GREAT LAND SLIDE—One Man Killed.—The Han-

Gener Land Shide—One Man Killed.—The Hannibal (Mo.) Messenger of the 4th inst, gives the following account of a land side near that place:

We visited yesterday morning the scene of the late
territic side near Lorer's Leop. From the top of the
bild, for some four hundred yards, the entire mass of
earth has slidden some forty or fifty feet, carrying in
its wake trees, stamps and everything in fact, that
offered any impediment to its wild career. It must
indeed have been a grand sight to witness this awful
read have been a grand sight to witness this awful
read, and a rembling alrows equal to that of thunder.
From ten to twelve dir cars were sunshed to pleese,
and many of their axles—four inches in diameter,
and of soild from—were snapped like so many reeds,
others were bent completely double, and the bodies of
the cars scattered hitter and you.

The car were the state of the care of the care scattered hitter and you.

The care is the care of the care of the care
it is a state of the read of you.

The care state of thirty feet, the kind wheals taked
the care scatter it, had no dumage done to the machinery. The man who runs the machinery was at
this puch, but jumped off and ran in time to save him
self. The engineer who was lassice with the engine,
was not injured in the lesser, who shood on
the puch but jumped off and ran in time to save him
the puch but jumped off and ran in time to save him
the puch but jumped off and ran in time to save him
the puch but jumped off and ran in time to save him
the puch but jumped off and ran in time to have been
the machine. When he saw the whole bank above
him was moving he started to run down the hill, the
slide of course overtaking him and burying him in
mediately some thirty feet beneath the agrafuc.

They fave began clearing him and burying him in
mediately some thirty feet beneath the agrafuc.

They fave began clearing him and burying him in
mediately some thirty feet beneath the agrafuc.

They fave began clearing him and burying him in
