FLAWS PICKED IN NEW PLAN

Congressman Watson's Civil Service Crusade is denounced.

SPOILS SYSTEM IS HIT

CLAIM MADE THAT WATSON'S PLAN WOULD PROMOTE INEFFICIENCY IN THE FEDERAL DEPARTMENTS.

[Palladium Special.] Indianapolis, April 19.—A special dispatch from Washington, to the Star says:

Representative James Watson's plan of reforming the civil service does not meet with the approval of the United States Civil Service Commission. Henry F. Green, one of the three members of the commission, told the Star correspondent today what he thinks of Mr. Watson's scheme. He did not mince words.

Mr. Watson's crusade is beginning to attract attention all over the country. In communications to Congress enemies of the spoils system are hurling shafts at the member from Indiana. Although he protests that he believes in a "real merit system" the sentinels on the civil service watch tower regard him as the advance agent of their old time enemy—political pull—and are sounding the alarm.

Mr. Watson proposes that the Civil Service Commission shall be abolished; that examinations to determine the fitness of applicants for Government positions shall be made by the heads of the several departments; that the initial examination shall be short of hair-splitting technicalities and shall be directed to ascertaining the applicant's fitness for the particular position which he desires to occupy; that he shall serve a six month's probation, like a candidate for membership in the Methodist Church; that, if his services during the six months are satisfactory the head of the department, at the end of that period, may appoint him for six years; that at the end of six years every position in the classified service shall automatically become vacant and it shall be "up to" the head of each department to reappoint such persons as he considers fit for the service and cull out the "dead timber."

Commissioner's Views.
Commissioner Greene said:

"Mr. Roosevelt once spoke of a measure similar to that of Mr. Watson as a bill to promote inefficiency in the public service. I believe that this characterization aptly fits the bill which Mr. Watson has in mind. So far this year Congress has not attacked the civil service to any considerable extent. Mr. Watson's scheme being the first abolition of that kind. When Mr. Watson's bill is introduced it will be referred to the Committee on Civil Service and Retrenchment and I haven't the slightest doubt that it will be found reposing peacefully in the Committee on Civil Service and Retrenchment when Congress adjourns.

"I am unable to point to any commendable features of Mr. Watson's plan. The proposal to abolish the Civil Service Commission and have examinations conducted by the various departments is, of course, untenable. In that case passing an examination would be like going to a circus. I have in mind now one department where special examinations are conducted to determine the fitness of applicants for a certain branch of the service. The head of that department frankly states that the examinations are a farce and that anybody above the intellectual grade of a congenital idiot can pass them. Examinations so conducted always will be a farce because the candidates are virtually picked out in advance through political influences and the examinations are softened to suit them. Civil Service examinations never will amount to anything except when they are conducted by an independent and disinterested body like the Civil Service Commission.

MISS MAE WIGGINS WEDDED IN SAN FRANCISCO ON EASTER.

[Palladium Special.] Los Angeles, Cal., April 19.—From Buffalo to St. Louis, from St. Louis to Portland, thence to Ocean Park is the course of true love which united Miss Edna Mae Wiggins, niece of Mr. and Mrs. Frank Wiggins, and A. L. Brooke, of Sacramento. The ceremony took place Sunday at San Francisco. When Mr. and Mrs. Wiggins, who formerly were Richmond residents, were at the exposition at Buffalo, their young niece was invited to be with them for an extended visit. It was here in the California building that she and the young Californian were introduced. Miss Wiggins has since then been the constant companion of Mr. and Mrs. Wiggins. With them she went to St. Louis, where she again met Mr. Brooke, then to Portland at the Lewis and Clark Exposition. The persistent suitor followed the young woman north and when she came later to Ocean Park she had promised to become a bride on Easter Sunday.

Two more night performances remain of the vaudeville bill that is being put on at the New Phillips this week, and those who have not seen the performance should take advantage of the opportunity. Those who care for barrel jumping will find one of the best exhibitions in this line the New Phillips has ever had.

Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that it Really Does Make Sick Women Well.

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such widespread results for good? Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the female system, positively curing disease and displacements and restoring health and vigor.

Marvellous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), weakness, displacements, inflammation, ulceration, "that bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be rejoiced to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Any way write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.
