

TERRIBLE ITCHING SCALP HUMOR

Badly Affected With Sores and Crusts—Extended Down Behind the Ears—Some Years Later Painful and Itching Pustules Broke Out on Lower Part of Body—Son Also Affected.

A TRIPLE CURE BY CUTICURA REMEDIES

"About ten years ago my scalp became badly affected with sores and itching humors, crusts, etc., and extending down behind the ears. My hair came out in places also. I was greatly troubled; understood it was eczema. Tried various remedies, so called, without effect. Saw your Cuticura advertisement, and got them at once. Applied them as to directions, etc., and after two weeks, I think, of use, was clear as a whistle. In two months, I had a severe cold, a hard cough, and finally a painful eruption all over the body. I procured the Cuticura Remedies as soon as possible, and after his faithful use of same was as well as ever in two weeks, as well as I can recall. He has never had a return of the illness, as far as I know."

"I have always been pleased to commend the Cuticura Remedies, and testify as to their efficacy. I am a veteran of the late Civil War, '61-'65, between seventy and eighty years of age. Yours truly, H. M. F. Weiss, Rosemont, Christian Co., Ill., Aug. 31, 1905."

Complete External and Internal Treatment for every kind of skin disease, from Eczema to Scabies, including Cutaneous Warts, Ulcers, etc., etc., may be had of all druggists. A single set of Cuticura Remedies will cure the most distressing cases when all else fails. *For the Skin, Scalp, Face, Neck, Arms, Legs, etc., etc., see "How to Cure Eczema," and "All About the Skin, Scalp, Face, Neck, Arms, Legs, etc., etc."*

SURRENDER TO TAGGART'S MEN

The Richmond and Wayne County "Antis" Will Hereafter be Good.

ONLY HARMONY DESIRED

DEMOCRATIC LEADERS IN DISTRICT HAVE PROMISED TAGGART THAT THERE SHALL BE NO MORE OPPOSITION.

Not only has it been openly charged that the 6th district Democrats were directly responsible for the defeat of the anti-Taggart forces when the effort was made to defeat Chairman O'Brien for reelection, but it now appears that the anti-forces have been routed in the district and have made unconditional surrender to Taggart and his henchmen.

In Richmond the Taggart men who stand head and shoulders above the other party leaders, declared that no representative from the district should be identified with the reorganization movement and in consequence the district was without representation at the meeting in Indianapolis Wednesday.

The charge was again uttered there that Sylvester Meek, the Democratic chairman from the Sixth district had been elected to his position by anti-Bryan and anti-Taggart men, but despite the issue which had made him a winner, he is accused of voting for O'Brien the Taggart chairman.

It is understood that an effort to bring about harmony in the party in Richmond has succeeded. The anti-Taggart forces are to be good and say nothing. The former opponents to Taggart are lined up now in his favor and the work of harmonizing is to extend throughout the district so that there will be no serious rumpus when the congressional convention takes place at Greenfield on June 2.

A few weeks there were bold claims being made by the anti-Taggart men as to what they would do in the old Sixth district but some mysterious change has come about and almost without exception these bolters are now worshipping at the shrine of Taggart.

BOY MUSEUM IN INDIANA

Miss Stella Teller Plans an Experiment Near Valparaiso—Hunting For Boys.

[Publishers' Press] Willis, Tex., May 17.—A boy museum on an Indiana farm is being planned by Miss Stella J. Teller, of Willis, a woman prospector. Her plan is to establish at Valparaiso, Ind., a farm where boys of all nationalities may be brought together and studied for the advancement of science. She will guarantee the education of such boys as may come under her care in law, medicine, music or trades. She is now trying to find suitable boys in all countries.

COD LIVER OIL

It almost makes you sick to think of it, but it isn't nearly as bad as it used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil.

AT THE THEATERS

Earthquake Pictures Today.

Much interest is manifested in the coming of the San Francisco earthquake pictures to the New Phillips this afternoon and tonight, to make way for which vaudeville has been suspended. These pictures are said to be the best thing of the kind that has been produced and touching upon so recent and terrible a catastrophe as this earthquake, they are of more than ordinary interest. They will show what it is possible to do with motion picture machines.

Vaudeville at the Phillips.

There will be no vaudeville performances at the New Phillips today, as the earthquake pictures are to be presented, but Saturday afternoon and night there will be the usual performances. This week's bill has proven a very pleasing one. Tomorrow Manager Murray will announce his program for next week and is confident that he has secured performers who will not only be new to New Phillips patrons, but who will be pleasing as well.

Vaudeville at the Gennett.

Manager Swisher, of the Gennett, is well pleased with the patronage on vaudeville up to this time. Early in the summer it is a somewhat difficult thing to attract the public to the inside of a play house, but patronage at the Gennett this week has been quite good and the bill has fully satisfied. There are indications that as soon as the warm season is fully inaugurated the old time rush of patronage, which marked the last summer season, will be resumed. Tomorrow the Gennett bill for next week will be announced. First rate talent has been secured. There will be no break to allow for other performances.

PLANS FOR THE ASSEMBLY

CARING FOR DELEGATES.

Entertainment Committee is Pleased With Display of Hospitality Thus far Shown—Schedule of Prices to be Paid to Those Who Will House Visitors.

The following was issued yesterday by the committee in charge of the entertainment of delegates to the approaching General Assembly of the United Presbyterian church:

The 27th annual meeting of this body will convene at the Reid Memorial U. P. church on Wednesday next and will continue until May 31st. The committee of home missions is now in session at Springfield, O., where Dr. Gilchrist and Rev. Hervey are now in attendance. It is expected that 350 delegates will be in attendance and many notices have already been received from delegates asking for entertainment.

The committee on entertainment is very much pleased at the generosity of the people of Richmond thus far but still need the doors of a few more homes to open to their delegates. The committee will see that those that entertain are paid the following prices: for lodging 25 cents each; for breakfast 25 cents each; where necessary two delegates will occupy one bed. All delegates will be given their dinners and suppers at the church, thus giving everyone the opportunity of attending the services at the church.

Anyone wishing to entertain delegates or desiring information will please address any member of the entertainment committee.

Mrs. Richard Sedgwick, Mrs. F. W. Glass, Mrs. Geo. C. Ball, Mrs. Sharon E. Jones, Sharon E. Jones, chairman.

Mrs. Hannah Swift has gone to Indianapolis to visit relatives for a few days.

Miss Julia Henchman, who has been visiting her parents, Mr. and Mrs. C. T. Henchman for several days has returned home to St. Louis.

COMPLETE CHANGE IN MILEAGE BOOKS

The Western Passenger Association's Special Committee Recommends It.

TO REDUCE SOME PRICES

HEREAFTER THE 2,000 MILE BOOKS WILL BE SOLD FOR FIFTY DOLLARS WITH A REBATE OF \$9.50.

Complete revision of the present system of interchangeable mileage ticket and credential certificates is recommended in the report of a special committee appointed by the Western Passenger Association, which completed its labors Wednesday. The committee recommends granting a part of the demands of the commercial travelers, but holds that some of the requests are impossible.

While the report of the committee has not yet been given to the public, it was learned in Chicago railroad circles that the committee proposed to reduce the price of the 2,000-mile ticket from \$60 to \$50, and to make the rebate, when the ticket is used up, \$9.50 instead of \$19.50, the present sum. This really "splits" the difference with the commercial travelers, who wished to be permitted to purchase the books at a flat rate of 2 cents a mile without any deposit.

Another feature of the committee's report, it is understood, is to provide for reducing the mileage from 4,000 to 2,000 miles. The price and manner in use of the credential is to remain the same as it is now, except that when the passenger has traveled 2,000 miles he is entitled to the benefits of the net rate a mile provided.

New Forms of Tickets.

Two new forms of tickets, it is said, are recommended. One of these is a 500-mile individual ticket, good only on the line selling it and for the use of the person whose name and description appear on the cover. The selling price of this ticket will be \$12.50 and no rebate will be allowed. It makes a rate of 2½ cents a mile, and will prove popular with that class of people who do not do a great deal of traveling, but desire a lower rate than that afforded in the regular local tickets.

The other new form of ticket is a 1,000-mile book, similar in every particular to the 500-mile book. It will be good only for the person whose name and description appear on the cover and on the road issuing the ticket. It will sell for \$25 gross, but the purchaser will be allowed a rebate of \$4.75 when the ticket is used up.

POULTRY BUSINESS PAYS

PROOF POSITIVE GIVEN.

Demonstrated that if Strict Attention Given to Henries the Hens Will Make Money for their Owners—James Baker's Experience.

That the old dominick hen is a power in the land none will dispute and that poultry is the biggest little thing on the farm none will deny says the New Paris Mirror. James H. Baker is an able champion of the humble hen and has some of the finest in the land. He is a Plymouth Rock fancier and the strain in his pens is the peer of any. Not satisfied with what is good he is always adding new blood to his flock both by new cockerels, new hens and eggs from the best pens he can hear of.

Mr. Baker is quite well satisfied with his results and gives us the following figures for three months from fifty hens:

January—Gathered 407 eggs and sold \$6.43 worth.

February—Gathered 389 eggs, selling \$3.52 worth.

March—Gathered 603 eggs, selling \$4.29 worth.

April—Gathered 1243, sold \$9.17 worth.

Total eggs gathered—2642. Total amount of money received—\$23.36.

Mr. Baker says that the number of eggs used and those not sold was quite large.

This is certainly an excellent showing.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham: "Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself, try Lydia E. Pinkham's Vegetable Compound.
