OF INTEREST TO LAWYERS

Next Week's Civil Docket—The Term Docket Will Be Called Tomorrow.

At 9 o'clock tomorrow morning Judge Hazen will call the entire civil docket of the present term for the purpose of ascertaining the condition of all cases triable at this term, and giving parties an opportunity to waive a jury. Every attorney is expected to be present and be able to give the court the desired information. This call of the docket is merely preliminary and not for the purpose of setting cases for any particular days.

Judge Hazen intends to begin with the civil docket next Wednesday. It is improbable that the criminal business will be completed by that time, so a subsequent week later in the term in November will be assigned to the trial of criminal cases.

THE NEW STORE.

The Topeka Cash Dry Goods Company on Sixth Street.

The half page announcement of the Topeka Cash Dry Goods company, 108 East Sixth street, speaks for itself in regard to the opening of a new mercantile house in Topeka. The president and manager of the company, Mr. O. F. Sawyer, is well known to the dry goods trade of Kansas, and has had twenty-eight years' experience in that line. He is one of the stockholders in the well known firm of Ely & Walker Dry Goods company of St. Louis. For some years he was a prominent merchant at Emporia. About thirteen years ago he sold out his interests there on account of his health, and since that time has been active in the outside business of the Ely & Walker company. He is a gentleman of high character and fine business ability. He has recovered his health and believes Topeka a good location for the business he intends to do in popular medium grade goods for the people. The company has ample capital to buy for cash and carry a heavy stock. Mr. Demuth, an efficient drygoods man, is actively associated with Mr. Sawyer and is vice-president of the corporation.

The people at Cedar Hill, Jackson county, are trying to lure winter on with an oyster supper.

"OUR DOROTHY" NEXT.

After Lady Windermere's Fan at the Grand—Devil's Auction Oct. 10.

Tomorrow will be the opening night of "Lady Windermere's Fan" at the Grand. The company will be in from the west tomorrow at 2 o'clock from Wichita, where it plays tonight. It played in Denver last week, and the press of that city devoted a good deal of space to the praise of the piece and the company. Oscar Wilde has put many bright things into the mouths of his characters. The piece will be repeated Monday night.

The next play will be "Our Dorothy," a comedy, which will hold the boards on Friday and Saturday nights, the 5th and 6th.

On Wednesday night, the 10th, we will have Charles H. Yale's "Devil's Auction" with new people and new scenery. This was on Omaha last week and the papers said it was much better than last season. It will be here only the one night.

At the Museum.

There will be a new attraction at the Museum next week. Miss Edna Clayton, supported by James H. Browne's dramatic company of fourteen people will open Monday in "The Black Flag" and finish the week there. This company played at Atchison last week and the papers were full of praise of it. Miss Clayton is said to be handsome and have a charming stage presence. Her company is fully up to her standard. It will be the best repertoire company Topeka has seen this winter.

Sunday night Dr. Alexander Hume and Kate Fox will be at the museum and give a spiritualistic entertainment "in full gas light." They promise many wonderful sights to their audience.

The Vaudeville company is still at this house and giving good entertainments of its class. The specialties are very good. Tonight there will be a change of bill and new specialties, and a new play will be put on.

A little nine-year-old Nickerson girl has started out to collect 300,000 stamps of different kinds before she is sixteen years old.

Mr. Wanders, of Nickerson, has moved right up next to the church. This gives the church a better show with one of such a migratory name.

One of the country schools in Jackson county closed yesterday and today so that the pupils could attend the fair and ride on the merry-go-round.

Holton has an Avon circle which is a part of the general movement to read meanings into Shakespeare that the "myriad minded" man never thought of.

The people of Whiting are enjoying the fair at Holton a little bit more than anybody else. The Whiting cornet band has been away all week playing for the fair.

AFTER COLORED VOTERS.

An Address Which is Intended to Secure the Votes of the Colored People.

The Populists are not meeting with success in securing crowds at their meetings held for the colored people. To reach them in another way they have issued an address to the colored voters, signed by J. K. Donnell, W. H. Smith and B. F. Foster, well known colored Populists. It has been scattered broadcast among the colored people in the city.

"As colored men, interested in the race, we appeal to your manhood and independence and ask for support of the Populist ticket next November, for your own and your children's good. Our candidate for governor has shown his interest in, and friendliness for us in endeavoring to bring to justice those who have lynched, or attempted to lynch, our brethren in this state. He and all the other state officials are partial to the common people, and are their true representatives, three of whom are 'old soldiers.'"

"With nothing to lose and everything to hope for by strengthening the bands of the party of the people, we remain, very respectfully, yours for the race."

TORN HIS THUMB OFF.

The Distressing Accident Which Happened to an Ottawa Boy.

OTTAWA, Sept. 28.—A remarkable and distressing accident has occurred to Sammy Hubbard, son of E. P. Hubbard of Hickory street. He and a companion, Camillus Kessler, were putting up a trapline in the yard, and Sammy had climbed into a tree to fasten the ropes. In trimming away some branches the Hubbard boy let fall the ax he was using, striking the Kessler boy on the forehead. He was stunned by the blow.

Sammy saw the accident and excitedly dropped from his position to the aid of his companion. In some manner the rope had coiled around a thumb and the weight of his body was sufficient to produce a strain that took the member from the hand at the second joint, taking also quite six inches of the tendon.

ANOTHER OIL FIND.

A Rich Well Has Been Shot Just North of Noddesha.

NEODESHA, Sept. 28.—A rich find of oil has been made on the Shutt land, adjoining Noddesha on the north. The well was shot with fifty-two quarts of nitro-glycerine, at 2 p. m. Between that time and 6 p. m. it had gushed seven times, each time throwing an eight-inch column of pure, green petroleum 100 feet into the air.

This well is in charge of Guffy & Galey, and several other eastern operators, who have been awaiting further developments in this section of the Kansas fields.

EMPORIA, Sept. 28.—Wm. Matti and Annie Mitchell, who were sought anxiously yesterday by Miss Mitchell's parents, were married by the probate judge in Lawrence.

The girl's mother says she is only fifteen years old, and therefore the license must have been obtained by some false swearing.

Matti is a Frenchman and lived in Lyon county. The Mitchells live in Chase just across the line. The parents have been notified today, and it is not known whether they will go after their "abducted" girl or not.

FOOTBALL AT THE STATE NORMAL.

The Board Will Allow Students to Play With Emporia Teams.

EMPORIA, Sept. 28.—The board of regents of the normal has been in session for two days. Aside from routine business the only important matter considered was the football rule. Last spring the board prohibited the students from playing the great college game.

The students obeyed but protested and the result was that yesterday the regents decided to allow a football club to be formed to play with other Emporia clubs, but not to meet eleven from colleges outside of Emporia.

RECEIVER WILSON HOME.

He Has Had a Long Conference With Aldace F. Walker.

Receiver J. C. Wilson, of the Santa Fe, returned yesterday from a month's business trip in the east. He said to a STATE JOURNAL reporter that he spent most of his time in New York going over the financial interests of the company with the new receiver, Mr. Aldace F. Walker. The receivers have made no changes,

and Mr. Wilson said he brought no news home with him, except that there will be a meeting of the three receivers about the 6th or 7th of October in Chicago.

No changes will be made before that time, and Mr. Wilson said he would not say that any would be made at that time.

He says Governor Lewelling spoke to about 200 people there last night and undertook to prove his innocence of the charges of lottery hoodling by quoting from the Kansas City Times, which he said was not, however, a very reliable paper.

AN ASYLUM EPISODE.

Dr. McCassey Stirs the Doctors Up With His Foolishness.

There was one more outbreak at the state insane asylum this week. For about three weeks Messrs. Householder and Hinshaw of the board of charities have been there, they said for the purpose of making a report, but it is generally supposed they were there for the purpose of "preserving the peace." There were no quarrels among the asylum people while the members of the board were there, but Wednesday Hinshaw and Householder went to Olathe on some hard business.

Down in the asylum pharmacist's office a day or two after they were gone Dr. McCassey found a young man waiting there for Mr. Kniberg, the head of that department. Dr. McCassey immediately told the young man to go off the premises notwithstanding he was there on business. While this argument was going on Mr. Kniberg entered and when he got the drift of the controversy took up his visitor's fight. Dr. McCassey was able to engage in his favorite pastime, that of quarreling, for some time. The young man finally went away. Dr. McCassey said afterwards that the young man, who was well dressed and looked smart, looked like a JOURNAL reporter. If it had been a JOURNAL reporter he would not have gone.
