, finishing second every year since the organization of the Northern Indiana high school league. There will be several veterans of last year's team out for places again this season and there is a wealth of material in the large freshmen class.

The following is a partial list of men who will try for the various events:

Shot and Hammer—Murray, Guyer and Cain.

Poe Vault—Marine, Karns, Allison, McClelland, Spangler.

High Jump—McGaw, Murray and Allison.

100 yard dash—Allison and Karns.

220 yard dash—Allison, Williams.

Broad jump—Marine, Allison.

120 and 220 yard hurdles—Williams and Murray.

Discus—Murray, Guyer, Cain and Sands.

Allison, who is trying for nearly all of the events, is a freshman at High school, and is the sensational young athlete who carried every thing before him at the Garfield School track meet held at Earlham last June.

HIGH SCHOOL TEAM.

The high school base ball team will take the field this year with a rattling good team. Shelby Williams, c; Harry Karns, p; Harold Clements, 1b; John Carroll, 2b; Stanley Schaefer, 3b; Carl Allison, ss; Louis Dingley, 1f; William Metzger, cf; Ben Lawrence, rf; Donald Graves, 1b; John Murray, rf; and Howard Marine 2b.

year-old ran in England, but was brought back to this country last season. The Belmont three-year-olds are eight in number, the best of them being the stake winning filly Tiptoe, by Hastings-Tarpea. The others are Oaklawn, the Farandole—Margaret Jane colt, for whom Mr. Belmont paid Willie Shields \$30,000 in order to have a representative in the Saratoga special last summer, but who turned out to be the biggest kind of a disappointment; Don Diego, a colt by Henry of Navarre-Bella Donna a half brother to Beldame, who did not come up to expectations last season; Woolwich, a

colt by Hastings-Woodvine; Bridgeman, a colt by Octagon-St. Bridget; Bivouac, a filly by Hastings-Beldame, a full sister to Blandy; Lackey, a gelding by Hastings-Lack-a-Daisy, and Hauteur, an English bred colt by Lad-das-Hauteuse, who was imported as a suckling.

There is much interest in the two-year-olds. In the lot is one English bred youngster named High Glass, by Isinglass-Hauteuse. The others have been named appropriately as usual. Brookman is a fine looking brown gelding by Octagon-St. Bridget and is a full brother to Bridgeman. Curriculum is a black gelding by Hastings-Carlotta. Don Enrique is by Hastings-Bella Donna and a half brother to Beldame. Okenite is a gelding by Hastings-Oklenta. Fond du Lac is a gelding by Don de Oro-Fond Hopea. A colt by Hastings-Lady Rosemary bears the name of Rosemount. Sagapanak is a son of St. Blaise and Sony veraine. Another colt by St. Blaise out of Souriant bears the name of Smiling Tom. Officer, by St. Blaise-Oktagal, is a half brother to Oarsman. Wild Dance, a son of Hastings-La Danseuse, is another promising youngster. Shackle, by Hastings-Semiramis, is a bay gelding. There are seven fillies, all highly bred. Glamor, by Hastings-Glory, is a full sister to the stake winner Glorifier. Lady Vincent, by St. Blaise-Lady Violet, is a half sister to Lord of the Vale. Nancy is by Hastings-Ninevah. Ransom is by Henry of Navarre-Lady Rayon. Velocity is a daughter of Hastings-Lady Viola. A half sister to Woolwich, named Woodwitch, is by Octagon-Woodvine, while Missings is a filly by Dieudonne-Miss Darebin. These colts and fillies are engaged in nearly all the rich two-year-old stakes.

Geers' New Pacer.

Expects to Win Grand Circuit Purse With Daughter of the Earl—Gossip.

Ed Geers has over forty head of trotters and pacers in training at Memphis. Of course all of these will not be seen at the races the coming season. Probably by the 1st of July "the silent man from Tennessee" will have weeded out at least half of these, and before the season is very far advanced these will be reduced another 50 per cent. Not so much has been heard of his candidates this year as has been the case in other seasons, but it is re-

ED GEERS.

ported that he will have nothing good, as has been the rule after year. Sometimes it has been better and at other times a pacer.

Last year Geers' star was W. A. rect, but after winning a brilliant victory at Detroit he made two starts, winning second money in one and being unplaced in the other. It was a great disappointment, for Geers owned an interest in the pacer and had counted on making a clean sweep with him, as he had done with Direct Hal.

This year it is said that his star performer will again be a pacer, a five-year-old mare by The Earl, out of Besie Hal, the dam of Direct Hal. 2:04 1/2. She will be pretty thoroughly searched before a start is made with her, but the indications to date are that she will be the one to be entered down the grand circuit in the slow stakes.

A meeting of the members of the Ohio valley racing circuit was held at Portsmouth, O., recently, and a very strong circuit of half mile tracks was organized and dates assigned as follows: Catlettsburg, Ky., July 25-27; Huntington, W. Va., Aug. 1-3; Portsmouth, O., Aug. 8-10; Wellston, O., Aug. 15-17; Chillicothe, O., Aug. 21-24; Washington Court House, O., Aug. 28-31; Columbus, O., Sept. 3-7; Wheeling, W. Va., Sept. 10-14.

All the cities composing this circuit were represented with the exception of Columbus, O., and many matters of importance were discussed and much business transacted that will assist materially in the success of the circuit. It was unanimously decided to adhere strictly to the rules of the National and American Trotting associations, especially so in regard to time. All these cities being within a short distance of each other, horsemen are insured cheap shipments.

The latest ringer to be uncovered is the pacing mare Lady Knapp, 2:09 1/2, which was raced in 1904 as Mildred. George ("Dad") Whitney, who was responsible for the deception, has been expelled from the American Trotting association by the board of review.

Before his exposure as a "ringer" of harness horses Whitney, now an old

LADY KNAPP, 2:09 1/2, NOTED PACING "RINGER."

man, had borne a spotless reputation as a driver and trainer. After "ringing" Lady Knapp as Mildred it seems that Whitney raced two other harness horses under assumed names. The inevitable discovery, however, was not long in occurring.

Besides the regular foreign buyers John Splin is known to be buying for the foreign market, and it is rumored that Splin has interested with him in a silent way John E. Madden. Several years ago Mr. Madden paid \$10,000 at a public sale for Adbell, 2:28, who was destroyed on account of a broken leg, and last fall he paid a big price for the colt Silko, 2:17 1/2, now at Hamburg place, Lexington, Ky. Madden and Splin recently bought for export, it is thought, the big bay stallion Prince Selma, 2:10 1/2, by Bow Bella, 2:10 1/2, and it is probable that Silko also will eventually find his way across the waters.
