DETROIT, April 16 .- The Wayne Circuit Court to-day handed down a decision holding that the savings depositors of the wrecked City Savings Bank must be preferred over the commercial depositors in the distribution of the money to be realized from the sales of the bank's real estate investments. The court holds that the proofs show that the real estate loans, amounting to \$986,282.86, were made from the savings department, that the interest was turned into the savings department, and that the failure of the bank was virtually a failure of the commercial side of the bank by overdrafts and mismanagement. It is further held that the savings department is a general creditor of the commercial department to the amount of about \$500,000, and shall share with the other creditors in the distribution of the commercial assets. If this decision is upheld by the Supreme Court, where the case will be carried, it will result in the savings depositors getting probably 70 to 80 per cent. of their claims, while the amount the commercial depositors will receive is greatly re-

Kihm played a clever game at first, gathering in several bad throws from the fielders and picking up a low throw from Babb in the seventh inning that was marvelous.

HEIDRICK IN THE GAME. Heidrick returned to the game yesterday four safe hits. He made a hit every time he faced the pitcher with the exception of once and then he drove one to left that caused Shannon to do a lively sprint to get under the drive. Wallace and Padden gathered in many hard drives that came their way and they also batted well for the team that expects to make Charles Comiskey's aggregation look like "also rans." Jones, Anderson and Wallace shared in the batting honors with Heidrick. Kellum was given full nine innings battle against St. Louis on the slab and with the exception of the sixth inning, when the first three men up found him for three bag-

gers, he did exceptionally good work for this time of year. To prevent St. Louis from prolonging the game in the last inning he struck out Maloney, who went to bat for Sudhoff, and also Burkett, the star batter of the American League. Burkett could not solve Kellum at any stage of the game and did not make a hit. The first three times he went to bat he rolled easy grounders to Fox and was retired at first. Sudhoff pitched the entire game for St. Louis and his wildness helped Indianapolis to make such a disparity in the score. Howfor safe drives when hits were needed. Kellum was found for two hits in the first inning, but he retired the side without any damage being done. In the third inning St. Louis started the scoring with a lonely tally made on Heidrick's scratch hit and

Jones's long double to left. Kellum was the first man to go to bat in Indianapolis's half of the third and he reached first on a scratch single. Fox struck out, but Hogriever showed that he is still in the batting game with a single to right. O'Brien singled, scoring Kellum and Kihm's safe one to center sent Hogriever cantering across the rubber. Coulter forced O'Brien out at the plate and Shannon's dumpy hit in front of the plate filled the bases. Babb was hit, forcing Kihm

across the plate. St. Louis aggravated the Indianapolis players in the sixth by Jones, Anderson and Wallace making triples and scoring three runs. Shannon was the first batter for the Hoosiers in that inning and he drew a ticket. Babb also waited and the fourth ball was a wild pitch on which Shannon reached third and Babb went to second. Heydon filled the bases by beating out an infield hit and Kellum scored Shannon with a single. Fox again struck out, but Hogriever dispatched one to right, scoring Babb and Heydon, Hogriever stole second and O'Brien's hit scored Kellum and Hogriever. That was the last scoring indulged in by Indianapolis. In the eighth Wallace made a triple and

was scored on Padden's fly to right. Mc-Cormick made a double, but did not make the circuit. St. Louis was easily retired in the last inning. The score:
