ILY STATE SENTIN

INDIANAPOLIS, IND., TUESDAY MORNING, SEPTEMBER 15, 1863.

DAILY SENTINEL

TELECRAPHIC: REPORTED EXPRESSLY FOR THE DAILY STATE SENTINEL 6:00 P. M. Noon Reports. From New York. New York, September 14 .- A special to the INDIANAPOLIS AND CINCINNATIRALISMOAD. Tribune from Cincinnati confirms the ovation the troops received at Knoxville on its occupation by 437 P. M the Federals. The town was decorated with 8:00 Р. Ж. flags which had been hidden for years. Burnside made an address to a large meeting the day after Trains Arrive The day after Foster's arrival, a procession of . 6:45 P. M women, whose husbands are in the Union service, came in from the country, and was nearly a mile Valuable machine shops and foundries were found in Knoxville, also two million pounds of salt, a large quantity of wheat and many thousand

The prisoners captured at Cumberland Gap were the 2d North Carolina, 1st Virginia, 1st Georgia and several companies of artillery They surrendered unconditionally. The Georgia regiment, 800 strong, was captured once before, by Burnside, at Rosnoke Island. On the night of the 7th, two companies of our troops stole through the rebel pickets and burned a mill that had supplied the rebels with meal, in the very sight of the rebel camp. Burnside was to return to Knoxville on the 10th, where he will remain till the decision of the

War Department, in regard to his resignation, is A tew small bodies of rebels are still near the The saltpetre works which the rebels worked are now within our lines.

Ready communication is had with Rosecrans' All of Burnside's troops marched, over 250 miles and a portion 300 miles, an average of 20 miles per day; over difficult roads. In the whole campaign but one casuality oc-

Of sickness there is so little that the Surgeon in charge of the hospital at Knoxville asked to be relieved for want of work. A special to the World says: Advices from the front to night are important. To day our forces occupied Culpepper, and it is

believed that nothing but a rebel cavalry picket is on this side of the Rapidan. The retreat seems to be general. There is no movement toward any of the lower gaps in the Valley of Virginia, so the rebels can not be in augurating another invasion scheme. The movement is as strange as it is unexpected. Col. Stanborn, of the 4th Minnesota, was vesterday made a Brigadier General.

The report that the flag Major Anderson had with him at Sumter was taken by the rebels on the 7th is not true Peter Hart, the hero who had so much to do with it at the time the rebels bombarded Sumter, says the flag is in his keep-A Morris Island letter to the Tribune states that the rebels have recently taken to firing large slabs of iron, two feet long and four or five inch-

are intended expressly for the monitors, and are thrown with a view of getting them under their turrets, to prevent them revolving. A Glasgow, Kentucky, dispatch to the Tribune A party of guerrillas of a very irregular character, commanded by Hamilton Newberry, about 300, appeared at the cross roads of the Burksville and Tompkinsville pike while camp meeting was in session. They dashed among the people,

es wide, bound together with strong wire. They

producing a great panic and scattering the congregation Ladies were robbed of jewelry, money, watches and purses, and many valuable horses were stolen. Col. Harvey, commanding here, immediately sent forward a party of cavalry to intercept them. but they could not be found. They came within a few miles of this place. A Headquarters Army of the Potomac dis-

patch of the 10th says: It is believed that one corps of Lee's army, or about one-third of it, under Longstreet, is now = moving to Richmond, there to be transferred, two divisions to the South-west and one to

Hood's division of Longstreet's corps left camp near Frederick-burg on Tuesday morning last at 3 o'clock, bound for Richmond, thence, so my information runs, to Charleston. A Washing on dispatch to the Times has the following

Beside the marching of Longstreet's corps, which we have already announced, our corres pondent with the Army of the Potomac sends us word that he believes Ewell and Hill's corps, recently camped between Gordonsville and Culpepper, have also fallen back and are now at Gordonsville if not farther on their way to Rich

An official circular from Secretary Seward to foreign ministers, was published in the Tribune Freight Depots, Indianapolis Indiana. this morning. It rehearses what our armies myl3have accomplished against the rebellion, showing the present status of our Government, and closing

You will use the facts presented in this paper DONT PASS THIS BY! in such a way as may be most effective to convince those who seek the removal of commercial prosperity through the restoration of peace, that the quickest and shortest way to gain that de sirable end is to overthrow support and favor f om insurgents, and leave the adjustment of our domestic controversies exclusively to the people of the United States.

This evidence of weakening Lee's army by detaching reinforcements for Beauregard and Brage, is conclusive A lady who arrived yesterday from Richmond, says that for ten days previous to her departure several regiments daily passed through that

It is understood here that Gen. Gilmore has inquired of the Government whether he would be destruction. The answer returned, it is said, was such as to give the couptry assurance of a heap of ashes where Charleston stands if the city does

A full supply of incendiary shells, to be used against Charleston, were sent to Gen. Gilmore by the Arago, and by this time they are probably being used against the doomed city.

From St. Louis.

Sr. Louis, September 14 - The fire on the levee last night, destroyed the steamers Imperial, Hiawatha, Post Box and Jesse K Bell; supposed house, all in good repair and condition. The large lot were made to burn the Imperial on Saturday with a variety of ornamental trees and flowering shrubs. night Loss about \$2500 000) The Imperial Will be sold for \$6,000 cash. Inquire of was a St Louis and New Orleans packet, valued at \$75,000. She had been laid up some time on account of low water in the channel below. The Hiawatha was also a New Orleans packet, valued at \$65,000. Two thirds of her value supposed to be covered by insurance. The Post Boy, about 700 tons burthen, engaged in the lower trade, valued at \$30,000, insured for \$20,000. The Jesse K Bell, a stern wheel boat, owned in Cinciunati, by Porter, valued of \$30,000, probobly

insured. Foreign News. CAPE RACE. September 14.—The steamer Arabia, from Liverpool the 5th via Queenstown the 6th, passed here Sunday evening. The London Globe's Paris correspondent says: M. Chevallier's pamphlet on Mexican affairs is considered as heralding a prompt recognition of

the Southern Confederacy by Napoleon. Cotton generally easier. Consols 895 @9334 The Mississippi upen for Free Trade CINCINNATI, September 14 -Gen. Banks has issued an order opening the Mississippi river for through business to free trade.

HAPPINESS OR MISERY? That is the Question.

THE PROPRIETORS OF THE NEW YORK MUSEUM of Anatomy and Medicine have determined, regardless of expense, to issue free, for the benefit of suffering humanity, FOUR of their most interesting and instruc-tive Lectures on Marriage and its disqualifications, Nervous Debility, Premature Decline of Manhood, Indigestion, Weakness or Depression, Loss of Enersy and Vital Power, the Great Social Evil, and those Maladies which result from youthful follies, excesses of maturity, or ignorance of Physiology and Nature's Laws. These invaluable Lectures have been the means of en-lightening and saving thousands, and will be forwarded free, on receipt of four stamps, by addressing Secretary, New York Museum of Anatomy and Medicine, 618 Broadway, New York.

MEDICAL.

DR. JOHN BULL'S

COMPOUND CEDRON BITTERS

The Latest and Most Important Discovery of the Nineteenth Century.

nected with the history of the Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of JOHN BULL, of Louis-ville, Ky. His inimitable preparation of Sarsaparilla has long stood at the head of the various compounds of that valuable drug, His compound Pectoral of Wild Cherry has become a household word throughout the West and South; and his Worm Lozenges, in less than a year after their introduction, attained a reputation as widespread as the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor bewhom i's virtues have been known for more than two hundred years Armed with it, the Indian bids defiance to the most deadly malaria, and bandles without fear the most venomous serpents. It is a belief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be. While Dr. Bull is not prepared to indorse this extrava-gant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues, that, as a remedy and preventive for all diseases arising from exposure either to changes of weather and climate

n Central America and the West Indies. In

and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the whole range of the Materia Medica that can for a moment bear a comparison with it in this disease. A full account of this wonderful plant may be found in the eleventh edition of the U.S. Dispensatory, pages 1387

A series of experiments, in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combinatian of Cedron with other improved tonics, the whole preserved in the best quality of copper-distilled Bourbon whisky, which he is confident has no equal in He might furnish a volume of certificates, but the pub

lic have long since learned to estimate such things at for himself the virtues of a new medicine. Give the CEDRON BITTERS

one trial, and you will never use any others.
It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific.
In all diseases of the STOMACH, BOWELS, KIDNEYS, In all affections of the BRAIN depending upon derangement of the Stomach or Bowels; In GOUT, RHEUMATISM and NEURALGIA;

And in FEVER AND AGUE; It is destined to supersede all other remedies. It not nly cures all these diseases but it prevents them. A wine glass full of the Bitters taken an hour before each meal will obviate the ill effects of the most unhealthy climate and screen the person taking it against disease under the most trying exposure. Sold by Druggists and Greers generally. Dr. JOHN BULL'S Principal Office, Fifth street, Louis-
