Passengers Blamed for Rail Fatalities.

New York.—Two-thirds of the one hundred and ninety-two fatalities that overtook railway passengers in 1920 were wholly or partly the fault of the passengers themselves said the safety section of the American Railway Association in making public accident statistics for the year. Sixty-four persons were struck or run over, twenty-eight were killed in falls from coach steps, eighteen by falls from moving trains, and ten by jumping from trains while mentally deranged or to escape penal servitude.

Collects \$26 on Trillion Dollar Debt.

San Jose, Calif.—Henry B. Stewart, who on March 1 was given judgment for \$304,840,332.912.665.47 against George Jones by Judge J. R. Welch in the Superior Court, has started proceedings to collect. Sheriff George W. Lyle located \$26.94 deposited to the credit of Jones in a local bank, which he attached. After judgment represents the amount due Stewart on a promissory note for \$100, executed by Jones over twenty years ago, calling for interest at 10 per cent compounded monthly until the debt was paid.

Oil Subject to Action by Congress.

Washington.—Disposition of oil received by the government under leases entered into with private concerns in the California and Wyoming reserves will be subject to action by Congress, Secretary Denby recently told the Senate appropriation committee. "We do not feel at liberty to use this without the approval of Congress," said Mr. Denby. He had reiterated that the object of the leases was the development of a war emergency supply of oil.

Colorado Farm Products Valued at \$280,000,000 in 1919.

Washington.—Products of the farms of the country had a gross value of \$21,425,623,614 in 1919, the census bureau announces. That was an increase of 152.2 per cent, or \$12,931,393,307, over 1909 when their gross value was \$8,494,230,307.

Iowa led all states in gross value of farm products with a total of \$1,447,938,473. Texas was second state with \$1,369,471,705. Illinois was third with \$1,298,906,947.

The gross value of crops produced aggregated \$14,755,364,894. Texas led in production of crops with a total value of \$1,071,542,103. Iowa was second with \$890,391,299, and Illinois third with \$864,737,833.

Colorado's gross value of farm products was given as \$280,295,337; live stock products, \$26,921,222, and animals slaughtered, \$70,990,000. Wyoming's gross, \$65,153,818; live stock products \$14,004,109; animals slaughtered, \$23,700,000. Colorado's crop value was placed at \$181,065,239; forest products, \$563,476, and nursery and green house products, \$1,145,826.

Soviet Will Cease Use of Gold.

Moscow.—The soviet government has decided to refrain from using the gold ruble as a calculating unit. The difference in exchange between paper and gold has been increasing so rapidly that fears were expressed in financial circles that the whole existing wage and payment system might be shattered. One plan under consideration is that of a decree determining a goods index as the calculating unit. This index would determine the wages and the value of the goods.

SUPERIORITY OF PUREBRED LIVE STOCK SHOWN BY RECENT INQUIRY

In Breeding for Dairy Cows It is Important to Have a Purebred Sire—He Represents Half the Value of the Herd From a Breeding Standpoint.

(By D. S. Burch, Bureau of Animal Industry, United States Department of Agriculture.)

Purebred live stock has about 40 per cent greater earning power (apart from its breeding or sale value) than scrub stock.

The superiority of purebreds on a utility basis is due principally to: Better conformation and quality, increased production, more economical production, and earlier maturity.

When purebred sires are used to improve farm live stock the offspring is

them the proper care and opportunity to prove their worth.

The bureau has abundant evidence corroborating this belief. One farmer relates that the impelling force which prompted him to acquire purebreds was the need for more income. He reasoned that ownership of purebreds was not the proverbial wealthy man's diversion, but the poor man's necessity. He obtained the best foundation stock within his means and gave it good care; it increased his returns 100 per cent.

The inquiry shows that for the most part purebred animals of good type are readily obtainable. But special requirements or a desire for the less common breeds generally involve some difficulties and higher prices.

About 98 per cent of the purebred live-stock owners reporting to the Department were satisfied both with the purebreds themselves and the progeny, except when they expressed the desire for still better stock. As one breeder explained, the desire for improvement is necessary for progress. A few had unfortunate experience with purebreds of inferior quality and pointed out the need for making selections with great care. Practically all reports agreed on the principle that superior quality among purebreds themselves is invariably worth a higher cost.

Numerous sidelights on the raising of improved live stock under practical farm conditions and through different periods, including last year's period of depression, have been obtained from the reports. Following is a brief summary:

1. Based on utility alone (entirely apart from breeding or sales value) purebred live stock has an earning power from a third to one-half greater than scrub stock. The average superiority of purebreds over scrubs for all classes of farm animals is about 40 per cent.

2. Of the principal points in which purebreds excel other stock, the most prominent are: Superiority and uniformity in conformation and type, greater sale value, greater and more economical production, and earlier maturity.

3. Surplus purebreds are readily salable at satisfactory prices in a majority of cases; but sales and prices depend largely on the quality of stock as shown by breeding and production records, also on the business ability of the breeder.

4. With rare exceptions, purebred-sire users are satisfied with the quality of the offspring obtained, except that the desire is created in many cases to further improve the quality.

5. The progeny of purebred sires has practically a 50 per cent greater sale value than the progeny of non-purebreds.

6. Purebred sires of good quality are readily obtainable in the experience of three-fourths of the breeders reporting. The principal difficulties are: Paying the price and finding the desirable type, but there is practically unanimous agreement that the results justify the cost.

7. The average increase in financial returns, from live-stock raising, traceable to the use of purebred sires is 48 per cent.

8. Each breeder of purebred live stock influences, on an average, about nine other persons to raise superior animals.

9. Of the chief influences which cause farmers to become breeders of purebred live stock, the three foremost are: Reading agricultural periodicals and bulletins, general observation, and county agents.

10. The principal methods by which breeders expect to continue to improve their stock are: Use of superior sires, careful selection and mating, and use of superior females.

The average reported increase in financial returns from live-stock operations, traceable to the use of purebred sires, was 48.0 per cent. This result includes the returns from both the sale of breeding stock and of animals and products for market. The data appear to show exclusively that well-bred animals are good property not simply for the experienced breeder but for every farmer willing to give

White Rock Cockerel, a Prize Winner.

more salable than that of non-purebred sires and brings nearly 50 per cent greater returns.

The foregoing are a few results of a recent inquiry conducted by the bureau of animal industry, United States Department of Agriculture. The figures are based on about 25,000 head of breeding stock owned by 525 experienced live-stock owners. Besides, the same persons own 30,000 fowls on which the poultry results are based. All of these stockmen have for several years—an average of nine—used purebred sires to head their herds and flocks.

Figures Are Conservative.

The figures mentioned were obtained during the last part of 1921 in a period of marked depression in the live-stock industry. Partly for that reason they are considered conservative even though pointing to an unusually high value of purebreds over common stock.

The purpose of obtaining this new information was to supply an increasing demand for facts of greater scope than single short-time observations. With the development of the Federal-State campaign for "Better Sires—Better Stock" the Department has received an unusually large number of requests asking what purebreds can do for the man who does not aspire to become a specialized breeder. "What can I expect from purebred

Santa Fé will have a teachers' institute in June. So Prof. J. D. Silva, principal of the school at Clenega, stated recently, stating that a sufficient number of teachers had been signed up.

"The Colorado and Gila rivers must be dammed by holding back in reservoirs their destructive strength," he asserted. These floods and their force can be utilized for power and land reclamation.

The Tucson High School baseball team captured the high school championship at Tucson by defeating the Gila Academy nine, 2 to 1, in the third and deciding game of the University Week tournament staged at Tucson.

The work of clearing the ground for the new First National Bank building in Albuquerque has been started and actual construction will be started soon. When completed the new building will cost over half a million dollars.

The summer conference of the Protestant Episcopal missionary district of New Mexico and West Texas will be held in Las Vegas July 5-15. Decision to hold the conference there was made at the convocation, held in Las Vegas last February.

Manganese shipments from the Boston Hill district near Silver City have been heavy recently, most of the ore going to the plants of the Colorado Fuel & Iron Company at Pueblo, Colo. A large force of men is now employed at the mines.

A prairie fire, which started in one of the cañons of Roy, N. M., burned over several sections recently, and came near destroying the homes of several ranchers. The fact that there was little wind probably saved the homes of many of the ranchers.

Thousands of little trout will be placed in the streams of Colfax county this spring by the sportsmen of Katon, N. M. A shipment of 10,000 was placed in the streams in the Chuaron country. All were from the hatchery on the Pecos and arrived in good condition.

At the request of the mothers of the city, the Hot Springs, N. M., council has passed a curfew ordinance and in the future all the kiddies must be off the streets by 9 o'clock in the evening. Several of the mothers have offered to act as night marshals of the town to see that this is enforced.

A new western empire with an assemblage of industries that will astonish the world will result from harnessing of the Colorado river, Colonel William A. Glassford declared at a dinner in Phoenix of the National Reclamation Association. He is chairman of the association's committee on organization.

The progress of Arizona can be traced with accuracy by the development of her road building. Governor Thos. E. Campbell told delegates to the United States Good Roads Association in an address of welcome which featured the opening program of the national convention recently held in Phoenix.

Selection of Greenville, S. C., as the 1923 convention city of the United States Good Roads and the Bankhead National Highway Associations; reelection of all national officers of the Bankhead Association, and adoption of a report recommending extension of the Bankhead system to Mexico City were features of the closing session of the two good roads organizations' annual joint meeting at Phoenix.

Plats have been filed in Lordsburg, N. M. for the new town of Virden, located in some of the best farming country of the upper Gila river country. There are already several houses on the new site and streets have been laid out running east, west, north and south. A tree planting campaign will be started soon.

Nogales recently entertained one of the largest crowds of out-of-town visitors in its history. Fully 2,000 people visited from Phoenix, Tucson and other points, attracted by a bull fight, held in Plaza Reforma in Nogales, Sonora, in honor of delegates to the United States Good Roads and Bankhead National Highway Associations' conventions, concluded at Phoenix.

Hugh Kennedy, 17, of Mayfield, Okla., died while en route to a Prescott hospital from Ash Fork, as a result of gunshot wounds and injuries sustained in a fall from an east bound Atchison, Topeka & Santa Fé freight train near Seligman, Ariz. Kennedy, who partially recovered consciousness before his death, told officers that he had been thrown from the train after having been shot twice by an unknown traveling companion.

From \$8.50 to \$3.70 a ton on cotton seed from Las Cruces to El Paso is the reduction announced by W. R. Brown, general freight agent of the Santa Fé Railway Company at El Paso, in a letter to Robert P. Porter, head of the Porter Lumber Company at Las Cruces.

Articles of incorporation for the Copper Queen Extension Mining Company of Bisbee have been approved by the State Corporation Commission. The new company was incorporated with a capital stock of \$1,500,000, divided into shares of the par value of \$1 each.

HAS FIRST WELL DAY IN 6 YEARS

Huntington Citizen Could Neither Sleep Nor Eat With Any Satisfaction Before He Got Taniac.

"Before taking Taniac I had not seen a well day in six years," said W. R. Peoples, 328 22nd St., Huntington, W. Va.

"It seemed like I had lost my health for good. I could neither sleep nor eat with satisfaction. I was badly run down, nervous, had no appetite and had to force down every mouthful I ate. Even then my food soured. I would fill up with gas until I had intense pains in my stomach and chest. Headache almost drove me mad, rheumatism in my arms, shoulder and hips kept me in pain all the time, and I had to force myself to work.

"Taniac went right after my troubles. On four bottles I gained ten pounds and the rheumatism and stomach trouble soon left me. My wife has given a statement about the good Taniac did her, and I am glad to add my endorsement of this wonderful medicine."

Taniac is sold by all good druggists.

BIBLE ASCRIBED TO SATAN

Evil One Declared to Have Assisted Monk to Perform Work, for a Fearful Price.

One of the most famous copies of the Scriptures in existence is the one which bears the curious title, "The Devil's Bible." It is an exquisite piece of workmanship, inscribed on 300 asses' skins, and was taken to Stockholm at the conclusion of the Thirty Years' war.

According to tradition this Bible was the work of a poor monk who was condemned to death for some defecation, but was told that the sentence would be commuted if he would copy out on asses' skins the entire Bible in a single night. He agreed to try to do it but, finding the task too great, made a compact with the devil to exchange his soul for the required transcript. The devil kept his part of the bargain, and the work was finished on time. The monk's life was spared by his marveling judges, but tradition is silent as to how he kept his end of the agreement.

Her Time Taken Up Now.

Brother, a year younger than Ethel, had fallen down and she had helped him up and brushed his clothes in a motherly fashion when along came aunt and radiant announced, "How would you like a new baby sister?" Ethel glared at her indignantly and then hotly flashed, "Say, aunt, don't you think I have enough on my hands with my brother without taking care of any extras?"

A REWARD OF \$5,000.00

Would be a small amount to pay for saving a man's life. If you could save your life for a dollar bill would you hesitate to spend it? You risk your life everytime you drive your car in the rain because you can't see through your windshield. A dollar bill sent to the Baltimore See-Thru Corporation, Baltimore, Maryland, will ensure you having a clear windshield for the next three years, as their preparation is guaranteed to keep your glass as clear as a summer's day. Nothing like it on the market. One application will last as long as a rain storm even if it lasts a month. It is absolutely guaranteed to give satisfaction or money refunded. Send for it today and be prepared for the next rain storm.—Advertisement.

Letting Him In.

"Well, well, young gentlemen!" exclaimed the affable old person. "I'd give a great deal to be able to join in your sport."

"Stick around, grandpop," said one sturdy youngster. "If we knock this ball through somebody's window we'll let you go for it."—Birmingham Age-Herald.

Shave With Cuticura Soap

And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No mug, no slimy soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving bathing and shampooing.—Advertisement.

Next Day, All Right.

She (during spat)—It's a story for you to say I grabbed you up quick. You know very well that when you proposed I didn't say "yes" until the next day.

He—That's right, you didn't. I proposed at 11:59 p. m. and you accepted me at 12:01 the next morning.—Boston Transcript.

Blushes are also only skin deep.

Your New Home should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

Alabastine

Instead of kalsomine or wallpaper

It is absolutely necessary if you expect Alabastine results that you ask for and secure Alabastine.

Avoid kalsomines under various names and insist on the package with the cross and circle printed in red. That is the only way to be sure you are getting the genuine Alabastine.

Alabastine is easy to mix and apply, lasting in its results, and absolutely sanitary.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genuine Alabastine has cross and circle printed in red.

Better write us for hand-made color designs and special suggestions. Give us your decorative problems and let us help you work them out.
