THEN YOU SECURE SURE INSURANCE

SELLING insurance is our business, but all your needs are carefully studied before a policy is issued.

It Costs No More

to secure the very best or all insurance than it does to get the kind that is full of doubts and uncertainties.

You want your insurance to be liberal in its promises to you and you want those promises backed by a company able to make good if loss comes. That means this agency of the Hartford Fire Insurance Company.

OFFICE OF THE COUNTY RECORDER

Flagstaff, Aiz. May 1st, 1922
The election Laws of Arizona provide for the complete registration of all electors in the State every two years on the even years. In compliance with the requirements of this law registration for the November election will begin at the office of the County Recorder on the first Monday of May, and will continue until ten days before the county primary election, or until September 2nd, at 5 o'clock P. M., at which time the books will be closed for seventeen days, and no registrations will be made until September 19th, at which time the books will again be opened and registering continue until October 15th, when they will be closed until the first Monday in May, 1924.

The qualifications of electors are as follows: Must be twenty-one years of age or over a citizen of the United States, either by birth or naturalization; a resident of Arizona for one year prior to election, and of the County and Precinct for thirty days; must be able to read the Constitution of the United States in the English language and write his or her name, unless physically unable to do so.

If elector is a naturalized citizen he must present his second or final papers to the registration officer, else he cannot be registered. If, however, such papers are lost or destroyed, the elector will be permitted to register upon executing and filing with the registering officer an affidavit giving the time, place and court of issuance of such papers, and the fact of their loss or destruction and circumstances connected therewith.

The above applies to women as well as to men, except that women of foreign birth become naturalized citizen upon their marriage to citizens of the United States either by birth or by naturalization, or if already

married, the naturalization of the husband carries with it citizenship of the wife. On the other hand when a woman who is a citizen of the United States, either by birth or naturalization, marries an alien, her citizenship ceases with such marriage. In short, the citizenship of the wife is that of the husband.

Electors must register in the precinct where they reside, to enable them to vote at any primary or election. The law by which a person, if not on the register, could register at the polls, has been omitted from the code now in force, and in order to vote at any primary or election, the elector's name MUST appear on the register of the precinct wherein he or she resides. If, after registering, the elector moves to another precinct or county, he or she must cancel such first registration and then re-register in the precinct where the elector then resides. A person must not register more than once, without first cancelling any prior registration. To fraudulently register more than once or to knowingly register in any precinct where he is not a resident at the time of registering, is a criminal offense and subjects the offender to a fine in a sum not exceeding two thousand dollars, or imprisonment not exceeding three years, or both.

EVERYBODY MUST REGISTER THIS YEAR if they wish to vote at the primary election on September 12th or at the general election on November 7th, or at any other election that may be held within the next two years. No registration of former years will suffice.

An amendment to the registration laws provides that the elector when registering shall give his party affiliation, or say that he has none, if such is the case. Any elector refusing to give his party affiliation cannot register. If he has no party affiliation he may so state, and in order to register, this ques-

PRE WAR PRICES AT THIS STORE

YOU may not have stopped to compare our present prices with those of pre-war days. If you will do so now you will find that our policy of going down with the market has finally brought us back to those old time prices and in some cases our prices are even lower than those charged for the same quality of goods five and six years ago.

Beat the H. C. L. by trading at our store. Our prices are always the lowest that the market will justify. Give us a trial and you will be convinced.

tion in the registration blank must be answered. This question of registering without giving a party affiliation does not affect the elector at the general election, but is an important factor at the primary for selection of candidate for the general election, for unless a party affiliation is given the elector will not be permitted to vote for any of the candidates on the regular printed

primary ballots.

WANTED—About 6 miles of cement walks to lay in the Town of Williams. A 1 work, reasonable prices. F. A. Boulton

The Floor Mileage is Unusually High

An odd way to begin an advertisement? Perhaps. Yet mileage is really what you want the varnish on your beautiful floors to give you, is it not?—maximum resistance to the scratching and banging which all floors get.

McMurtry Rubber Floor Varnish is a varnish of maximum resistance—of high mileage. It has the sheen and shine so much desired. The flint hard surface resists scratching. The rubbery toughness keeps it an unbroken film despite a blow that dents the wood beneath. It retains its original appearance despite total immersion in either hot or cold water.

It keeps your floors looking the way you want them for the longest possible time. Actually, its "mileage" is greater than you could possibly imagine and "mileage" here, too, means satisfaction and economy.
