the most fascinating entertainments that has been here in many seasons, was presented at English's Opera House last nigh to an audience that taxed the seating capacity of the house by its numbers and strained the acoustic capacity by its unrestrained enthusiasm. In fact, the applause came so frequently and in such tremendous volume that now and then a few of the more self-contained persons in the audience looked about in amazement, as if to discover the origin of so much noise, but, * catching the infection themselves, proceeded at once to swell the volume of sound. "Zaza" Too Suggestive for Britons. LONDON, April 20 .- Owing to the avaianche of criticism of the play, the lord chamberlain has ordered a further investigation of the text of the version of "Zaza" as now played here, with the view of comparing it with the copy originally submitted. The possibility of the suppression of "Zaza" is intimated by the newspapers. Mr. Lastocq, the manager for Mr. Charles Frohman, said he does not anticipate any trouble with the censor. The present text of "Zaza," he says, has been submitted to that official with the expression of a desire to eliminate anything considered in any way objectionable. Nothing, he adds, has thus far reached the management in support of the suggestion that the play may be suppressed.

EXCURSION STEAMER WHICH WAS SAID TO BE A PEST SHIP.

Statement by Colonel Fuller-Smallpox Reported to Have Been Contracted at Jerusalem.

BOSTON, April 20.-The steamship New England, of the Dominion line, which sailed from here Feb. 1 with a party of excursionists on a European tour, reached this port from Liverpool this afternoon, bringing 1,111 passengers. Among the number was no sickness.

The arrival of the New England had been awaited with great interest because of the fact that smallpox broke out among the excursionists while the vessel was at Naples. At that time all but ten of the passengers were sight-seeing in Rome, those remaining on board being ill. As soon as Captain McCauley, of the vessel, knew of the smallpox he made arrangements and sailed from Naples as soon as possible for

Liverpool. The authorities, becoming aware of the existence of the disease on the vessel, caused the tourists in Rome to be quarantined in the Hotel Marine, and an armed guard was placed over them to prevent them leaving the house. The baggage of the tourists had been collected by the ship's officials and placed on shore. Much of this baggage went astray. When the vessel arrived at Liverpool the passengers were all landed, the sick ones being carried to the hospital. The ship was then thoroughly fumigated. Here all of the tourists who had intended to return to America on the New England, 148 in number, rejoined the ship. The other tourists are scattered all over the continent, the majority of them remaining to visit the Paris exposi-

The New England left Liverpool April 12. When the vessel reached quarantine this afternoon she was boarded by the health officers, and all who could not show scars were vaccinated. Then, having been given a clean bill, the vessel went to her berth. A few hours before the steamer reached her dock in this city a meeting of her cabin passengers was held, at which a committee was appointed to prepare a statement

Colonel Fuller said in an interview to night: "This thing ought to be ventilated. The fact that all our baggage was put ashore in a state of disorder was only a minor trouble. It was Clark's (the excursion manager) action in attempting to induce the captain to allow the passengers to them in the lurch, many of them women, without them, that has created the outburst of indignation. Captain McCauley said to Clark: 'For God's sake drop your dollars and cents. Do you really want the passengers to come back on this pest ship?' Clark was affected, but said: 'If they don't I am ruined.' Finally he yield-

Dr. H. H. Casselberry, of Hazleton, Pa. gave an interesting account of the outbreak of the smallpox, saying that he had no doubt this disease was contracted in Jerusalem, and it was probable that the original case was that of Mrs. W. W.

None of the passengers died after the vessel left Naples, aboard ship, and the three who were sent to the Liverpool hospital, Capt. and Mrs. M. W. Thompson, of Friendship, Me., and Mrs. J. A. Taylor, of Newton, were all convalescent. There was one death aboard ship after leaving Naples, the boatswain, and he was buried olsom, Mrs. Benton, Mrs. Bender and Miss

Chicago St. Louis..... Brooklyn New York..... Cincinnati Pittsburg Boston 2 The American League baseball season

was opened in Indianapolis yesterday afternoon, but it could not be termed an auspicious opening for several reasons, chiefly among them being the fact that the Indians carried off the small end of the score. The sky, too, was hazy nearly all day, which caused hundreds of people who generally attend the first game to stay away. During the middle of the afternoon, when victory seemed a certainty for the Indianapolis team, the clouds broke and showered ill fortune on the home team. It was then that the tide turned and the final result was 7 to 6 in favor of Cleve-

About 2,000 people took chances on getting wet and went to Washington Park. The fact that there were only five cars waiting at the park to carry the large crowd down town when the game was over was due, it is said, to a sudden shrinkage of

The game bordered on one of those nervewrecking contests and it was hard on both the players and the spectators for neither had been trained up to a point where they could ward off nervous prostration resulting from a close score which might result in either team carrying off the victory. The nervous feeling came in the fifth inning when the visitors began their scora visit of three weeks with Mrs. Curran come aboard the ship again and his leaving ing and a presentiment of trouble stole over the spectators. The strain was weakening, especially to Kellum, who was in the box, and he gave way under it, allowing the Cleveland men to pile up four runs and get the lead before the side was retired. From that time on it was give and take until Cleveland, through errors of a more or less excusable nature, came out

It was the first game in which the members of either team had lined up for real duty and they were on their mettle, but indicated a lack of training and practice that was very noticeable. Manager Watkins said after the contest that for the next few days the team possessing the luck would win, as all of the clubs are about of equal strength and will not be able to show their real playing ability until they have had the opportunity to get into better condition and perfect their team work. The outfielders yesterday had trouble owing to the soft condition of the outfield, and when they started after a hard fly their running was impeded by having to carry extra weight on their shoes. It was largely due to this that the outfielders had errors charged against them.

'Bumpus" Jones, with a new mustache of luxuriant growth and shiny black, was announced as the pitcher for the visiting team, while Kellum did the twirling for Indianapolis. Cleveland went to bat first, and the first two men went out easily. Buelow gave the crowd a scare by putting one against the fence, but was thrown out at the plate. Indianapolis then did much of art and traffic! What greed of power, gain well trained in the principles of morality. There better and scored a trio of runs in their half of the first. Hogriever went out and Hartsel hit for two bases. Madison failed SENDING THE BALL OVER THE to see some of the curves that came his way, and he struck out. Then the broadshouldered Seybold came up for inspection. The crack of the bat announced a flight of the ball through the air. The horsehide did not rise more than fifty feet above the ground, but sailed on and on until it cleared the left-field fence and bowed to the greenhouses on the far side of Washington street while he trotted around the circuit. Kelly hit one to Viox, which he juggled until Kelly reached first. Heydon hit safely, sending Kelly to second, and then Flynn put one in right, scoring the first baseman. Hickey flew out, leaving two men on bases. There was no more scoring until the fifth inning, but in the meantime there was some pretty playing.

KELLUM WEAKENS.

In the fifth inning Kellum began to weaken, and Bierbauer and Diggins, the first two batters to face him, hit safely, Viox flew out to Hickey, and Jones hit to left center for two bases. Pickering flew out, and then White hit to left, barely out of Hartsel's reach. Buelow sent another one to left, which Hartsel dropped, allowing White to cross the plate. Genins flew out, retiring the side. Indianapolis tied the score in the last half of the fifth on Fickering's muff of Hartsel's hard drive and Madison's single.

CHRISTIAN ENDEAVOR.

Topic for April 22-Serving God Joyously: Matt. xxii, 1-14.

This week's Christian Endeavor meeting is on one of the most startling of Christ's utterances. A man visits a king's wedding feast, not having on the wedding garment. What of it? This: "Bind him hand and foot, and take him away, and cast him into outer darkness."

Such a climax of the parable is striking evidence of the estimation in which joy is held by our Lord. That is because happiness and the expression of it are symptomatic of so much. They mean unselfishness, because a happy man cannot be a selfish one. They mean purity of life, because sin is wretchedness. They mean, above everything else, nearness to Christ, because He is the source of all joy. An unhappy man is already bound hand and foot, and carries his "outer darkness" with him wherever he goes, No service is valuable until it is joyful. The painter whose heart does not sing at his task will paint poor pictures, and the cook who goes groaning to her work will bake poor bread. It is not certain that a man will succeed at his work because he enjoys it, but it is certain that

It is good to worship in God's house, and there is a measure of service in it, though certainly the phrase, "attending divine service" is wrongly applied to this, which is rather a blessed preparation for service. "The Man Behind the Gun" was sung by Jerome Sykes, Bertha Waltzinger, Mabella Baker and a large chorus of Aladdin's retainers, attired in exceptionally rich and elegant costumes. The element of triotic fervor caused to run high by the introduction of American and English flags, waved with hearty vigor. Nellie Lynch's "talking doll" specialty, united with Johnny Page's remarkable and ludicrous acrobatics, aroused the entire audience, from first floor to topmost gallery, almost to the point of hysterics. Becoming weary from the effort of his acrobatic feats, Page sought to satisfy the audience with a funny curtain speech, delivered in installments, but only the exercise of a little managerial firmness behind the scenes enabled the per-Edna Wallace Hopper, who is the persenification of dainty loveliness, with a smile that might win a throne if properly applied, in the role of Chris has extraordinary opportunity for the play of her variety of talents. went in and sent three men across the plate with only one hit being made in the inning. An unfortunae bunching of errors, also largely due to the rough diamond, was responsible. Hickey had hard work in picking up a bunt hit, the ball flirting with the fielder by dropping into a hole in the ground as Hickey reached for it. Later on Dammann threw to Kelly on Pickering's ball and Kelly temporarily, causing the big first baseman to drop it when it landed in his mit. After all these misplays a little single scored enough runs to win the game The most brilliant star of the game was Seybold. Indianapolis's new centerfielder. His stick work and playing in the field was the kind that made the fans forget the temporary shortcomings of other players who have occupied the garden for the Indians. The first time he stepped to the bat he swung and met a hard one full on the bat and it sailed fairly over the left field fence, bringing in one run ahead of him. His stock went away above par and kept going higher when later in the game he plunged into the air while running back into deep center field and gathered in a hard hit from Pickering's bat that looked Philadelphia Defeats Boston in the safe.
