Statements by Directors and the Clearing House Association-Money Lost in Speculation.

DETROIT, Mich., Feb. 10 .- Vice President Frank C. Andrews, of the City Sav- thing. Using his authority as vice presings Bank, which has been in the hands of State Banking Commissioner George L. Maltz since this morning, was arrested late to-day and arraigned to-night on the charge of willfully, fraudulently and knowingly securing from the bank without security and without the knowledge of the them Mr. Andrews had overdrawn his acother directors a sum exceeding \$1,000,000. He was released on \$10,000 bail and his examination was set for Feb. 21. Cashier Henry C. Andrews, through whom F. C. Andrews is said to have secured the money by means of overdrafts and certified checks, is seriously ill at his home with nervous prostration. In addition to a total indebtedness to the City Savings Bank of \$1,158,000, to secure which Mr. Andrews has signed over to that institution all his realestate holdings and stocks, bonds and to his failure or the bank's suspension. Mr. other securities, which it is estimated will total about \$1,000,000, four local banks and a trust company hold his checks, certified to by Cashier Andrews, to the amount of this State. To-night Andrews resigned as \$662,000. A considerable number of these checks are protected by securities deposited with them by Mr. Andrews.

As soon as Commissioner Maltz took charge of the institution he immediately | tioned at his home as a guard. H. R. Anbegan an examination of its books. It was found that Cashier Andrews had permitted F. C. Andrews to overdraw his account \$914,000. Other liabilities brought F. C. Andrews's total indebtedness to the bank to \$1,158,000. In addition to this Cashier Andrews had certified to checks for F. C. Andrews, which he had deposited in other

banks, to the amount of \$662,000. CONDITION OF THE BANK.

At the close of his examination Commissioner Maltz to-night issued the following statement of the bank's condition at the close of business Feb. 8:

-Resources .-

Total loans and discounts, bonds, mortgages and securities	2000
mortgages and securities	2,363,093
Overdrafts	913,852

Cash in bank	288,697
Other assets	18,922
Total	3,595,463
Stock, surplus and undivided profits Deposits	\$225,212 3,370,251

The examination showed that the record of F. C. Andrews's transactions was not kept in the regular way, but in a memorandum book. The first record of a transaction between Cashier Andrews and F. C. Andrews is Jan. 11, but the examiners estimate that the transactions have been going on for about six weeks. President F. C. Pingree explained the manner in which the certified checks were obtained as fol-

F. C. Andrews would draw a check for the amount he wanted and have it certified by the cashier, Henry R. Andrews. He would present this certified check to the person with whom he was doing business and ask him to hold it out for that day as the bank was not in funds to meet it. Perhaps he would thus hold it out for two or three days, and eventually when there was money enough in the bank to meet the check, he would go in and take it out. There would be only a slip of paper in the drawer and the withdrawal would be put down as a cash item. With this money he would in person pay the certified check and tear it up. This was done time and

DIRECTORS' STATEMENT. The directors issued the following state-

ment in regard to the suspension: "In justice to ourselves, our depositors and stockholders, the undersigned directors of the City Savings Bank make the following statement: Early on Saturday norning we learned for the first time that Henry R. Andrews, cashier of the bank, had allowed Frank C. Andrews to overdraw his account in the sum of \$900,000, all of which checks were outstanding. The ink was immediately put into the hands of the banking commissioner and we set about to get all the security we could. Mr. Frank C. Andrews has turned over to the bank a large amount of securities from which we hope to pay our depositors in

"The banking commissioner has deemed it the wisest policy to close the bank for the present, for the best interests of all depositors. Outside of the Frank C. Anirews indebtedness and the checks the bank was never in better condition.'

The City Savings Bank was the deposifory for the funds of the county auditors, shotr balance there being more than \$150,-000, and F. C. checks. The City Savings Bank also was the depository for the Board of Education, which had a total of \$467,000 on deposit. Other local banks will temporarily advance funds to the board of education for salaries

and running expenses. CLEARING HOUSE STATEMENT. At a meeting of the Clearing House As-

sociation this afternoon the following statement on the suspension was issued: "The disaster which has to-day befallen the City Savings Bank is the result of criminal irregularities confined entirely to that institution and caused by the rash speculation of its vice president, who controlled the management and betrayed his trust. The bank has been expelled from the association. The officers of this association desire to state to the public that there is no need of apprehension regarding any other bank in the city. The present condition of the banks, as shown by the weeky statements furnished to the clearing house, reveals an unusually strong showing in reserve and cash resources and the fair name and the good reputation of the WITHOUT SECURITY OR KNOWL- banks of Detroit will not suffer by reason of this trouble."

This statement was signed by M. W. O'Brien, chairman, and E. C. Bowman, secretary.

There was nothing like a panic at any of the other banks in the city and comparatively few deposits were withdrawn as a result of the excitement. At the Gratiotavenue branch of the City Savings Bank, which drew its deposits largely from the laboring people, there were many pathetic scenes as the depositors learned that the bank had suspended. Officers were in the vicinity to quell any disorder, but their

one of the stockholders, this afternoon said of the suspension: "The whole trouble has been caused by the plunging of Frank C. Andrews in the stock market. Three months ago Mr. Andrews was a millionaire. This is speaking without exaggeration. He began plunging in the stock market. His phenomenal luck had deserted him and in a short time he became hopelessly entangled. Last Tuesday afternoon Mr. Andrews did most extraordinary and inexplicable ident, he secured certified checks from the City Savings Bank to the total amount of \$662,000 and used them to pay obligations at various other banks, carrying off the giltedged securities deposited with these banks as collateral to his notes. Next day it came out that these certified checks were far beyoud the bank's ability to pay, as besides count \$900,000. Hurried consultations followed with influential bankers along the street. Meetings were held from Friday afternoon and evening, all day Saturday, all day Sunday and Sunday night and this morning up to and after the bank closed."

LOST \$400,000 IN COPPER. Heavy purchases of Amalgamated Copper stock are believed to be responsible for Mr. Andrews's ruin. President F. C. Pingree, of the City Savings Bank, says that Andrews told him that he lost \$400,000 in Amalgamated Copper. Andrews has refused to make any statement as yet, either in regard Andrews has been heavily interested in suburban electric roads and at present is a large stockholder in the road being constructed from Holland to Grand Rapids, in police commissioner and Mayor Maybury immediately appointed George Fowle as his

Although no warrant has yet been issued for Henry R. Andrews, an officer is stadrews is in a serious condition. In addition to the nervous prostration, he has had a severe attack of heart trouble to-day. His physician says: "I think he stands a fair chance of recovery and that if nothing exciting happens, the heart trouble will pass

away in two or three days.' Much sympathy is expressed for Cashier Andrews, who, it is understood, became involved in the alleged fraudulent transactions through friendship for F. C. Andrews and did not profit by them himself. The \$662,000 worth of certified checks are

held by the following institutions: Preston National Bank, \$100,000; First National Bank, \$272,000; State Savings Bank, \$60,000; Detroit National Bank, \$160,000; Detroit Trust Company, \$70,000. It is not known just how many of these checks are protected by securities, but it is said to be a considerable proportion of the total amount. Had the likelihood of the bank's failure been known sooner, the disaster might have been averted, as the directors of the other banks would have kept the doors of the City Savings open if possible. When it did become known the bank was in such bad shape that other banks would not take the risk of advancing enough money to tide the City bank over. Members of the Detroit clearing house have decide to take care of checks which had been issued by York at 6 o'clock to-night. banks throughout the State which had been correspondents of the City bank.

The secret of the long delay of the interorban electric railway companies in coming to an agreement with the city of Indianapolis and the Indianapolis Street-railway Company was made clear yesterday morning when Charles Finley Smith, a local banker, made a formal request of the Board of Public Works for a franchise to be granted to the Indianapolis Interurban during the summer when headquarters will Terminal Company.
