THE NATION'S WARDS

Indians Must Hereafter Attend Home Schools.
Children Can't Go More Than Forty Miles Away.

A PROPOSED LAW.

Carlisle School Will Suffer if Bill is Passed.

WASHINGTON, June 16.—A provision of the Indian appropriation bill, which was adopted in committee of the whole, prohibits all Indian children from attending any school more than forty miles from their reservation until they have gone to the school provided for them at home at least four years. This provision of the bill, if it is enacted into a law, will have the effect of reducing the number of Indians sent away to eastern schools and very materially increasing their home education. Several of the western representatives are confident that the Carlisle school will suffer from the provision.

There is a growing sentiment in favor of educating the Indians at home as far as possible, and no legislation in this direction as that which was incorporated into the Indian bill. Representative Curtis of Kansas made a hard fight to have the section of the bill approved which secures to the Indians the principal and interest due them from Southern states for the sale of their old reservations. It amounts now to more than \$3,000,000, and the states have shown a disposition to defer payment indefinitely. The proposition was however, defeated on a point of order.
Delegate Flynn of Oklahoma, will again attempt to have incorporated in the bill his commutation plan for Oklahoma, permitting settlers to prove up their claims in fourteen months. Failing to secure this in the house, an effort will be made to have the senate make the provision.

ANOTHER SILVER CONFERENCE.

Result of the Steps Taken by Mexico Watched With Interest.
WASHINGTON, June 16.—The results of the steps taken by the Mexican government to ascertain the sentiment of the silver-using nations of the world toward a conference on that subject at the City of Mexico, are being watched with much interest by the advocates of a further use of the white metal in this city. Should a sufficient number of these nations indicate their willingness to send delegates to a conference one will be held, and the belief is expressed by those in a position to know that such will be the case.
Peru and the Argentine Confederation have already signified a willingness to participate in a conference, but the United States has not yet indicated its attitude on the subject. China and Japan are also expected to return favorable answers, though as yet sufficient time has not elapsed in which to receive a reply. It is expected that if a conference is held it will take place during the latter part of the present year.

UNCLE SAM'S FINANCES.

Estimated Results of Treasury Operations for the Year.
WASHINGTON, June 16.—As the end of the fiscal year is only fifteen days distant, treasury officials are able to give a fairly accurate estimate of the net results of the treasury's operations for the year. Up to this time the receipts aggregate \$282,304,721, and the disbursements \$150,197,337, leaving a deficit for the eleven and a half months of \$74,992,616.
It is thought by the officials that the deficit for the year will not be materially greater than it is now, and that \$74,500,000 will probably more than cover it, even should the customs receipts continue to decline, and those from internal revenue remain as during the last fortnight. While the cash balance yesterday reached \$115,093,282, and the gold balance \$67,504,972, the lowest point since the January bond issue—the situation is causing but little uneasiness at the treasury department.

FLOOD DAMAGE GREAT.

Portland's River Front Property Losses Severe—The Cost to Railroads.
OMAHA, Neb., June 16.—A detailed report of flood damage in the Northwest was received at Union Pacific headquarters this morning from the company's agent at Portland. It declares that property along the river front there, in addition to being greatly damaged, has permanently depreciated fifty per cent. The Union Pacific suffered more than any other road, its tracks from Umatilla to Portland still being under water and its loss being conservatively placed at \$1,500,000 to date. The Northern Pacific's loss will be about half that amount. A year will elapse before all the damage can be repaired.

Strikers and Guards Exchange Shots.
BEVERLY, Mo., June 16.—About 1:30 o'clock this morning Frank Manning, a guard at mine 43, saw several men creeping toward the boiler house and fired upon them. The men returned the fire and about fifty shots were exchanged. Other guards went to the assistance of Manning, who was shot through the right leg, and the others fled.

A Minister Decreated.

WOMEN IN CONGRESS.

Members Speculating on That Contingency Since the Populist Convention.
WASHINGTON, June 16.—The declaration of the Kansas Populist convention for the woman suffrage amendment was not a surprise to the congressional delegation from that state. Representative Broderick said that he would not be surprised to see the cause succeed at the polls. Not a few Republicans are in favor of it, he thinks, while the expression of the Populist delegates may be fairly taken as showing its strength in that party.
In the event of election of a woman to congress, an interesting question will be presented concerning her eligibility. The house is the judge of the qualifications of its members, but it is thought that a state constitution would create a presumption in favor of a woman member-elect that would largely influence the house. Representative Beer believes that the woman's suffrage amendment will carry in Kansas.

Green Goods Men "Protected."
NEW YORK, June 16.—George Appo, a green goods man, was before the Lexow investigating committee yesterday. He testified the green goods business is carried on with the full knowledge and protection of the police, and that there was a man in the postoffice who looked after green goods mails. He refused however, to give the names of any police officers "subsidized."

The Currency Bill Committee.
WASHINGTON, June 16.—The house banking committee has elected as its five members to prepare a currency and banking measure to be reported June 25. Among the members are: C. C. Cobb of Missouri and Culberson of Texas, Democrats, and Henderson of Illinois and Haugen of Wisconsin, Republicans.

A Village for Sale.
SIOUX CITY, Iowa, June 16.—An execution was issued to-day for the sale of practically the entire village of Linn, a manufacturing addition to Sioux City, under a mortgage. There are extensive improvements, factories, etc., which are all covered by the mortgage.

The Missouri Rising at Omaha.
OMAHA, Neb., June 16.—The Missouri gained several inches during last night and at noon was within two feet of the danger line. Reports indicate heavy rains throughout the valley last night and much higher water is probable.

Iron Hall Sick Benefits Not Valid.
INDIANAPOLIS, Ind., June 16.—Judge Winters has decided that all the claims filed by Receiver Failey in the Iron Hall case for sick benefits, and claims upon warrants drawn but not paid for sick benefits, are not preferred claims and should not be paid.

Fatal Collision Between Riders.
SAVANNAH, Mo., June 16.—This morning Archie Honey and William Hancock, riding horseback on the main street, collided with full force. Both riders were thrown to the ground and Honey's leg was broken while Hancock was fatally injured internally.

It is said that the Atchison reorganization plan includes the issuing of collateral trust bonds to the amount of \$5,000,000 on the security of \$11,700,000 St. Louis and San Francisco bonds, Colorado Midland's and Atchison 4's held in the Atchison treasury.

The refugees on the United States steamer Bennington have demanded transfer under guard to a Pacific Mail steamer. Captain Thomas has refused it, saying that, while they are not prisoners and are at liberty to leave if they wish to do so, he is not authorized to furnish guard. He will await instructions from his government.

The Illinois supreme court has handed down an opinion in the cases brought by the Republicans at Danville and the Populists at Springfield to set aside the legislative apportionment made by the Democratic legislature last year. The supreme court virtually affirms the decrees of the lower courts, holding it has no jurisdiction.

Sultan Abdul Aziz, in his proclamation to the people, promises amnesty to persons who have been guilty of offenses against his father, but threatens to impose the most severe punishment on any one who dares to resist his authority. The sultan has ordered the summary execution of several Bedouins, who are charged with robbing caravels.

The United States consul at Belfast, Ireland, in a report to the department of state, notes the fact that the largest tobacco factory in the world is now in process of erection at that place, the building costing \$250,000. The consul sees fine opportunities for a large extension of the trade in American cigars and cigarettes if our manufacturers would send suitable representatives to England to survey the field, gauge prices and methods and cater to tastes.

THIS WEEK'S TRADE.

Dun's Report Says Woolen Mills Are Closing Rapidly.
Coal Famine Will End With the Coal Strike,
BUT 'T WILL TAKE TIME
Bank Clearings Decreased in Almost Every City.

NEW YORK, June 16.—R. G. Dun & Co.'s Weekly Review of Trade says: "The strike of bituminous coal miners will end Monday, wherever the authority and advice of their general organization can end it, and there is little room to doubt the coal famine will then begin to abate. Some time must elapse before supplies of fuel will enable all works to resume that have no other reason for suspending production. The actual output of pig iron weekly June 1 was 62,517 tons, against 129,732 April 1, and 174,029 a year ago, but the reduction of 248,552 tons in un sold stock indicates a quantity nearly double the output has been taken for consumption."
"At New York boot and shoe shops have stopped, but shipments from the East are ten per cent larger for June than for the last year. The demand is mainly confined to low-priced goods and has recently been more narrow for women's shoes."
"The woolen mills are closing rapidly. It is asserted scarcely any have orders to occupy them beyond July 1 in men's wear, but in the demand for dress goods a somewhat better tone is perceptible."
"What is only a fraction higher, the exports and ordinary consumption for the year having already exceeded the government estimate of last year's crop by 124,000,000 bushels."
"While business is narrow, it is comparatively free from losses by failure, for the liabilities reported in failures for the first week of June were only \$2,507,228, of which \$476,118 were of manufacturing and \$1,872,261 of trading concerns. The aggregate liabilities thus far reported in May were but \$13,514,700, of which \$5,146,025 were of manufacturing and \$8,912,302 of trading concerns. The number of failures this week have been 232 in the United States against 313 last year, and forty in Canada, against thirty-four last year."

"Gross earnings of 127 railroad companies for May reflect heavy losses caused the transportation interests because of the coal strike and the general business depression. Earnings of 99,332 miles of railroad in May aggregated \$36,154,549, a decrease of 17.7 per cent from the May total last year, the heaviest decrease from last year shown in any month so far this year. For five months 126 roads earned \$179,891,087, a decrease of 14.2 per cent from the corresponding total a year ago."
Bank Clearings.
New York, June 16.—The following table, compiled by Bradstreet's, gives the clearing house returns for the week ending June 14, 1894, and the percentage of increase or decrease as compared with the corresponding week of 1893:

Cities	Clearings	Ino	Dec.
Kansas City	89,097,881	27	2.7
Omaha	8,416,426	1	1
Denver	2,094,378	50	7
St. Louis	1,783,322	23	2

Supreme Lodge of Workmen.
SAN FRANCISCO, June 16.—The supreme lodge of A. O. U. W. resumed its session yesterday. The principal business of the morning's session was the consideration of a report from a special committee favoring an appropriation to assist weak jurisdictions. This was one of the recommendations made by Grand Master Shields in his report. The proposition met with considerable opposition on the floor, but it was passed by a handsome majority.

Editor Brown in a Mother Hubbard.
WICHITA, Kan., June 16.—At Kingman last night when Editor Brown returned from the Populist convention, where he bitterly fought woman's suffrage, was met at the depot, taken from the side of his wife, clothed in a mother hubbard dress and sun-bonnet and compelled to march through the streets before a brass band. The friends of woman's suffrage did it.

Broker Clark Murdered.
ST. LOUIS, Mo., June 16.—The body of Ben Oliver Clark, the prominent board of trade broker who has been missing from this city since last Sunday, was discovered in the river near Festus, Mo. The coroner's jury which held the inquest found a verdict that Clark came to his death by violence, his skull having been crushed in.

Suicide of a Prominent Farmer.
ALTOX, Kan., June 16.—Clark Smith, a prominent farmer near Woodston, Rooks county, committed suicide yesterday by shooting himself through the heart. Financial troubles and hard times are the cause. He was a member of the Grand Army and Odd Fellows.

To March to the Pacific Coast.

MISSOURI'S STATE DEBT.

It Is Being Paid Off at a Rapid Rate—Treasurer Stephens Talks.
JEFFERSON CITY, Mo., June 16.—State Treasurer Lon V. Stephens will forward to the American Exchange National bank of New York city, the state's fiscal agent, in a few days, his check for \$348,000, to take up \$152,000 of our new Hannibal and St. Joseph renewal bonds, and \$186,000 of the state's 6 per cent funding bonds, due July 1. He will also forward check for about \$130,000 to meet semi-annual interest due July 1, next, on the state debt.
"On April 1 last," said Treasurer Stephens, "I forwarded to the American Exchange National bank of New York my check for \$60,000 to pay off 5 per cent bonds of the state, which matured on that date. This will make \$414,000 of our 5 per cent debt which we have paid off within the last six months. The constitution only requires the extinguishment of \$250,000 of our debt annually. On January 1 next \$409,000 more of our 5 per cent bonds mature, and there will be enough money in the sinking fund to pay them off also. When that amount is taken in there will be outstanding but \$521,000 of 5 per cent state bonds, and just as fast as they mature we will take them up. We understand times are a little hard and money is a little scarce in some portions of the United States, but not so in Missouri. Missouri is all right, and will have after the July bonds are paid off a balance in the treasury that will justify a payment to the school children of the state in August of about \$800,000."
"Our fiscal agent wrote me recently that in the event that we did not have money enough to take in the six per cent bonds due July 1, they would gladly take them in and carry for us at three and one-half per cent interest, until such time as we were ready to cancel them. Missouri's reputation as a 'silver state' hasn't hurt her perceptibly in New York, as far as I can observe."

STRIKE NOTES.

At a meeting of coal miners of the Panhandle of West Virginia the Columbus scale of 60 cents was accepted.
The miners of the Pittsburg, Pa., district by a vote of 81 to 31 accepted the Columbus compromise and decided to go to work next week.
In Cincinnati, Ohio, the striking carpenters, by a decisive vote, have declared off the strike which has paralyzed the building trade there for five weeks.

At a mass meeting of the miners of Streater, Ill., it was decided not to accept the Columbus scale and to continue the strike until last year's scale is restored.
During the past three days eleven car loads of negroes have been brought into the Greensburg, Pa., coal region, and there will be over 30,000 at work by Saturday.

In Brazil, Ind., a mass meeting of miners was held to take action on the Columbus scale, and after much wrangling agreed to accept the scale and endorse the action of the present officers.

In New Philadelphia, Ohio, the miners of Barn Hill, Goshen and Stone Creek, at a meeting, decided to a man, to remain out and continue the strike. About 600 miners are involved.
Thirty families were evicted at the Trotter Coke works in Uniontown, Pa., and 100 negroes put into the houses. The operators are issuing eviction papers by the wholesale. So far the deputies have had no trouble in making evictions.

At Salineville, Ohio, at a mass meeting of miners, the men decided to refuse to work on Monday at the 60-cent rate. Resolutions were adopted calling for the resignation of McBride, and a vote of thanks extended President Adams on refusing to sign the Columbus agreement.

Until June 28th the Missouri Pacific will sell tickets to Ottawa and return at rate of one fare for the round trip, account Kansas State Bible school, June 11th to 18th, and Chautauqua assembly June 18th to 29th. Tickets good to return until June 28th.

Found Dead in a Creek.
ATCHISON, Kan., June 16.—Joseph Jacobs, a jeweler of this place, left home Wednesday morning for the purpose of going hunting, and not returning, a search was instituted for him. His clothing was found on the bank of a creek about four miles south of Atchison late last evening, and the body of the dead man was taken out of the stream a short time afterward.

Quiet in the House.
WASHINGTON, June 16.—In the house the Indian appropriation bill was considered and a rule adopted to vote today. The section providing for the sale of certain state bonds credited to the Indian trust funds was struck out. Then the house took a recess until 8 o'clock, the evening session to be devoted to private pension bills.

Two Young Sisters Drowned.
WILMAR, Minn., June 16.—Three daughters of Emma Vovez went out on Twin lake late evening in a leaky boat without oars. One of the girls became frightened and jumped into the water. Her sister tried to save her and both were drowned. A third sister drifted ashore.

Coxey's Bill Introduced.
WASHINGTON, June 16.—The Coxey bill for good roads and non-interest-bearing bonds which Senator Peffer introduced in the senate, has been introduced in the house by Representative Geary of California.
