FIRST REALLY GOOD DAY OF THE PRESENT MEETING.

Unusually Good Racing at Davenpor -Runners at Brighton Beach-American Jockeys Abroad.

DETROIT, Mich., July 19 .- The first fast time of the Blue Ribbon week was made at the Grosse Point track this afternoon. It was the first day on which the track and weather conditions were really favorable. The day was warm, with but little wind, and the track was in prime condition. Two good marks were made. Prince Alert, a gelding from Providence, made the mile in 2:05, in the second heat of the 2:06 pace and The Abbott went a mile in 2:07 in trial against time to beat his record of 2:06%. The Abbott's record of to-day was the fastest of the present season, but the unbeaten champion of 1899 lacked threequarters of a second of equaling his last year's performance. The gelding was driven by Geers and paced by a runner. He went the quarter in :33, the half in 1.05

The 2:06 pacing event furnished a pretty contest. Billy Andrews made a poor showing for a prohibitive favorite. In the first heat William Mc, the winner, was chased hard by Choral and Billy Andrews. The latter stayed in the game to near the finish, but could not overtake the bay, Prince Alert made his only winning in the second | Mark Derby, b. g., by John heat, but he made the fastest record of the day and came within three-quarters of a second of equaling Joe Patchen's mile at Flossie Delaney, ch. m. At that instant Prince Alert came on in the grandest rush of the meeting and passed both Mc and Coney in Miss a flash and stole the heat, which McHenry had, by all appearances, won, amid roars of applause from the 7,000 speciators. It was Ace's turn to win in the third heat. Billy Andrews overtook the black stallion but failed to respond to a hard whipping in the critical seconds before the finish. Several thousand people saw some of the greatest speed contests ever held in the West. The track was fast. The feature of the day was the 2:20 trot. Four heats went to four different horses. Impression went lame, reducing the field after the fifth heat to three. May Alcott won the race. Mark Derby's performance in the 2:12 pace was sensational, the last three heats being taken by him in close finishes, in which he pushed forward from the rear. Results of the Races on the Track

at Brighton Beach. NEW YORK, July 19.-At Brighton Beach to-day the handicap at one mile and a quarter was the best race, although only four horses started. Every horse was played, Favonius closing a slight favorite at 2 to 1, while Maid of Harlem, the outsider, was held at 7 to 2. Wooster Boy made the running for six furlongs, when Equity, blk. g. (Geers)......4dr | he was joined by Maid of Harlem. They rounded the far turn head and head, with the other two necks apart, a length and a half away. McCue let Maid of Harlem down as they rounded into the stretch and althugh Lord Baltimore challenged gamely, the Maid won by a length. Wooster Boy stopped to nothing. Favonius was third, three lengths away. Summary: First Race-One and one-sixteenth miles:

Survivor, 11 to 10 and out, won; Half Time second. Time, 1:47. Second-Five furlongs: Candle, 13 to 5 and 7 to 10, won; Agnes D. second, All Saints third. Time, 1:01 1-5. third. Time, 1:01 1-5.

Hyde Park Stake Was Spectacular. CHICAGO, July 19 .- Alard Sheck, the crack two-year-old from the Schorr stable, won the Hyde Park stakes from Golden Age to-day by half a length. There were but three starters, Admonition, Sannazaro and Grandon being drawn. Scheck won by the advantage he gained in the start, but probably was the best anyway, as he never seemed to trouble. Although Golden Age showed in front at the stretch turn, Burns brought his mount up with apparent ease when ready and won going away. From a spectacular standpoint the race was a brilliant one, as a blanket would have covered all three horses nearly the entire distance until they were straightened away for home, where Tyr dropped out of it entirely and Burns and Bullman used their every effort to bring their mounts to the front, and Burns succeeded. The race was worth \$2,320 to the winner. Summaries: First Race-Five and one-half furlongs: Lady Schorr, 3 to 2, won; Schoolmaster second, Cora Goetz third. Time, 1:08. in betting, won; Sharp Bird second, Scarlet Lily third, Parmenion fourth. Time, 1:131/4.

Time, 1:31.

American Jockeys at Newmarket. LONDON, July 19 .- At the Newmarket second July meeting to-day the American jockeys were quite successful. The highweight handicap, about one mile and four furlongs, was won by Seafog, with W. H. Martin in the saddle. Chicane, guided by Tod Sloan, won the Chesterfield stakes for two-year-olds, at five furlongs. A handicap at five furlongs was won by Richard Croker's Salina, ridden by J. Reiff. Mr. Croker's Merrilla, with L. Reiff up, was second in the Reach plate, for twoyear-olds.

Anti-Foreign Proclamation in Shan-Tung - Attitude of Chinese in America-Effects on Commerce.

VICTORIA, B. C., July 19 .- Advices received from north China contain particulars of the awful torture inflicted on the Rev. H. V. Norman, who, with Rev. C. Robinson, was among the first of the American missionaries to become victims of the Boxers. A correspondent writing from Tien-Tsin on June 7 says some refugees who had arrived there gathered from Chinese ghastly details of the torture inflicted on Norman

It seems that he fell into the hands of Li. the head man of a little town near the Anglican mission, where he and Robinson had their headquarters. Li had, a short time before, lost a son in a quarrel between Boxers and Christians, when the converts had driven off the Boxers from the mission, and he vowed vengeance. This he took ir a horrible manner when Norman was thrown into his hands. After his capture by rioters, from whom Li took the captive, the missionary was stripped by the retinue of Li and a collar of iron fas- some grades of tea. tened on his neck. A short chain was attached to his neck and he was tethered to a stake. The Chinese men, women and children then poked sharp sticks into his lesh and jabbed him with tridents. When he sank down, weak with loss of blood and half crazed by the awful torture, he was unable to get on his knees even, the chain being made too short, and he was strangled

Molten lead was then thrown on his nude body, and as he writhed in agony he was stabbed to death. His body was cut to Robinson, the other missionary, slaughtered without lingering so long in

agony. He was cut down by a mob and hacked to pieces almost instantly. A number of the mission converts were slaughtered. Some were asked to recant, and those who did so to save their lives were saddled and bridled and forced to crawl to the temple idols.

## Six Are Reported Safe.

NASHVILLE, Tenn., July 19 .- The following cablegram, unsigned, was received at the mission rooms of the Southern Presoyterian Church to-day:

"Shanghai, July 18 .- Stuarts, French Painter and Bear are at their stations. All is quiet. The remainder are in Japan, Shanghai or en route.' Interpreted, the full meaning of the cablegram is as follows. The Rev. J. L Stuart and wife, who have been in China for thirty years, are at Ku-Din. The Rev. George W. Painter and Miss E. B. French are at Hang-Chow. The Rev. J. E. Bear and wife are at Chin-Kiang. These six

were, therefore, at their stations The Southern Presbyterian Church has seventy-one missionaries in China. Of this number fifteen are now away from China on furlough. ## CHINESE SUBTERFUGE.

inti-Foreign Proclamation in the Guise of a Discussion.

CHE-FOO, July 13, via Shanghai.-The Fan Tai of Shan-Tung, the highest legal official of the province, and next in rank to the Governor, has issued to his subordinates, the magistrates of the province, the following anti-Christian letter. It purports to be addressed to and record a conversa-Tai, but that is possibly a subterfuge to mpose on the magistrates. The Fan Tai is notoriously anti-Christian, and his letter cannot fail to have evil consequences. The

etter is as follows: "According to your remarks to me when speaking on the subject of the Boxers, who jeclare themselves the enemies of all Christians, from the time of the settlement of the Ping-Yan affair and Brooks murder hey have increased like a swarm of bees, and their power has grown day by day. The provinces of Shang-Tu and Chi-Li are murdered Christians and persecuted other people. On this account soldiers were dispatched, but the trouble increased so that sentation in California. Its membership is

t seem endless. "This calamity has as its source the native Christians, who have clothed themselves with the power of foreigners. Relying on this power the native Christians | tion. have insulted people to such an extent as to engender the greatest hatred, and the occasion has been taken advantage of by lawless men to carry out evil designs, as ourning and robbing.

"What, therefore, can be considered : good method to stop the trouble? To stop the pot boiling over the fuel must be pulled out from below; but the native Christians are part of our people, and since they have been deceived by the foreigners they have lost the right road. If they can be brought back to the old pathway they would be our loyal people again. In this way mutual hatred would cease and tranquillity be re-

"Therefore, we exhort you according to the instructions of our government and authorize all magistrates to compel native Christians to return to their former religion and make them give security that they will not enter again a Christian church. All furniture of churches and Christians is to be confiscated and proclamations are to be issued exhorting the people to abstain from robbing Christians who renounce their faith.

"This will be the best plan to cause the present troubles to cease, and it is the duty of all wise and good men to consider this plan for stopping the present calamities."

## LOOK TO AMERICA.

Chinese Merchants in This Country See Their Country's Only Chance.

SAN FRANCISCO, July 19.—Resolutions adopted by the Chinese merchants at their meeting yesterday regarding the situation

in China are as rollows: "We hope the people of the West will install in China a government ample in power to protect the people of China and foreigners and strangers who may visit and abide there. And we say that in the interests of peace and from our knowledge of the Chinese people and the conditions in that country that this government should be a native government supported by Western arms, and that the integrity of the Chinese empire and the immunity of the soil of China from foreign encroachments is an absolute essential to the securement of continuous peace. The powers should unite to raise and enlighten China, not to despoil it and hold it in subjection. "We look chiefly to the United States to so intervene and maintain its present firm character in China that the future peace of the country will be assured through the prevention of further territorial encroachment and through the strengthening of the native government." The resolutions were forwarded to Minis ter Wu for transmission to Secretary of

State Hay. The Saving of Kang Yuh Wei. SAN FRANCISCO, July 19 .- The Chinese has received the following cablegram from

"Singapore, July 19.-Kang Yuh Wei saved from assassination by Sikh guard. Wire good news to all branches.-Khoo Kang Yuh Wei, for whose head the Empress dowager of China has offered a reward of \$50,000, has been the intimate friend and adviser of Emperor Kwang Hsu, and is considered by the Chinese of the south to be the wisest man the empire has produced since the time of Confucius. This modern sage has been most successful in organizing the Chinese reform party, and is at present making Singapore his headquarters, where he enjoys the protec-tion of the British government. It is claimed by his supporters that he has a following of at least 20,000,000 in the southern provinces of China.

The above cable probably refers to the attempt made to assassinate Kang Yuh Wei several days ago. It is an answer to an inquiry for further particulars.

ADVANCE IN PRICE OF TEA.

### Chinese Trouble Already Has Had an Effect on Prices.

NEW YORK, July 19.-Already the troubles in China have given rise to reports of a probable increase in the price of tea, and there is no little reason to doubt that efforts will be made to induce tea drinkers to pay more for their beverage than they have been doing, even if the disorder prevailing in the northern part of China does not spread to the south, where the tea fields are. But unless the Boxers do succeed in inducing the southern provinces to join in the anti-foreign outbreak

sume it all, even in the most favorable circumstances Another reason why there should be lit tle genuine stringency in the tea market is the fact that India and Ceylon and Japan furnish a large part of the world's tea supply, and would grow vastly larger crops than they do now were it not for the competition of cheap China tea. Still, if this competition should be removed by the spread of anarchy and war into the teagrowing provinces of China, there is every probability that prices would advance temporarily at least, and this would probably result in America in a large drop in the

CHICAGO, July 19 .- An advance in the price of tea, due to the Chinese difficulties, is already felt in the wholesale market. N. G. Conybear, Western manager for Thomas J. Lipton, said that dealers in tea anticipated a long war in China, and the market was being adjusted accordingly. He said: "There are at present seven grades of tea that have advanced from to 2 cents a pound. It will cost a great deal more to import tea than it did last

#### Anti-Mission Riot in Japan.

VANCOUVER, B. C., July 19.-Oriental advices by the steamer Empress of India bring news that the American mission at Nagoya, Japan, has been attacked by a ference of the missionaries in the trafficking in young girls, who, it is said, have been openly sold. A mob surrounded the mission station and would have destroyed all the buildings but for the somewhat tardy arrivel of the native police.

## FRENCH NAVAL REVIEW

PRESIDENT LOUBET INSPECTS A GREAT WAR SQUADRON.

Endeavorers at Windsor Castle-Astor Apologizes to Capt. Milne Through

the Columns of His Paper.

CHERBOURG, July 19.-President Loubet went on board the dispatch boat Elan today and reviewed in the harbor the combined Mediterranean and Channel squadrons, which have just completed their annual maneuvers. There were forty-two war vessels lined up, there being seventeen battle ships, five armored cruisers, eight cruisers, six torpedo boat destroyers, and six torpedo boats and a floating battery. spectacle of the review was a splendid one. M. Fallieres, president of the Senate; M. Deschaenel, president of the Chamber of L. L. Gilbert, of Alabama, moved that | Deputies; M. Waldeck-Rousseau, the prime minister, and M. Delannesan, minister of marine, accompanied President Loubet. The review was witnessed by enormous crowds from a swarm of excursion steamers.

## THEY SAW THE QUEEN.

Many Christian Endeavorers on the Grounds at Windsor.

LONDON, July 19 .- Several thousand of the Christian Endeavorers visited Windsor to-day, en route for Oxford and Stratford. This afternoon a large assembly gathered on the royal grounds, hoping to see Queen Victoria, and received word that her Majesty would appear in the quadrangle of the

Here the Queen shortly arrived, attired n white, and accompanied by Princess Henry of Battenburg, ready for a drive. A thousand voices united in "God Save the which was followed by the Christian Endeavorers' "Anthem" as her Majesty drove down the ranks, acknowledging the plaudits, bowing and smiling.

Astor Makes an Apology. LONDON, July 19 .- Mr. William Waldorf Astor has, apparently, reached the con-

clusion that he made a grave blunder when he publicly insulted Captain Sir Archibald Berkeley Milne. To-day Mr. Astor published in his newspaper, the Pall Mall

"We desire to express regret that a paragraph which appeared in this column July 2. with regard to the presence of Sir Berkeley Miine at Mr. Astor's concert, the preceding Thursday evening, should have been published under a misapprehension of the exact circumstances. Examination of a complete and categorical kind now shows that Sir Berkeley Milne's presence was due to a misunderstanding, and that entirely absolves him from any intentiona

FATAL CLOUDBURST OCCURS SOUTHEASTERN OHIO.

Miners' Cabins Swept from Their Foundations by the Flood-Property Loss Will Be Very Heavy.

MOUNT PLEASANT, O., July 19 .- The little town of Long Run, two miles west of this place, with a population of about 1,000, was visited this afternoon by the most severe wind and rainstorm that has been in this section for the last thirty years, and three lives were lost in the flood

that followed. -The Dead -MRS. JOHN LINGO and her young son

MARY BERHOCK.

In the middle of the afternoon the day became like night, clouds gathering quickly all over the sky. Then the rain came. It fell for thirty minutes in a perfect torrent, accompanied by terrific thunder and lightning. The stream of Long run, at the foot of the town, empties into Short creek. near the settlement, and the dwellings of miners line both banks of the small creeks. After the rain began to fall in an almost incredibly short space of time the usually quiet stream was converted into a raging river. In less than an hour seventy-five houses in the lowlands were flooded. Three houses were carried from their foundations and floated down the stream with the torrent. Many foundations were washed away and the houses upset. The miners and their families, who had taken refuge in their little homes from the storm, were panic-stricken and ran for their lives. A Hungarian woman, Mrs. John Lingo, the wife of a miner, was unable to reach a place of safety when her home was lifted from its foundation. She had stopped to carry out her little son John, but he, too, was swept into the waters and both were drowned. Mary Berhock, a three-year-old caughter of another miner, was also swept away in the high waters and drowned be-

The damage to property was very heavy. Two county bridges over two streams, on of them very recently built, were carried away. The Wheeling & Lake Eric bridges over Long run were so badly damaged as to prevent traffic on the road, at least for

The bodies of the two children were carried almost two miles down stream in the rushing waters, the remains of the boy being found in the trestle work at Dillonvale. The body of the woman had not been found to-night. The people of Long Run who had their homes washed away are being cared for to-night at the homes of farmers in the surrounding neighborhood.
